TREES

Bright Stars Curriculum

Week 1: **Trees**

Letter: O

Number: 12

Color: Red

Shape: Oval

There are several importance of trees for young children. When they experience nature directly through nature walks, trees stimulate their imagination, creativity, and self-discipline. Older children can use trees to learn about landscape management and climate change mitigation. Planting and nurturing trees teaches patience and responsibility, as kids learn that living things require consistent care to thrive.

Lesson for the Week

This week's lesson is interesting and highly admirable. We will be learning about patterns, sounds of words, repetition and rhymes! We will have less of writing but more of exercising our tongue and counting how many words are in a line. This will help you develop strong letter recognition, sound them out and forming words.

Goals for this week:

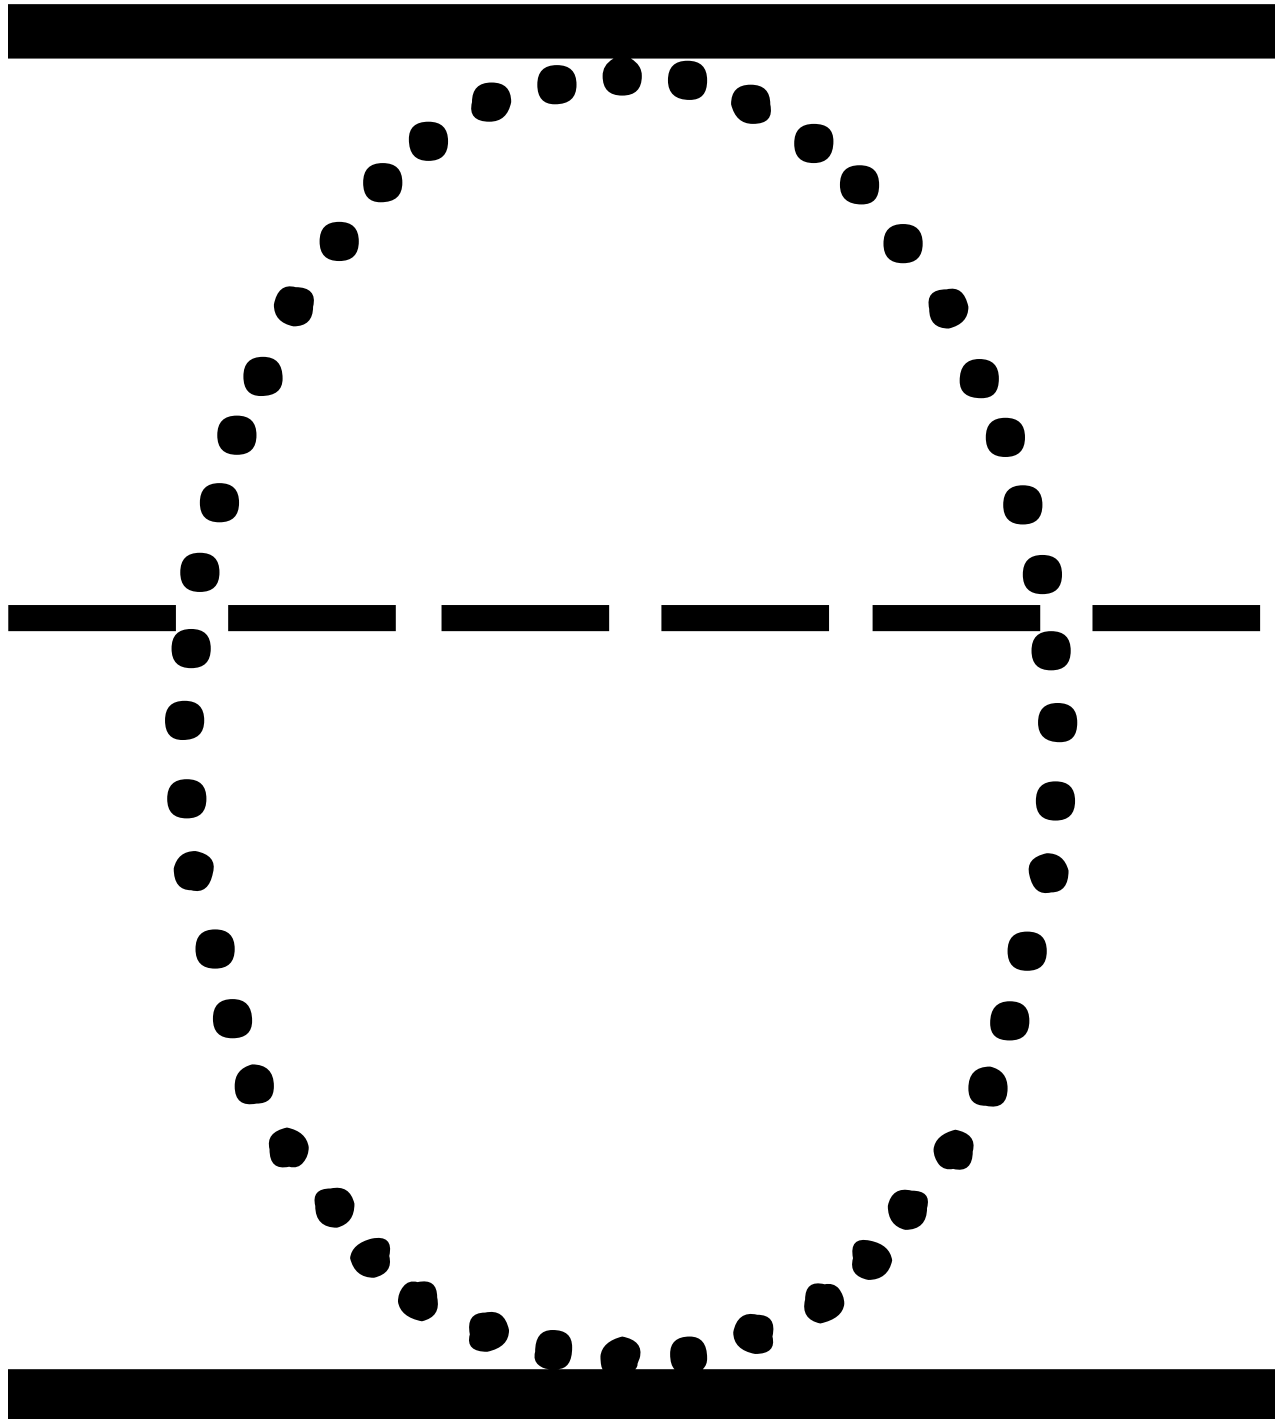

1. Trace the upper and lower case letter O,
2. Recognize object names that begin with the letter O,
3. Match pictures and name words with initial "O,
4. Make sets of objects that is equal to 12 using groups of 10,
5. Recognize red objects around them and start naming them,
6. Trace, cut and make their own ovals,
7. Make logical connections while working with patterns,
8. Recognize rhymes using pictures while reading after the teacher,
9. Develop phonemic awareness through pictures.

Domains and skills developed:

1. Fine motor skills: Tracing, writing, drawing, cutting, and coloring
2. Social & emotional: Identifying, observing, and naming things that they see around them
3. Cognitive: Recognize numbers, letters, colors, and shapes
4. Language & communication: Talk about their favorite color and shape, developing simple answers to simple questions, naming the four kinds of weather
5. Physical: Action songs and reciting nursery rhymes
