

## **ONSHORE-OFFSHORE DELIVERY WORK PACKAGE STRATEGY. METRIC-DRIVEN APPROACH.**

### **Global IT Project Delivery**

Global IT Project Delivery requires skills in addition to traditional Project Management. It requires skills in how you will structure your global delivery processes and team. How will you monitor and report progress? How will you manage stakeholders across the globe? This program provides you with technology and management consulting tools to succeed as a global delivery professional. The program will provide a “LEARN TO” and “HOW TO” body of knowledge and experience.
