

The TransFueler Highway range has been designed to enable safe storage and transportation of diesel fuel.

Available Sizes

- ✓ TF-HW 8500L/2245G
- ✓ TF-HW 19500L/5151G

TransFueler
Highway

Enhanced Design Features

Transportable Design

The TransFueler Highway tank is a fully transportable, 110% self bunded fuel storage container that was designed for bulk fuel transfer and emergency fuel supply.

Inner Tank Design

Designed with a cylindrical inner tank in accordance with transport regulations. Built to ISO container dimensions, the TransFueler Highway allows for simplified shipping by road, rail or sea.

Stacking & Racking

ISO container design allows stacking up to 6 high when full reducing your storage space required.

Dispensing & Accessibility

The TransFueler Highway tank range comes equipped with a spacious equipment chamber which engages a bespoke universal bracket system

Equipment Cabinet

Lockable equipment cabinet that secures all ports and fittings, as well as captures all spills and drips. Secure hose access enables fuelling while cabinet is locked.

Design Innovation

Take a look inside

The TransFueller Highway tank is a fully transportable, 110% self-bunded fuel storage container that was designed for bulk fuel transfer and emergency fuel supply.

Designed with a cylindrical inner tank in accordance with transport regulations. Lockable equipment cabinet that secures all ports and fittings, as well as captures all spills and drips. Secure hose access enables fuelling while cabinet is locked.

Standard Features

The tank has been designed with multiple feed and return pipes which are centrally positioned.

The bundled, two-tier system protects against spillage if a breach of the Inner tank occurs.

Designed with ISO corners for ease of lifting and maneuverability.

TransFueler

Highway

Model (TF-HW-8500L/2245G)

The TransFueler Highway tank range has been designed for transporting fuel on all major freeways when full. It is ideal for quick response refuelling projects.

Specifications

	Metric	US	Imperial
Capacity	8200 Litres	2166 Gallons	1804 Gallons
Length	2991 mm	117 12/16"	117 12/16"
Width	2438 mm	95 15/16"	95 15/16"
Height	2438 mm	95 15/16"	95 15/16"
Outer Tank Thickness	3 mm	1/8"	1/8"
Inner Tank Thickness	6 mm	1/4"	1/4"
Weight, Tare	4400 kg	9700 lbs, 5oz	9700 lbs, 5oz
Weight, Laden	11021 kg	24297 lbs, 2oz	24297 lbs, 2oz
Safe Fuel Fill Level	7790 Litres	2058 Gallons	1714 Gallons
