

Mount Laurel Brass

est 1976

The Mount Laurel Brass is a seven-piece brass ensemble based in Berks and Chester Counties. Founded in 1976, this well-seasoned group brings decades of musical experience and looks forward to providing lively, engaging entertainment for your event.

Our instrumentation begins with the traditional brass quintet—two trumpets, French horn, trombone, and tuba—and expands with an additional trombone and euphonium to create a larger, fuller, and more resonant sound.

We are available for private parties, concerts, church services, corporate functions, retirement communities, and a wide variety of holiday festivities—including Christmas in July—as well as Patriotic events and other special occasions where high-quality brass music enhances the celebration.
