

**TO:** Attorney General Herbert Slatery, Secretary of State Tre Hargett, Governor Bill Lee, The Tennessee General Assembly, Mayors, City Councils, County and Municipal Governments, School boards and Sheriffs.

**FROM:** We the People of Tennessee

We address you today regarding your failures of leadership and failures to protect the fundamental rights of your constituents. We the people of this State have called, emailed, protested, testified at schoolboards, council meetings, and committee hearings. With one voice, we demanded you preserve and protect our freedoms. We offered you ample opportunities to address the issues, yet you stood by while a tyrannical governor, overreaching mayors, and the unaccountable federal leviathan destroyed our state.

We demand that you answer for your inaction, and we will continue to use all forms of communication to call attention to your failures and promote your deserved removal from office. We have determined that you are not standing up for our freedoms and therefore you are the problem. You, the Governor, the Secretary of State, and legislators will have to stand by and watch as we peacefully remove you from your respective positions.

Attorney General Slatery, you have a choice to stand with us and fight to secure our constitutional freedoms or you can stand by while we also remove you. We The People of the great state of Tennessee demand that you, Attorney General Slatery agree to a meeting with us immediately.

How have you failed us?

- You stood by while tyrants attacked our most basic rights to live and work freely, using fear and tyranny to lock us in our homes and attack our rights to bodily autonomy.
- You stood by while jobs, schools, weddings, funerals, reunions, festivals, concerts and sporting events were shut down, yet [thousands freely marched in our streets](#) for months.
- You stood by while our kids were deprived of their education, were [muzzled by political pseudo-science](#) and misguided school boards, and even [punished for asserting their rights](#).
- You stood by while small businesses were shuttered and bankrupted, [meanwhile Amazon made record profits](#) along with other corporate giants.
- You stood by while experimental drugs and the [most dangerous and deadly vaccines of \(at least\) the last 30 years](#) were forced upon us at the gun of economic ruin.
- You stood by as occupancy, mask, and vaccine mandates from incompetent mayors like Jim Cooper and Lee Harris [disproportionally crushed the African-American community](#), and continue to do so.
- You stood by while the lockdowns [closed almost half of our small businesses permanently](#). As with the vaccine mandates, [minority owned small businesses were especially hard-hit](#), a fact that seems to have gone unnoticed by Governor Lee, Mayor

Cooper, Mayor Strickland, and Mayor Kincannon, who continue to devastate minority communities.

- You stood by while countless elected officials, who swore to uphold our constitutional freedoms, labeled your constituents as conspiracy theorists because they dared to question massive, serious, clear-as-day security issues in the November 3, 2020 election.
- You stood by while our Secretary of State allowed us to vote on outdated election machines despite the fact that the EAC did not properly certify the election machines from 2017 through 2021.
- You stood by while the Arizona audit [uncovered the vulnerabilities of our election systems](#), yet the people have not seen you take ANY action to restore our faith in election integrity.
- You stood by as Dr. Anthony Fauci and the NIH lied about the origins of the virus. This wasted response time and removed the necessary political pressure on China that cost our fellow Tennesseans their lives.
- Perhaps most appalling, you stood by and allowed the same corrupt FDA/CDC/NIH to [ban effective treatments for COVID in favor of more expensive experimental treatments that are killing people](#). These actions cost the lives of thousands of Americans, including hundreds of Tennesseans whose blood is on your hands.
- You have stood by as the Biden Administration's policies have oppressed American Citizens with higher taxes and inflationary spending while abetting an invasion of illegal aliens and secretly transporting them to cities around the country
- You have stood by as flights of illegal aliens landed in our sovereign state to take our jobs, undercut our wages and abuse our generous welfare programs.
- You stood by and not only allowed the Wit and Wisdom curriculum into Tennessee schools, but improperly vetted Governor Lee's appointment of Penny Schwinn as Tennessee's Education Commissioner, a woman with minimal teaching experience, multiple obvious conflicts of interest, and who has been involved with questionable business practices in Texas. <https://www.texastribune.org/2017/12/20/texas-education-agency-faces-mounting-questions-over-cancelled-special/> and <https://www.texastribune.org/2017/12/15/texas-education-agency-no-bid-contract/>
- You stood by and, in a bow to your corporate interest overlords called a special session to discuss the Ford Motors plant coming to Tennessee rather than calling a special session to address the usurpation of the rights of the people in Tennessee.
- You stood by while pharmacies denied Tennesseans the right to determine their own health care and dictated what medications may or may not be prescribed, even if medications are prescribed by a physician.
- You stood by while people were not provided adequate care in hospitals, denied access to their loved ones, violated medical power of attorney rights and not allowed the right to try, thereby culminating in the death of patients.

- You stood by while hospital administrations threatened to revoke doctors' licenses because they dared suggest the use of medication that has been safely and effectively prescribed billions of times.

It does not matter what other victories you have achieved when you have not even stepped to the biggest and most important fights in our history. You have failed this state. You have failed this country. You have failed the people. We no longer consent to your failed governance.

In closing, you stood by while the citizens you swore to protect were deprived of the constitutional rights secured through the blood, sweat, and tears of our forefathers and foremothers. Now you can resign or stand by and watch while we remove every one of you from your position and take back our beloved state. Your time is up, we are out of patience.

Regards,

We the People of Tennessee
