Forge Buffet Stoneware & Cast Aluminium Cookware.

Practical & Functional

Forge buffet stoneware combines the aesthetics of cast iron, as well as boasting an overall strength of body and chip resistance like porcelain. These cook & serve items are perfect when serving hot style breakfast or lunch and dinner. The modular design makes them ideal for stacking and have great heat retention properties, making any hot counter service seamless.

The cast aluminium cookware range consists of casserole dishes & roasters with matching tempered glass lids. Lightweight yet strong and durable with excellent heat distribution properties, making them a great alternative to cast iron cookware. Both roasters and casserole dishes are suitable for oven and stove cooking, including induction.
