Road Tow

Enhanced Design Features

Unique Design Standard

The AceCube Road tow tank comes with stacking corners which double up as lifting lugs allowing lifting when full. The innovative design allows the primary hatch lid to open up to a conveniently positioned component ports & fittings plate which also provides access to an extra large equipment compartment area where various hose reels and electric pump kits can be fitted.

Maintenance & Environment

To ensure the efficient and unencumbered maintenance and inspections the class leading design allows the tank to be removed from the trailer easily and the inner tank can also be removed and disconnected from the outer tank. This flexible design ensures a minimal amount of downtime and thus increases long term ROI.

Dispensing & Accessibility

The AceCube Road tow tank range comes equipped with a spacious equipment chamber which engages a bespoke universal bracket system that can support retractable hose reels, along with a variety of electric pump dispensing kits and rotary hand pumps devices.

Transportable & Portable

The AceCube Road tow IBC Bunded Fuel Storage tanks range from 450L/118G to 3000L/792G. They are UN31A/Y certified guaranteeing them for safe and secure transportation under ADR regulations. The AC-RT-450L/118G to AC-RT-3000L/792G can be transported on all major road ways in Europe, USA and Canada only.

Truly Versatile

Take a look inside

Multiple Down Pipes for Multiple Generator Connections, Internal Baffle Plates for sloshing protection whilst towing when full, Extra Large Bunded equipment compartment for housing Engine Driven or Electric Pumps and Dispensing Equipment, completely Removable Inner Tank for maintenance.

By direction Forklift Pockets. Stacking Brackets double up as lifting lugs providing ease of manoeuvrability.

Superior Features

Can accommodate up to 10M or 40ft retractable hose reel mounted in the bunded equipment compartment.

Multiple ports that can connect up to three pieces of machinery at one time and allow dispensing simultaneously.

Three tier component design, outer top cover lid, Complete inner primary tank and outer tank.

Optional Accessories

Nato Hitch Option

Mud Guard

Spare Wheel
