

OFFICIAL NOTICE

Attention:

Governor Andy Beshear, Lieutenant Governor Jacqueline Coleman, Attorney General Daniel Cameron, The Legislature of Kentucky, US Representatives and Senators, Mayors, City Councils, County Judges, County Commissioners, School Boards & Sheriffs:

We address you today regarding your failures of leadership and to protect the fundamental rights of Kentuckians in this great Commonwealth. We the people of Kentucky have called, emailed, protested, shown up to school board and council meetings and committee hearings. We have filed a writ of mandamus, with more than 50 affidavits attached in support, to compel you to honor your oath. With one voice, we demanded that you preserve and protect our freedoms by adhering to your oaths of office. You have been offered ample opportunities to address these issues, yet you stood by while Kentucky's tyrannical governor, a complicit Legislature, overreaching mayors, fascist city councils and county commissioners' courts have all destroyed our Commonwealth.

All power is inherent in the people and all free governments are founded on the peoples' authority and instituted for the peoples' peace, safety, and happiness. For the advancement of these ends, the people have the unalienable right to alter, reform, or abolish their government in such a manner they deem proper. The people have the right to assemble in a peaceable manner for the common good and apply those invested with the powers of government for redress of grievances. Please take notice that the only reason the people have the power to remonstrate is because the government is created to carry out that will. When the government is not functioning according to the will of the people, the people are to correct their behavior and remind them of the Constitution.

We demand that you answer for your inaction, or we will continue to utilize all forms of communication to call attention to your failures and promote your impending removals from office. We have determined that if you are not standing up for our freedoms, you are part of the problem. The governor, secretary of state, and Legislators will now stand by and watch as we peacefully remove them from their respective positions.

Attorney General Cameron, you have a choice to stand with us and fight to secure our Constitutional freedoms or you can stand by while we remove you as well. The Kentucky Supreme Court has defined your obligations to the citizens of Kentucky:

"The Kentucky Supreme Court has firmly established that the Attorney General's primary obligation is to the people and their Commonwealth – not any branch of government. In 2016, the Supreme Court recognized the Attorney General's common-law obligation to protect public rights and interests by ensuring that our government acts legally and constitutionally, in Beshear v. Bevin, 498 S.W.3d 355. The Court wrote that "It is certainly in 'the interest of all the people' that there be no unconstitutional or illegal governmental conduct." The Court analyzed the

supremacy of the Attorney General as the chief law officer of the Commonwealth and found that he has broad authority to sue for declaratory and injunctive relief against state actors, including the Governor, whose actions he believes are illegal or unconstitutional.”

We the people of the Commonwealth of Kentucky demand that you, Attorney General Cameron, agree to a meeting with us immediately.

How have you failed us?

- You stood by while tyrants attacked our most basic rights to live and work freely, using fear and tyranny to lock us in our homes and attack our rights to bodily autonomy.
- You stood by while jobs, schools, weddings, funerals, reunions, festivals, concerts and football games were shut down, yet thousands freely marched and rioted in our streets for months.
- You stood by while our kids were deprived of their education, were [muzzled and abused by political pseudo-science](#), and school board meetings were cut short because parents came in protest of mask mandates.
- You stood by while small businesses were shattered, [meanwhile Amazon made record profits](#).
- You stood by- by passing Legislation allowing hospitals to make end of life decisions for patients, thereby removing any authority of the patient or designated caregivers to make decisions for the patient’s well-being.
- You stood by while people were not allowed to visit their loved ones at long term care and nursing homes. Many were sick and died alone.
- You stood by while Kentuckians were not allowed to petition their government or redress their grievances in person due to requirements to test or wear a mask in order to enter places of local and state government and in some cases, you stood by as [Kentuckians were placed under house arrest for standing up for their rights](#).
- You stood by while Kentuckians were fired for not taking an experimental gene therapy or who have been coerced to take it and [suffered permanent, life-long injuries or even death](#).
- You stood by while the lockdowns [closed almost half of our small businesses for good](#) as the Governor arbitrarily deemed some businesses essential and others not.
- You stood by while the fear, risk of isolation, stigma and economic fallout led to the increased risk of psychiatric disorders, chronic trauma and stress, which ultimately led to increased suicides.
- You stood by while countless elected officials, who swore to uphold our constitutional freedoms, labeled freedom-minded Kentuckians as conspiracy theorists because they dared to question definitive and very serious, security issues in the November 3, 2020 election.

-
- You stood by while our governor [signed a bill](#) that illegally altered state election laws thus making our elections insecure and vulnerable to fraud.
 - You stood by while the [Arizona audit](#) and [sealed Georgia cybersecurity](#) reports [uncovered the vulnerability of our voting systems](#) and yet none have done anything to restore the peoples' faith in our elections. Your political ambitions have taken precedence over your oaths of office.
 - You stood by as Dr. Anthony Fauci and the NIH lied to the American people and committed perjury regarding the origins of the SARS-CoV2 (Covid-19) virus. Dr. Fauci has again, lied about gain of function research and done so under oath to Congress and not one of you has held him to account. This led to precious lost response time that cost Kentuckians their lives and many more their livelihoods.
 - Perhaps most appallingly, you stood by and allowed the same corrupt FDA/CDC/NIH to [ban and limit availability of inexpensive and effective treatments for COVID](#) in favor of more expensive experimental treatments that are killing people. These vulgar actions continue to cost the lives of thousands of Americans, including hundreds of Kentuckians whose blood is on your hands.

It does not matter what other victories you have achieved when you have not even stepped up to the biggest and most important fight in our history. You have failed this state. You have failed this country. You have failed the people. We no longer consent to your failed governance. History will remember you all as self-serving politicians who lacked the fortitude to do the right thing for the people you serve.

In closing, you stood by while the citizens you swore to protect were deprived of their constitutional rights secured through the blood, sweat, and tears of our forefathers and foremothers. You can resign or stand by and watch while we remove every one of you from your positions and take back our beloved Commonwealth. Your time is up.

Regards,

We the People of the Commonwealth of Kentucky
