

IT SOLUTION DESIGN

DESCRIBE. DESIGN. DOCUMENT

Create To-Be

Design is the bedrock on which the functional and technical team will build and deliver the product or solution to the customer. It is therefore important that as a Business Analyst, you have the necessary tools and methods to succeed in this role for small to Global projects. This program provides you with technology and management consulting tools to succeed as a global business analyst. The program will provide a “LEARN TO” and “HOW TO” body of knowledge and experience.
