VINTAGE STEEL

The **Vintage Steel** collection creates an industrial look to food presentation, ideally suited to popular American BBQ dishes such as steaks and burgers. A variety of finishes are available such as **Black**, **Copper** and **Gold**; with many items also featuring an attractive brass handle, all perfect for upscale casual dining establishments.

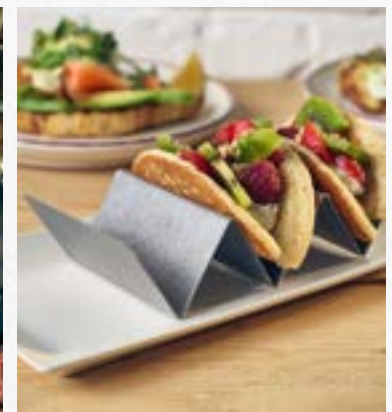

PAIRING SUGGESTIONS

Add a rustic vibe and additional space for side dishes by pairing **Vintage Steel** with **Acacia Wood** boards. Ensure easy handling of hot casseroles with **Terra Vitrified Porcelain** grey plates and **Forge Graphite** jugs. Create an elegant table presentation with **GenWare** square & rectangular **Porcelain** plates. Add colour and texture with **Greaseproof Paper**, **Copper** and **Gold Vintage Steel** serving cups, ramekins, and jugs.

CHARACTERISTICS

Stainless Steel material is rust-proof, environmentally friendly and recyclable. Favourite properties include high-strength and durability, high and low-temperature resistance, low maintenance, and long-lasting, making it perfect for casual and upscale dining dishes.

PREMIUM COPPERWARE

The **Copper Presentation Items** collection is expertly made of **Stainless Steel** material with **Copper** plating and attractive **Brass** handles, which is perfect for upscaling any food display. Great to present an exciting buffet or creative table display that will impress any guest.

PAIRING SUGGESTIONS

Create a romantic Mediterranean buffet concept by pairing **Copper** plated oval dishes with **Acacia** **Wood** risers and **Copper** round risers. Add industrial trend accents with **Stainless Steel** ramekins, a great way to brighten up any buffet or table display. Include colour at the table with the beautiful **Terra Vitrified Porcelain** Seafoam plates.

FORGE STONEWARE

The black **Forge Stoneware** range combines the aesthetics of cast iron with the practicality and functionality of stoneware, and the new **Forge Graphite Stoneware** range has an attractive blended grey colour. Both offer an elegant choice to serve tasty meals and are guaranteed to make a statement on any table setting!

PAIRING SUGGESTIONS

Ensure a modern and elegant table display pairing **Forge Stoneware** with **Copper** and **Stainless Steel** hammered Items. **GenWare** wooden boards easily complement the aesthetic of any table setting and become practical when serving numerous small stoneware aperitifs.

Create a dramatic table presentation with mini **Cast Iron** dishes and select wooden salt or pepper grinders for extra colour.

CHARACTERISTICS

Forge Stoneware expertly made from a particular clay fired at a higher temperature of 1,200°C results in items with an overall strength of body and chip resistance, similar to **Porcelain**. With multifunctional properties, they are oven, microwave, freezer, and dishwasher safe. It can efficiently distribute heat evenly in the oven, perfect for exciting baked meals.

ENAMELWARE

This incredibly hard-wearing, classic range is traditional yet has a retro English style. **Enamelware** options include **White** - with various coloured rims, **Black**, **Red** & **Grey** finishes. Perfect for outdoor summer table service, steak houses, Victorian-styled restaurants, classic pubs and much more.

PAIRING SUGGESTIONS

Ensure a bright, rustic display for your table service. Pair classic, **White Enamelware** with various rim colours with grinders or greaseproof paper. Use **Wooden** boards and trays to serve sharing dishes efficiently. Enhance your table presentation with milkshakes and **GenWare Glassware** and inspire your guests to return.

CHARACTERISTICS

Enamelware is an excellent multifunctional product - cook, store, reheat, and serve with the same product!

A smooth, rugged and durable enamel coating ensures safe contact with food. The vitreous, double-coated **Enamel** can resist stains and scratches, improving product durability. Easy to clean and dishwasher safe.

CAST IRON

The **Cast Iron** range is perfect for serving hot or cold starters and side dishes. Effortlessly adding a vintage look to any establishment.

PAIRING SUGGESTIONS

The new **Acacia Wood** trivets are not only practical by helping to protect the table the dishes are being served on, they also add a modern and rusting charm to the table setting.

The multitude of colours available in the **Terra Vitrified Porcelain** range beautifully complement **Cast Iron** dishes, as does the **GenWare** white **Porcelain**.

CHARACTERISTICS

Cast Iron is pre-seasoned, designed with a natural non-stick finish, and will last a lifetime! The main advantage is that **Cast Iron** dishes have high volumetric heat capacity, meaning once they are hot, they stay hot!

Easy-to-use and clean and can naturally release iron into your food. **Cast Iron** improves with age, and the cooking surface becomes smoother with each use. The oil passes slowly into the material, improving the seasoning.

WOOD SERVING ITEMS

Wood effortlessly adds a touch of elegance and rustic natural style to restaurant tables. A mix of colours from light amber to dark mahogany and earthy tones makes it the perfect choice for any establishment. Ideal for serving meat, cheese or small sides, starter selections, and even better, a mix of all!

PAIRING SUGGESTIONS

Pair **GenWare Wooden** boards with durable mini **Cast Iron** dishes, and **Stainless Steel** presentation items; ensuring protection when serving hot food. **GenWare Porcelain** brightens up the table display, while **Terra Vitrified Porcelain** adds a vibrant flair to the dining experience.

CHARACTERISTICS

Acacia, Olive and **Oak Wood** are stunningly natural and durable materials. The antibacterial properties are perfect for preparing or serving food and keeping away harmful germs. To help prolong the life of **Acacia** and **Olive Wood**, a light coat of food-grade mineral oil can be applied.

MINI PRESENTATION ITEMS

Discover new ways to present premium small dishes and sauces, well suited for various Indian dishes. Expertly made from high-quality **Stainless Steel** with several finishes such as **Copper** and **Hammered** with attractive **Brass** handles.

PAIRING SUGGESTIONS

The vibrant and contemporary design of mini presentation items can perfectly pair with Cinder Black **Terra Vitrified Porcelain** and Black **Enamelware**.

Upscale the table presentation with Slate platters as well as Rose and Seafoam **Terra Vitrified Porcelain** items.

CHARACTERISTICS

Stainless Steel is popular due to its remarkable properties of retaining heat well. It is long-lasting, durable and non-reactive, ensuring no metallic flavours are passed to the food contents.

MINI ALUMINIUM COOKWARE

These stylish and modern pieces provide an enhanced look to casual and upscale table settings. With attractive **Brass** handles, the **Mini Aluminium Cookware** range is perfect for displaying small dishes, sides and desserts.

PAIRING SUGGESTIONS

Small dishes presented in **Mini Aluminium Cookware** portrays the definition of what a stylish table display should be. Pairs perfectly with Seafoam **Terra Vitrified Porcelain** presentation plates, and you can add **Wooden** boards to create a warm aesthetic atmosphere. Pair with large copper dishes to obtain a luxurious table setting.

CHARACTERISTICS

Made from hard anodised **Aluminium**, with a striking brushed finish and **Brass** handles. It is non-toxic and resistant to high heat, abrasion and corrosion. The range has a naturally smooth surface, providing a sleek design.

SERVING CUPS, CONES & RAMEKINS

Must-have products at the table alongside the main dishes are the modern and stylish serving cups, cones, and ramekins. A comprehensive selection of shapes, finishes and colours, such as hammered, metallic, floral and patina, enable creative options for presenting sides, starters or beverages using a unique approach.

PAIRING SUGGESTIONS

Engage any dinner's sense by pairing metallic black, blue or green cups with **Vintage Steel** presentation plates to create the perfect mix of modernism and luminosity at the table. Pair **Gold** cups, ramekins, and patina blue and green serving cups with **Porcelain** plates to obtain that premium, elegant food display. Include practical **Melamine** ramekins for a monochrome touch, which is always welcomed at any table display.

CHARACTERISTICS

Stainless Steel is a robust and long-lasting material that makes the serving cups resistant to stains and scratches. 100% recyclable, perfect to reuse and reduce the environmental impact.

All the different coatings are applied to seal and protect stainless steel material from corrosion. Beautiful hammered, **Enamelled, Copper or Gold** coating add elegance to any table display. Durable black powder coating, antique **Silver, Copper** coating, metallic PTFE coating, and many more will elevate any table setting.

GenWare serving cups and cones are stackable and great for individual side dishes.
