

Cudos and Kind Words

Here's what they've kindly said:

"We were so looking forward to coming to Mimi's Cabin as part of our vacation to BC, and it exceeded our expectations. We hardly left the Cabin. There was no need. Our two teens spent their time swimming, jumping off the dock, fishing, paddle boarding, lounging on the floaties and taking spins on the canoe and we did too! I took a paddle board out on to the lake early on the first morning, not a puff of wind and a Bald Eagle glided past me only a few feet over the water. It was like being on National Geographical!"

The cabin itself with its stunning views, beautiful sunsets, was spotlessly clean and had everything you could possibly need and more. It has an old school charm about it, everything has a story. It was a home away from home and Mimi made us feel so welcome. She went above and beyond to help us. You couldn't ask for a better host! If you are looking at staying here then our advice is do. You won't get an experience like this anywhere else. It was the highlight of our trip to Canada!"

Eoin O Beara and Family, Cork, Ireland July 2025

"All you need to do is bring yourself to this cabin. A mix of an upgraded modern and historical cabin, this place is situated on a lovely private beach and generous parking spaces on site. There is plenty of sun but not too much to overheat the cabin. The kitchen is stocked with everything you need for food prep, and outside is your beverage fridge. The 3 bedrooms contain comfortable beds. A lovely sitting area outside the kitchen overlooks the beach and is the perfect place to spend your morning. Lots of places to walk, and close to the tennis and pickle ball courts. Great location and warm water!"

Maria & Family 2024 and 2025

"My family and I recently had the pleasure of staying at this stunning cabin on Christina Lake, and it was nothing short of magical! The upgraded 1950s cabin offers the perfect blend of rustic charm and modern amenities. From the moment we arrived, we were greeted by a serene atmosphere that instantly put us at ease. The cabin is impeccably clean and tastefully decorated, with a cozy yet stylistic vibe that made it feel like a true home away from home. One of the highlights was the huge private dock and sandy beach. We spent our days swimming and lounging by the water, and the provided canoe was a fantastic addition for exploring the lake. The location couldn't be better and Mimi was so responsive and friendly. We can't wait to return! Thanks Mimi!!"

Carrie and Family, Kelowna August 2024

"We found Mimi's Cabin to be one of the best rental properties on Christina Lake of the many cabins we have stayed at. The house is perfectly located on the property for sun, shade and breezes. It is private with a great view and swimming area and Mimi is a great host."

Stewart & Shelley, Vancouver 2023, 2024, 2025

*"When you get to Mimi's cabin it's like another world; slow, easy, and peaceful.
Love this place!"*

Kerri Medley and Chris Campana, Comox, B.C. Canada

"My favourite cabin on the lake" Jayda – A local

"Mimi's cabin is a private slice of heaven. The secluded beach is perfect for watching the gorgeous sunrises and sunsets and can also be viewed from the comfort of the living room. Even in the summer rain, we enjoyed swimming in the lake and jumping off the dock. Tucked away on the peaceful side of the lake, it's where we love to go to unplug, connect, and make memories."
Sarah, Jesse & Maci, Penticton, B.C. Canada

"Mimi's cabin at Christina Lake is the perfect escape. The cabin itself is rustic enough to feel so very charming, but updated with everything you may need. It's a cabin filled with memories and soul. The property is a dream come true. The gorgeous lake views, a great beach with a large fire pit, a perfect lawn for playing yard games (bocce, cornhole etc) and a private deck to enjoy meals, el fresco. If you're looking for a lakefront escape - this cabin will not disappoint. We have made so many wonderful family memories here and plan to continue as long as Mimi will share her special place with us."
Larissa Goldhart, Calgary, AB, Canada

"Our stay at Mimi's Cabin was nothing less than fabulous. The cabin was clean and well-appointed and there was everything we needed to fill our days with fun on the lake or on the trails. Having the private beach and dock was ideal and the evening fires were a highlight. Our host living a short drive away was a plus for the couple of questions we had during our stay. For our outdoor activities or simply chilling on the deck, we're glad we found this little piece of heaven and look forward to booking again. Great accommodation, awesome location, and wonderful host. Thanks Mimi!"
Barb Wong, North Vancouver, B.C. Canada

"What can I say about this little gem of a place in Christina Lake B.C. We had our staycation in Sept of 2022. I needed a quiet relaxing place to refresh my mind and body. My partner booked knowing I just needed a mental break from the white noise and fast-paced life we live, and at first, I was a bit hesitant but did that change quickly upon arriving at Mimi's Retreat. We sat on the dock for hours, just looking out over the water, watching the fish jump, looking at the mountains, taking in all the scenery. It was early fall, the perfect time to just sit in the morning with my cup of tea on the dock and listen the peace and quiet of the lake. We bbq'd amazing dinners on the bbq sitting just outside the door of the cottage and when it got a bit too cool just sat on the couch and stared out the window at the beautiful surroundings. The home is retro vintage with a twist of modern. Perfect for anyone who appreciates the old with the new. Would I go again, hell ya! We can honestly say it was more than perfect in every way possible. There is a grocery store less than 5 mins away, golf course is 5 km away and Grand Forks is a 20-minute drive down the road or you can take a drive down to Colville, Washington for a day of shopping. There are boat and ski doo rentals (Devil Drag Motor Sports, Darryl is more than accommodating) in the area also, we rented a sea doo for the day and spun up and down the lake like kids looking at all the sites along the way. Mimi checked in with us and made sure everything was good, when we got there and upon leaving left her a note to say how much we appreciated her little bit of heaven. I wait patiently for our next staycation. Won't come soon enough."
Valery Rogers and Bob Smith, Christina Lake, B.C Canada 2023, 2025
