

CLEENOL

For a cleaner,
safer world

2024

Certified

Corporation

Cleenol is recognised as one of the UK's leading innovators, manufacturers and suppliers of quality cleaning and hygiene products.

We have an extensive manufactured chemical product portfolio, making Cleenol a single source for even the most demanding of cleaning requirements.

Each product in Cleenol's general or bespoke range of cleaning solutions is formulated to provide the highest standards in domestic, commercial and industrial hygiene technology.

Cleenol employs its own technical team to give service support where needed.

In addition to chemical products under the Cleenol brand name, we offer a contract manufacturing service to qualifying customers that allow us to customise our extensive range of high-quality cleaning products with your company branding.

Our expert lab technicians are able to formulate bespoke products designed to suit specific requirements, providing you with a customised cleaning solution.

Certified

Corporation

We are proud to be a certified B Corporation, meeting the high standards of social and environmental performance, transparency and accountability, as part of our continuing goal of creating a cleaner, safer world.

Our roots go all the way back to the early 1700s, but Cleenol as we know it today was set up 76 years ago. Since then, we've maintained the same commitment to precision, quality and care, providing the best possible service to our customers.

Powerful products

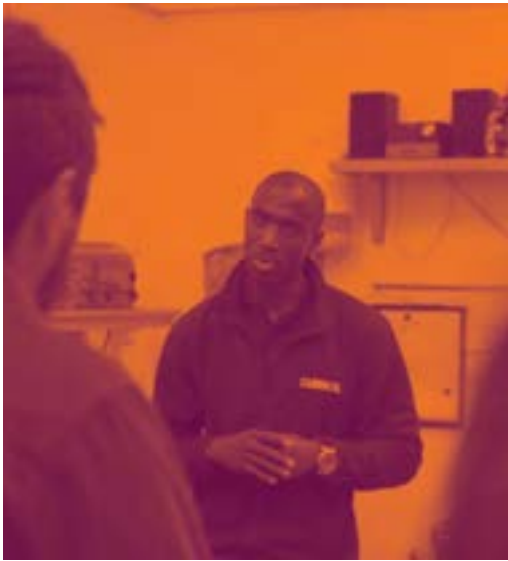

We are known by professionals all over the UK and overseas for developing and formulating our own high-quality cleaning and hygiene products. With a range for every purpose, we achieve powerful, effective results and great value for money.

Trusted quality

We are reliable and we're always there for our customers. Being fiercely independent makes us flexible and friendly, a family-run British business that cares about making the right long-term decisions for you and the world we all live in.

Support and care

Products are just the start of a journey built around committed service. We offer support, training, impartial technical advice and after-sales service, responding quickly to market needs. All from a helpful and responsive team with a personal touch and customer-first attitude.

“ Cleenol creates powerful cleaning and hygiene products that provide value for money, complete cleaning confidence and friendly ongoing care. ”

Elevating Hygiene Standards

In the world of professional cleaning, where precision, effectiveness, and uncompromising hygiene are non-negotiable, we proudly present Steritec, our groundbreaking clinical cleaning range. Specifically engineered for use in hospitals, veterinary practices, care homes, and any environment where strict standards of cleanliness is paramount, the Steritec range is the pinnacle of modern cleaning technology.

At the heart of Steritec lies a commitment to excellence. We understand the unique

challenges that clinical practitioners face when entrusted with maintaining the highest standards of hygiene. With this in mind, we have meticulously developed a

**“entrusted with
maintaining the
highest standards
of hygiene.”**

range of products that not only meet but exceed the stringent requirements of clinical environments.

We invite you to explore the Steritec range, discover the difference they can make in your cleaning routines, and join us in setting new standards for clinical hygiene. Elevate your cleaning game with the power of innovation, precision, and professionalism

– choose Steritec as your trusted partner in achieving clinical-level cleanliness.

Together, we can build a safer, healthier future.

What sets Steritec Apart?

As the demands for cleanliness and infection control continue to evolve, we remain steadfast in our commitment to provide the most advanced and reliable solutions for professional cleaners. With Steritec, you can take your cleaning practices to the next level, assuring clients and occupants alike that their health and safety are in the most capable hands.

Unparalleled Efficacy

Our products have been rigorously tested and formulated to ensure exceptional cleaning power. From eliminating stubborn pathogens to eradicating surface contaminants, you can trust Steritec to deliver consistent, top-tier results.

Safety First

We prioritise the health and well-being of both cleaning professionals and the occupants of the spaces we serve. All our products adhere to the highest safety standards, minimising harmful chemical exposure while maximising their effectiveness.

Versatility

Whether you're dealing with high-contact surfaces in a hospital ward, animal care facilities, or a care home environment, Steritec offers a versatile solution that adapts to various settings and surfaces. This versatility streamlines your cleaning process, saving you time and resources.

Trusted Expertise

Backed by years of research, development, and collaboration with industry professionals, the Steritec range reflects the best practices and latest innovations in the field.

Steritec Concentrated Virucidal Cleaner

A specially formulated concentrated disinfectant for most non-porous hard surfaces. What sets this product apart is its fragrance-free formula, making it perfect for use in food preparation areas where maintaining a neutral scent is essential.

Designed to efficiently eliminate 99.99% bacteria, viruses and yeasts on various hard surfaces in 60 seconds at 4% dilution.

Conforms to EN1276, EN13727, EN13624, EN1650 (yeast), EN16615, EN14476 (full virucidal) and EN16777 (limited virucidal).

2x5L	STE-VC-CON-2X5
6x750ml HDR	STE-VC-RF-6X750

Steritec Ready-To-Use Virucidal Cleaner

A ready-to-use disinfectant, suitable for use on most non-porous hard surfaces. Its fragrance-free formula makes it perfect for use in food preparation areas where maintaining a neutral scent is essential.

Designed to efficiently eliminate 99.99% bacteria, viruses and yeasts on various hard surfaces in 60 seconds.

Conforms to EN1276, EN13727, EN1650 (yeast), EN16615, EN14476 (limited virucidal) and EN16777 (enveloped viruses).

The Evolution Product Family

EVOLUTION
SUPER CONCENTRATES

We first launched the original Evolution Super Concentrate system in the early 2000's. Today, over two decades later, it's still the original and best super concentrate system. We've continued to improve the range by adding new products and researching new formulations to deliver even better cleaning performance to meet the ever-changing needs of the cleaning and janitorial market.

Evolution Super Concentrates are a complete range of products to cover nearly every aspect of cleaning from catering to housekeeping. Equipment, work surfaces, floors, walls, furniture and more, you name it, there's an Evolution Super Concentrate that cleans it.

Our specialist dispensers allow Evolution Super Concentrates to be dosed without the need for water connections, plumbing, or electrical supply. The compact design allows each dispenser to be fitted in even the tightest of spaces.

EASIDOSE
EVOLUTION SUPER CONCENTRATES

For customers that love the effectiveness of the Evolution Super Concentrates range, but don't have space for wall mounted hardware, the solution is here.

The new Easidose range consists of portable bottles of concentrated formulas with an integrated dispensing system, allowing you to measure out an accurate dose for dilution into the perfect product, every time.

Uncap the bottle, then simply squeeze the bottle until the dose measure in the bottle neck is at the required level, then pour the dose out into a bucket or flask. Finally, add water until the required dilution is reached.

EVOLUTION X2
SUPER CONCENTRATES

The Evolution X2 system is an easy to use, lightweight system which instantly mixes our Evolution Super Concentrates on the go without the need to measure and dilute through traditional systems.

The Evolution X2 offers patented dilution technology so each pull of the trigger will deliver the correct ratio of concentrate to water every time. No dials to turn, no button presses and no measuring jugs to operate, just load the cartridge, lock it in and you're ready to go.

Specially designed seals on the concentrate cartridge prevent human contact and accidental spillages.

Designed to provide comfort and reduce the risk of repetitive strain when in use.

The trigger is made from a high quality, durable plastic and has been extensively tested to ensure the spray head lasts significantly longer than a standard spray trigger.

Super Concentrates

EVOLUTION
SUPER CONCENTRATES

Washing Up Liquid EV1

A highly concentrated 65% active detergent liquid for use in manual hand washing of crockery, utensils, cutlery, and in pot wash sink applications.

Up to 300 applications per pack (dosing 5ml per 5 litres of water).

2x1.5L **EV1**

Ecolabel Multi-Surface Cleaner & Degreaser

A highly effective cleaner and degreaser, removes dirt and grease easily from a wide range of non-porous hard surfaces, including worktops, tables, tiles, floors and walls.

Made from sustainable ingredients and certified under the EU Ecolabel.

Suitable for use in food preparation areas.

2x1.5L **ECO-EV2-2X1.5**

3x1L **ECO-ED2-3X1**

4x325ml **ECO-EV2-X2**

6x750ml **ECO-EVED2-RF-6X750**

Multi-Surface Cleaner & Degreaser EV2

A highly effective surface cleaner degreaser for use where heavy-duty soiling and caramelised grease are evident.

Use through our Flask for Life on exterior areas of equipment, including canopy hoods and filters, fat fryers, cookers, stainless steel wall cladding, and glazed tiles.

The product can be diluted into a bucket for cleaning floors, walls and general cleaning of hard washable surfaces.

2x1.5L **EV2**

3x1L **ED2/1L**

4x325ml **EV2/X2**

6x750ml **EVOESD-2-RF-6X750**

Antibacterial Multi-Surface Cleaner EV3

A highly effective cleaning and sanitising product for all hard surfaces including work surfaces, microwaves, fridges, freezers, chopping boards and tiles.

It has been tested to BS EN 1276 and found to kill 99.9% of germs within 30 seconds when diluted 2.7% (20ml in 750ml water).

Non-tainting to foodstuffs and safe for use where food is processed.

2x1.5L **EV3**

3x1L **ED3/1L**

4x325ml **EV3/X2**

6x750ml **EVOESD-3-RF-6X750**

Antibacterial Washing Up Liquid EV4

A super concentrated antibacterial washing up liquid for additional peace of mind, designed for manual washing of kitchen utensils and equipment where improved hygiene is required.

Conforms to BS EN 1276 when diluted to 0.1% under dirty conditions.

2x1.5L **EV4**

Perfumed Floor Cleaner EV5

A highly effective hard floor cleaner containing a floral perfume to neutralise odours.

Leaves areas clean and fresh. Ideal for use on marble and stone floors with polished or natural finishes.

For use in reception areas, corridors, bathrooms, etc.

Heavy duty refill flask available for spray application.

2x1.5L **EV5**

3x1L **ED5/1L**

6x750ml **EVOESD-5-RF-6X750**

Ecolabel Bath & Washroom Cleaner

An effective cleaner and descaler that easily cuts through scale, soap deposits and other soiling in washroom areas.

Suitable for use on baths, sinks, showers, WCs, tiles, glass screens and more.

Certified under the EU Ecolabel and made from sustainable ingredients.

Not suitable for use on acid sensitive surfaces such as marble.

2x1.5L **ECO-EV6-2X1.5**

3x1L **ECO-ED6-3X1**

4x325ml **ECO-EV6-X2**

6x750ml **ECO-EVED6-RF-6X750**

Perfumed Antibacterial Bath & Washroom Cleaner EV6

An antibacterial and descaling product that effectively removes natural oils, soap deposits and general soil from baths, sinks, showers, WCs, tiles, glass screens and hard floor coverings.

Helps to prevent hard water deposits from forming on surface and leaves a refreshing citrus fragrance to deodorise the room.

Conforms to EN1276 when diluted to 2.7% with a contact time of 5 mins.

2x1.5L **EV6**

3x1L **ED6/1L**

6x750ml **EVOESD-6-RF-6X750**

4x325ml **EV6/X2**

Air Freshener EV7

Designed to deodorise a variety of smells, from body odours to stale tobacco.

Leaves rooms smelling clean and fresh - complements the scent of the Evolution Perfumed Floor Cleaner.

Always test on fabrics before use.

Do not use on hard floor surfaces.

Do not use in food areas.

2x1.5L **EV7**

3x1L **ED7/1L**

6x750ml **EVOESD-7-RF-6X750**

Use biocides safely.
Always read the label and product information before use.

Environmental gains with Ecolabel

As part of our ongoing commitment to excellence and sustainability, we are proud to introduce three new products in the Evolution Super Concentrate range, which have recently gained EU Ecolabel accreditation. These products not only enhance our comprehensive cleaning solutions but also underscore our dedication to environmental responsibility.

The EU Ecolabel is a world-renowned, voluntary scheme promoting goods and services that clearly demonstrate environmental excellence, based on standardised processes and scientific evidence.

The latest additions to the Evolution Super Concentrates lineup are formulated to meet the highest standards of performance and sustainability.

EU Ecolabel: MT/020/001

Our super concentrates are designed to minimise environmental impact by reducing packaging waste and transportation emissions. With the addition of Ecolabel accreditation, you can be confident that our new products

adhere to the highest environmental standards, from production to disposal.

By choosing Evolution Super Concentrates, you are investing in a system that delivers remarkable performance while also offering significant cost savings. The concentrated formulas mean you need less product to achieve excellent results, leading to lower overall expenditure on cleaning supplies. Additionally, because these products are highly concentrated, they require less frequent ordering, saving you both time and storage space.

The compact design of our specialist dispensers allows for easy installation even in the most space-restricted areas. These dispensers do not require water connections, plumbing, or electrical supply, making them versatile and convenient for any setting. This thoughtful design not only saves valuable space but also ensures that the dispensing process is efficient and user-friendly.

Super Concentrates

EVOLUTION
SUPER CONCENTRATES

Ecolabel Window & Stainless Steel Cleaner

An efficient solvent based cleaner, that easily cuts through dirt and grime on glass windows and surfaces for a sparkling finish.

Suitable for use on stainless steel surfaces to clean and polish, where a streak-free finish is required.

Made using a phosphate-free formulation, that has been certified under the EU Ecolabel.

2x1.5L ECO-EV8-2X1.5

3x1L ECO-ED8-3X1

4x325ml ECO-EV8-X2

6x750ml ECO-EVED8-RF-6X750

Window & Stainless Steel Cleaner EV8

A surfactant-based cleaner that effectively cuts through atmospheric grime and nicotine soil, to leave glass surfaces shining.

This product is also ideal for cleaning and polishing stainless steel where a streak-free finish is required.

2x1.5L EV8

3x1L ED8/1L

4x325ml EV8/X2

6x750ml EVOESD-8-RF-6X750

Toilet Cleaner EV9

For the daily maintenance of urinals and toilets.

A fragrant thixotropic toilet cleaner and descaler.

Pleasantly perfumed. Removes soil and scale deposits at the same time.

A complete cleaner that leaves toilets clean and fresh.

2x1.5L EV9

3x1L EV9/1L

12x500ml EVOESD-9-RF-12X500

Perfumed Multi-Surface Cleaner EV10

Developed for use with a trigger bottle or mop bucket application. This highly concentrated formulation has been designed as a versatile washroom and general-purpose cleaner that has a fresh citrus fragrance.

Ideal for the cleaning of all hard washable surfaces and floors. Recommended dilutions are dependent on the condition and soiling level of the floor and surfaces to be cleaned.

2x1.5L EV10

3x1L ED10/1L

4x325ml EV10/X2

6x750ml EVOESD-10-RF-6X750

Perfumed Antibacterial Multi-Surface Cleaner EV11

An effective 4-in-1 product that deodorises, descales, cleans and sanitises. Suitable for use on tables, walls and most other hard surfaces. Leaves a refreshing, mild fragrance. Removes limescale.

This product conforms to EN 1276 when diluted to 2.7% with a contact time of 5 minutes.

2x1.5L EV11

3x1L ED11/1L

4x325ml EV11/X2

6x750ml EVOESD-11-RF-6X750

Virucidal Cleaner EV12

A highly concentrated, disinfectant cleaner, for use on most non-porous hard surfaces. Suitable for use in food preparation areas and for one-stage cleaning and disinfection routines.

Conforms to EN1276, EN1650 (yeast), EN13727, EN13624, EN16615, EN14476 (enveloped viruses) and EN16777 (enveloped viruses) with a contact time of 5 minutes when diluted to 4%.

2x1.5L EV12

3x1L ED12/1L

4x325ml EV12/X2

6x750ml EVOESD-12-RF-6X750

Perfumed Virucidal Cleaner EV14

A highly concentrated, perfumed disinfectant cleaner. Suitable for use on most non-porous hard surfaces, for a one stage cleaning and disinfection routine that leaves a refreshing scent.

Conforms to EN1276, EN1650 (yeast), EN13727, EN13624, EN16615, EN14476 (enveloped viruses) and EN16777 (enveloped viruses) with a contact time of 5 minutes when diluted to 4%.

Flask EVOMXX-FLASK-DISP

Sink EVOMXX-SINK-DISP

Use biocides safely.
Always read the label and product information before use.

Machine Warewashing

The average commercial dishwasher rack takes 24 dinner plates, so the dishwasher is washing plates at a rate of one every 4 seconds.

The biggest cost in dishwashing is labour, followed by energy. Chemicals account for about 8% of the total cost.

Most common is the single tank machine – 80% of the market. Moving rack and flight machines can be found in larger operations, such as hospital main wash ups.

Front loaders are of two types, domestic types which start and finish empty of water, and commercial ones which have a wash tank remaining full of water. Glasswashers in bars are of this type.

There is no special mechanisms in dishwashing – the machines clean by recirculating the wash water over and over again.

A typical 60 second cycle;

The wash lasts for 45 seconds or so; the hot 55-65°C water containing detergent is circulated through the wash arms.

The arms spin due to offset jets, creating a changing vortex of water over the plates. The wash stops and there is a 5 second dwell to allow the dirty water to drain off.

The final rinse – fresh 80-90°C water – removes the dirty wash water and heats the plates so they will dry quickly. The heat also kills germs. Rinse aid is injected into this water to aid the drying process.

Machine Dishwash Detergents

Premium Dishwasher Detergent

A low-foaming liquid designed for use only through commercial and industrial machine dishwashers. Its powerful formulation removes the heaviest of soiling. Suitable for the washing of crockery and cutlery in medium/ hard water conditions.

Not suitable for hand washing of crockery and utensils or for use on aluminium.

The product is designed for use only with the Cleenol Automatic Dosing System (ADS).

2x5L **OSM-PDD-2X5**
10L **OSM-PDD-10**

Dishwasher Detergent

A caustic-based low-foaming dishwasher detergent designed for use in areas of soft to moderately hard water. Its powerful blend of ingredients is particularly effective at removing greasy stains from ceramics, porcelain, china and crockery.

Due to its low-foaming properties, Osmos Dishwasher Detergent is especially useful in automated cleaning processors, CIP systems, blanchers, tray, crate and rack washing machines and fryers.

Not for use on aluminium. Not suitable for hand dishwashing.

2x5L **OSM-DD-2X5**
10L **OSM-DD-10**

Soft Water Dishwasher Detergent

A caustic-based low-foaming dishwasher detergent designed to be used in soft water areas, or where a softener is fitted to the machine. Effectively cleans ceramics, porcelain, china and crockery.

Due to its low-foaming properties, Osmos Economy Dishwasher Detergent is particularly useful in automated cleaning processors, CIP systems, blanchers, tray, crate and rack washing machines and fryers.

Not for use on aluminium or silverware. Not suitable for hand dishwashing.

2x5L **OSM-SWDD-2X5**
10L **OSM-SWDD-10**

2-in-1 Dishwasher Detergent

A dishwasher detergent that combines a powerful wash action with a built in rinse-aid in a single liquid. The innovative rinse aid additive alters the normal behaviour of rinse water meaning there is no need for a separate rinse aid.

Provides the convenience of a single-use product for single tank and front load dishwashers only. Suitable for use in both soft and hard water areas. Can be used also for glasswash machines. Not suitable for conveyor or flight machines.

Not suitable for hand dishwashing.

2x5L **OSM-2in1-2X5**

Universal Glass & Dishwasher Detergent

A low-foaming detergent, suitable for use in both dishwasher and glasswasher machines. Suitable for use in soft to moderately hard water areas.

The product is designed for use only with the Cleenol Automatic Dosing System (ADS).

Not suitable for hand dishwashing.

2x5L **OSM-UGDD-2X5**
10L **OSM-UGDD-10**

Aluminium-Safe Dishwasher Detergent

A low-caustic, low-foaming liquid designed for use in automatic machine dishwashers. It contains a powerful blend of alkaline cleaning agents and scale-inhibitors. Suitable for washing crockery, cutlery including aluminium and silverware and glassware. Can be used with septic tanks. Can be used in all water conditions.

The product is designed for use only with the Cleenol Automatic Dosing System (ADS).

Not suitable for hand dishwashing.

2x5L **OSM-ASDD-2X5***

Tannin Remover Dishwasher Detergent

A heavy-duty low-foaming dishwasher detergent designed to remove tough tannin stains from crockery, left behind by tea, coffee and wine.

Performs best in soft to moderately hard water conditions. Special ingredients prevent scaling of the dish washing machine even in harder water areas.

Highly concentrated formulation gives greater economy in use. Not for use on silverware, aluminium and polycarbonate.

The product is designed for use only with the Cleenol Automatic Dosing System (ADS). Not suitable for hand dishwashing.

2x5L **OSM-TRDD-2X5***

Dishwasher Powder

Suitable for domestic and commercial dishwashing machines where a separate rinse additive is used.

Possesses excellent food soil removal properties and can be manually dosed for controlled economy. Suitable for crockery, utensils and glassware.

A high quality, low foaming, concentrated detergent formulated for all makes of dishwashing machines.

Protects china patterns and metal-ware.

12.5kg **OSM-DPOW-12.5**

Dishwasher Tablets

Individually wrapped dishwasher tablets, formulated for use in domestic dishwashers.

The tablets have 6 functions: wash, rinse, water softening, glass protection, stain removal and stainless steel protection.

x100 **OSM-DTAB-100**

Automatic Dosing

Taking the stress out of dosing.

Setting up your dishwasher with our automatic dosing unit is one of the most cost-effective measures you can undertake. The Automatic Dosing System (ADS) perfectly measures and doses the correct amount of product throughout each stage of the wash cycle, from detergent to rinse aid. The system works with a wide variety of commercial dishwashers and can be set up with custom dosage rates taking into consideration water hardness.

Expert Engineers

Our team of engineers offer a personalised service, analysing your needs and offering full guidance and support to help you make the most of a dosing unit.

Quantura 200

The Quantura 200 is a peristaltic pump dosing system for dosing dishwash detergent and rinse aid into a wide variety of commercial dishwashers including conveyor/flight, hood and door type dishwashing machines. This system also provides the option to incorporate an

additional peristaltic pump for dosing sanitiser.

- Easy installation and set-up
- One system for Probe Mode, Probeless Hood Mode, Probeless Tunnel Mode
- High-quality brushless DC motors
- Pump status lights and on/off indication light
- Super low flow rates
- Full text LCD in nine different languages
- Secure access code option

Machine Rinse Aids

Premium Dishwasher Rinse Aid

This high-strength premium rinse aid is dosed at a lower rate, and offers improved performance in hard water areas.

To be used in conjunction with all Osmos dishwasher detergents through built-in or external auto dosing equipment.

Ensures the rapid drying of crockery and glassware to a streak-free, sparkling finish and prevents spotting.

The product is added to the final stage of the cycle.

2x5L OSM-PDRA-2X5
10L OSM-PDRA-10

Dishwasher Rinse Aid

To be used in conjunction with all Osmos dishwasher detergents through built-in or external auto dosing equipment.

Added to the final stage of the cycle, it ensures the rapid drying of crockery and glassware to a streak-free, sparkling finish and prevents spotting.

2x5L OSM-DRA-2X5
10L OSM-DRA-10

Universal Glass & Dishwasher Rinse Aid

Specially formulated for use in both dishwashers and glasswashers for easier chemical management.

To be used in conjunction with all Osmos dish and glasswash detergents through built-in or external auto dosing equipment.

Added to the final stage of the cycle, it ensures the rapid drying of crockery and glassware to a streak-free, sparkling finish and prevents spotting.

2x5L OSM-UGDRA-2X5

Glasswashing

Cabinet Glasswash

For use in enclosed cabinet auto-glass washing machines. Suitable for medium to hard water areas.

Use in conjunction with Osmos Universal Glass & Dishwasher Rinse Aid to enhance the visual quality of the cleaned glasses.

Specially designed for use through automatic dosing systems.

Safe to use on all glasses. Contains no caustic, which is responsible for the etching of glassware.

Effectively removes soiling, including lipstick, without affecting beer head retention.

2x5L OSM-CG-2X5

Soft Water Cabinet Glasswash

For use in enclosed cabinet auto glass washing machines and designed for use in soft water areas.

Use in conjunction with Osmos Universal Glass & Dishwasher Rinse Aid to enhance the visual quality of the cleaned glasses.

Specially designed for use through automatic dosing systems.

Safe to use on all glasses. Contains no caustic, which is responsible for the etching of glassware.

Effectively removes soiling, including lipstick, without affecting beer head retention.

2x5L OSM-SWCG-2X5

Cabinet Glasswash Rinse Aid

For use in enclosed cabinet auto-glass washing machines.

Added to the final stage of the cycle, it ensures the rapid drying of glassware to a streak-free, sparkling finish and prevents spotting.

2x5L OSM-CGRA-2X5

Glass Renovator Liquid

A highly alkaline detergent specially formulated to renovate glassware, removing protein and fatty films which cause clouding.

Effective in both hard and soft water conditions, and at low temperatures.

Prevents the build-up of scale in dish-washing machines, even in hard water areas.

Highly concentrated formulation gives greater economy in use. This product is not suitable for use on Polycarbonate.

The product is designed for use only with the Cleanol Automatic Dosing System in glass washing machines. Not suitable for hand dishwashing.

2x5L OSM-GR-2X5

Glass Renovator Powder

A powdered detergent formulated for the refurbishment of glassware.

Can also be used in the pre-treatment of new glassware to remove all traces of chemicals used in glass manufacture, especially mould-release agents.

The head retention and lacing characteristics of beers will be maximised.

May be used as an aid to the normal maintenance cleaning of cabinet and rotary brush-type glass washing machines where the detergent action of the product will benefit the machine interior.

10kg OSM-GRP-10
2.5kg OSM-GRP-2.5

Tannin Remover Powder

A multi-component powder designed for the removal of tea and coffee stains.

For use on china, plastic, melamine, stainless steel, chrome and most metals (except aluminium).

LAUNDRY DETERGENTS

EXCEPTIONAL PERFORMANCE FROM THE VERY FIRST STAGE IN THE WASH CYCLE.

Our liquid laundry detergents offer exceptional results, and are designed to be easily added into the wash cycle as part of an automatic dosing system.

The wash stage is the first stage of cleaning, and involves the removal of any soils that may be present on the fibres of textiles. We can group the types of soil commonly encountered as follows:

- **Water-soluble soils**
- **Solid particulate soils**
- **Hydrophobic soils**
- **Proteins**
- **Bleachable stains**

SURFACTANTS

Surfactants are responsible for most of the cleaning performance. They provide this by absorbing and emulsifying the soil into the water and also by reducing the water's surface tension to improve wetting.

BUILDERS

Builders are water softeners which help remove mineral ions from water (particularly in hard water areas) to improve cleaning performance.

Builders and surfactants work together to achieve soil removal, and the washing effect of the builder may exceed that of the surfactant.

SOIL TYPES

Find out what these symbols mean in our guide for different types of soils on **page 18**.

Laundry Detergents

CRYSTAL BRITE

Premium Bio Laundry Detergent

A highly concentrated, phosphate-free biological liquid detergent designed for most types of soiling. This detergent contains both surfactants and builders, offering excellent stain removal properties, eliminating or greatly reducing the need for pre-washing or pre-soaking.

Can be used through a roller-ball or auto-dosing equipment.

Safe to use with Ozone systems.

2x5L	CRZZ2X5
10L	CRZZ10
20L	CRZZ20

Bio Laundry Detergent

A concentrated, phosphate-free biological liquid detergent designed for most types of soiling.

The product has excellent stain removal properties even at temperatures as low as 30 °C, thus eliminating or greatly reducing the need for pre-washing or pre-soaking.

Contains an invigorating and fresh fragrance.

2x5L	CRAQ5
10L	CRAQ10
20L	CRAQ20

Premium Pearl Bio Laundry Detergent

A highly concentrated biological laundry detergent that contains a synergistic blend of surfactants, anti-redeposition agents, optical brightening agents, water softeners and enzymes.

Contains enzymes that help break down protein, starches, and fat that are often found in food stains, sweat and other common stains.

It has been extensively evaluated and been found safe to use with Ozone disinfection laundry systems.

10L	CYP35/10
20L	CYP35/20

Non-Bio Laundry Detergent

A phosphate-free non-biological liquid detergent designed as a one-shot product for most types of soiling.

Its excellent stain removing properties give superb results leaving clothes clean and fresh.

The product has been formulated so that the need for rewashing or presoaking is eliminated or dramatically reduced.

10L	CRLD1/10*
------------	------------------

Bio Laundry Powder

A low lather, phosphate-free biological detergent washing powder suitable for all washing machines and water conditions.

Suitable for hand washing.

Contains enzymes that help break down protein, starches, and fat that are often found in food stains, sweat and other common stains.

Special formula works effectively at low temperatures.

Removes stubborn stains in one wash, even at 40°C.

Measuring scoop included in each pack.

10kg	031118
-------------	---------------

Non-Bio Laundry Powder

A low lather, phosphate-free non-biological detergent washing powder suitable for all washing machines and water conditions.

Suitable for hand washing.

Special formula works effectively at low temperatures.

Removes stubborn stains in one wash, even at 40°C.

Measuring scoop included in each pack.

10kg	031107

SUPPLY ROADMAP

PRE-AUDIT

- Pre-audit on-site survey to ensure the viability of our Auto Dosing System (ADS).

AUDIT

- If the criteria are met, we will conduct a full audit visit to survey current products and systems being used.
- We will identify the current cost per wash, any quality issues and perform a test wash if required.
- We will define what Crystalbrite products and custom wash programmes would benefit your wash results.

PROPOSAL

- We provide a detailed analysis of our offering vs. products currently being used.
- A proposed recommendation includes proposed products and pricing, indicating any savings that you could pocket.

FOLA

- If you are happy to progress, we complete a "Free On Loan Agreement" for 3 years.

INSTALLATION, TRAINING & SUPPLY

- Cleenol's Installation Team will advise on the installation date.
- At installation, all custom wash programmes are installed and wall charts are hung up.
- Laundry staff are trained on best practices on washing and drying.
- Chemicals and SDS are supplied.

FABRIC CONDITIONERS

EVERYBODY LOVES THE FEELING OF SOFT FABRICS.

Machine washing puts great stress on textiles, particularly on cotton and wool. The fibres of the fabric surface are squashed and frayed, and this condition hardens while drying the laundry in air, giving the laundry a harsh feel.

Adding one of our fabric conditioners to the final rinse will result in laundry that feels softer.

This can either be done manually, or as part of our Automatic Dosing Systems

WHY DO I NEED FABRIC CONDITIONER WHEN THE TUMBLE DRYER EFFECTIVELY SOFTENS FABRIC?

Whilst tumble dryers will help to soften fabrics, using our fabric conditioners:

- accelerates drying times,
- reduces static build-up,
- minimises wrinkling,
- makes ironing easier,
- leaves a lasting fragrance long after washing.

IT'S ONLY A LITTLE BIT OF STATIC...

The anti-static nature of our fabric conditioners eliminates fabric cling during handling and wearing, reduces crackling noises and attracts less dust.

Fabric Conditioners

Premium Bergamot & Amber Fabric Conditioner

A concentrated fabric conditioner that leaves clothes and fabrics soft and smelling fresh.

Perfume encapsulation technology helps release the luxurious fragrance slowly for long-lasting scent.

Built-in anti-static agents help to make ironing easier and prolong fabric life.

Phosphate-free formulation.

10L **CB-PBAFC-10**

Premium Lily of the Valley Fabric Conditioner

A concentrated formulation that leaves clothes fresh and soft, with a deep luxurious feel.

Contains persistent fragrance technology which slowly releases fragrance long after washing and tumble drying.

Also contains a built-in anti-static agent, making ironing easier and prolonging fabric life.

5L **CRLD9/5**

10L **CRLD9/10**

20L **CRLD9/20**

Jasmine Fabric Conditioner

Specially designed to leave textiles fresh and soft, giving them a luxurious, fluffy feel.

Protects fabrics against stretching, fading and bobbling.

Contains a built-in anti-static agent that makes ironing easier and prolongs fabric life.

A tropical jasmine perfume gives a pleasant, long-lasting scent to the wash

10L **CRLDX/10**

20L **CRLDX/20/13404**

Economy Jasmine Fabric Conditioner

Designed to leave clothes soft and fresh.

Contains a built-in anti-static agent, making ironing easier and prolonging fabric life.

A delicate jasmine fragrance gives a pleasant and lasting scent to the wash.

5L **CRLD3/5**

10L **CRLD3/10**

20L **CRLD3/20**

CRYSTAL BRITE

THINKING OF BECOMING A LAUNDRY DISTRIBUTOR?

AN ADDITIONAL INCOME STREAM FOR YOUR BUSINESS.

The idea of becoming a laundry distributor can be a daunting thought, the wide variety of products and dosing systems can seem like too much of an investment with little return.

Perhaps you have no knowledge of this specialist sector?

NO PROBLEM

Cleenol will provide you with a full, professionally supported, package of training for you and your clients to get you started in the world of laundry.

We include free wash trials to show the great results and savings that can be achieved to win you their business and build a stable client base.

LAUNDRY ADDITIVES AND WASH BOOSTERS

WHEN YOUR WASHING NEEDS THAT LITTLE EXTRA KICK.

Not all soilings and stains can be easily removed by detergents alone, no matter how many times you repeat a wash.

Adding an additive to the wash cycle gives your detergent the extra bit of oomph it needs to remove even the most stubborn soiling and stains.

WATER-SOLUBLE SOILS

These include sugars, inorganic salts, urea, and perspiration. For the most part, these can be removed by detergents.

SOLID PARTICULATE SOILS

Typical examples include rust, metal oxides, soot (carbon black), carbonates, silicates, and humus. The use of Laundry Sour will help treat these.

HYDROPHOBIC SOILS

These include animal fats, vegetable oils, sebum, mineral oil, and grease. Our Laundry Oil Emulsifier will break down these soilings and improve the performance of the detergent.

PROTEINS

Blood, grass, egg, milk, starch and keratin from skin all form protein-based stains. These require enzymes, heat or alkali to hydrolyze and denature them into smaller parts before they can be removed by the surfactants.

BLEACHABLE STAINS

Some stains, such as wine, coffee, tea, fruit juices and vegetable stains can be bleached. Bleaching is an oxidation reaction which turns the coloured substance into a colourless one, which either stays on the fabric or may be easier to wash out.

Laundry Additives

CRYSTAL BRITE

Low Temp Laundry Oxy Stain Remover Liquid

An effective oxygen-based low temperature liquid destainer based on phthalimido peroxyhexanoic acid, which removes stains at temperatures as low as 30°C, saving energy and reducing wash times.

Has broad antibacterial and fungicidal activity at 40°C.

Complies with BS EN 1276 and BS EN 1650. Kills 99.999% germs in 15 minutes at 40°C.

10L CRLTD/10

Laundry Oxy Stain Remover Liquid

A super-concentrated solution of hydrogen peroxide.

Provides effective stain removal on white and coloured washes in higher temperatures.

10L CRDESTAIN35/10

20L CRDESTAIN35

Alkaline Laundry Wash Booster

A concentrated, liquid alkaline detergent booster.

Effectively augments cleaning performance.

Eliminates the need for separate presoaking of heavily soiled garments.

10L CRLDP/10

20L CRLDP/20

Concentrated Laundry Oil Emulsifier

Carefully formulated for the treatment of heavily soiled work wear.

Particularly effective in the removal of mineral oil and greasy stains.

A synergistic booster product for all washing processes suitable for both cotton and polyester-cotton, designed to work in conjunction with laundry detergent.

20L 085789

Laundry Oil Emulsifier

A 30% laundry oil emulsifier designed to be added directly to the pre-wash to emulsify oily and fatty deposits.

Can also be added to the main wash for additional emulsification.

10L 085699/10

20L 085778/13404

Laundry Sour

Specially formulated to prevent the yellowing of fabric (galling) and fabric damage through the neutralisation of alkali present in rinse-water.

20L CRSOUR/20/13404

Laundry Oxy Stain Remover Powder

Designed to be used in conjunction with your normal powder or liquid product. Contains an oxygen bleach system, which, at high temperatures, exerts a positive soil-lifting action on organic stains without any adverse effects on the fabric.

Specially formulated for pre-soaking prior to normal washing as an aid to washing efficiency.

Can also be added to the main wash as a boost to stain removal.

10kg 020810/10

UNDERSTANDING WASH CYCLES

Choosing the right wash cycle is important when it comes to caring for fabrics, but why? Using the wrong setting can prematurely increase wear, dull colours and stretch/warp fabrics.

COTTONS

As the name suggests, this setting is suitable for cotton garments or clothes that require a high agitation wash, like bed sheets and towels. A high-speed spin setting is often used in a cotton wash so it is not recommended for delicate fabrics.

SYNTHETICS

For acrylic, polyester and other man-made fabrics. The cycle is usually a medium agitation wash that uses a lower speed spin.

DELICATES

This is ideal for wool, silks and similar fabrics that can be washed in a machine. This is a low agitation wash with a lower speed spin.

In all cases, always refer to the label instructions. Our automatic dosing systems simplify choosing the correct cycle, saving time and ensuring the product is dosed correctly.

eden clean

edenclean products have been developed around the following principles and ingredients:

- RSPO certified palm oil derivatives.
- No animal derived products.
- Cruelty free.
- Minimal petrochemical derived products.
- No parabens, formaldehyde, CMI/MIT, triclosan, phosphates, chlorine bleaches, optical brighteners, quaternary ammonium compounds.
- VOC free and phosphate, EDTA,
- NTA free.
- Recyclable / recycled packaging.
- 100% bio-based surfactant - made by using bio-based ethylene oxide which is manufactured from biomass ethanol.
- Bioethanol, naturally derived acids, sugar-based surfactants, bio-based solvents, low impact preservatives.

The edenclean range also includes bio and enzyme solutions to tackle difficult stains, long term grease build up and malodours.

edenclean Concentrated Enzyme Digester

Powerful enzymes blended with detergents work together to achieve excellent hard and soft surface cleaning. The enzymes break down odour-causing compounds in a variety of soiling types including odours from urine, vomit and food spills. The product can be used on soft surfaces such as carpets, upholstery and fabrics and may be used in carpet water extraction machines.

Due to the nature of this product, variations in colour may occur alongside potential sedimentation. This is quite normal and does not impact the performance of the product.

2x5L	EDN-CED-2X5
6x1L	EDN-CED-6X1
6x750ml HDR	EDN-CED-RF-6X750

edenclean No-Rinse Floor Degreaser

Designed to effectively remove grease and fats from floors that have become slippery.

Enzymes digest impregnated grease deposits, making floors both cleaner and safer.

Cleaning time is saved without the need to rinse the product away. Simply allow to air dry.

Suitable for use on most types of flooring including aliro, ceramic, tiles and etc.

2x5L	EDN-NRFD-2X5
-------------	---------------------

edenclean Drain Maintainer

An enzyme-based product designed to break down oils, fats, grease and other organic matter that can cause blockages in drainage systems or grease traps.

An excellent low-hazard alternative to aggressive caustic and bleach based products.

Can be manually dosed or through a battery operated dispensing unit.

This product contains naturally derived materials. As a result, product colour may vary and a small amount of sedimentation is to be expected. This is normal and does not impact the performance of the product.

2x5L	EDN-DM-2X5
DISPENSER	ADS/BODD

edenclean Enzyme Urinal Blocks

A lemon-scented urinal deodoriser and freshener with powerful enzyme action.

Each block combines chemical cleaning agents with safe, biological activity to remove the solids that cause blockages and washroom odours.

Additional benefits include reducing the water flush frequency. Typically 100,000 litres of water can be saved in a single year just by reducing flush intervals to between four and six times every 24 hours.

Average contents: 50 blocks.

1.1kg	EDN-EUB-1X1.1
--------------	----------------------

edenclean Odour Neutraliser

A ready-to-use enzyme based deodoriser.

Powerful enzymes break down organic compounds responsible for bad odours. Suitable for use on both soft and hard surfaces including carpets, upholstery, flooring, tiles, urinals and etc.

Contains a light vanilla fragrance to help mask the malodour while the enzymes break down the organic compounds.

This is a natural product and as such its colour may vary and a small amount of sediment may be noticed. This is quite usual and does not affect the performance of the product.

2x5L	EDN-ON-2X5
6x750ml HDR	EDN-ON-RF-6X750

edenclean Urinal Cleaner & Deodoriser

A ready-to-use enzyme product, specifically designed for use in bath and washroom areas.

Its 2-in-1 action dispels odours caused by urine and prevents the build-up of uric acid scale.

Designed for use in and around urinal bowls, channel urinals and surrounding walls and floors.

Used daily, the product will keep urinals free from odour and scale. The effects of the product are most apparent in low flush systems.

2x5L	EDN-UD-2X5
6x750ml HDR	EDN-UD-RF-6X750

edenclean

edenclean All-Purpose Sanitiser

An all-purpose sanitiser based on organic acid produced by the fermentation of plant feedstocks and a mild, plant-derived cleaning agent.

Complies with EN 1276 and EN 14476 (enveloped viruses) with a contact time of 30 seconds.

2x5L **EDN-APS-2X5**
6x750ml HDR **EDN-APS-RF-6X750**

edenclean Fabric Conditioner

A concentrated fabric conditioner that contains a built-in antistatic agent to make ironing easier whilst prolonging fabric life.

2x5L **EDN-OPIC-2X5**

edenclean Laundry Liquid

A non-biological and phosphate free liquid detergent with effective stain removal properties.

Designed for light to medium soiling, leaving clothes clean and fresh.

Unfragranced so can be used for overalls in food production areas.

2x5L **EDN-OPLD-2X5**

edenclean Multi-Surface Degreaser

A low-hazard hard surface cleaner and degreaser. Safely and effectively cuts through grease and grime.

Can be used on a variety of surfaces including:

- floors
- walls
- canopies
- extractor fans
- the external areas of ovens
- deep fat fryers
- the majority of catering equipment.

2x5L **EDN-MSD-2X5**
6x750ml HDR **EDN-MSD-RF-6X750**

edenclean Toilet Cleaner Gel

This naturally acidic toilet cleaning gel is designed for frequent use.

The high viscosity gel allows the product to cling to surfaces for longer to help keep toilets and urinals scale free.

A light scent is incorporated to help mask raw material smells while leaving behind a refreshing scent.

Suitable for use with septic tanks.

12x750ml **EDN-TCG-12X750**

edenclean Washing Up Liquid

A high performance, washing up liquid, designed for the removal of grease and food soiling from crockery, cutlery and glasses and formulated to keep any environmental impact as low as possible.

2x5L **EDN-WUL-2X5**
20L **EDN-WUL-20**

edenclean Washroom Cleaner

A 2-in-1 product designed for use in all bathrooms and washrooms. Cleans and descales in a single operation.

Formulated for frequent use.

Effective in removing water marks from shower screens, removing limescale from taps and removing grease and grime from around bath tubs, tiles, bathroom floors and etc.

Leaves a bright smear-free shine.

2x5L **EDN-WCR-2X5**
6x750ml HDR **EDN-WCR-RF-6X750**

edenclean Window & Glass Cleaner

Designed for use anywhere that a streak-free finish is required.

This includes glass, Perspex, aluminium and stainless steel.

The product effectively cuts through grease and atmospheric grime leaving a brilliant, smear-free shine.

2x5L **EDN-WGC-2X5**
6x750ml HDR **EDN-WGC-RF-6X750**

The edenclean mark reflects our commitment for a cleaner, safer world through sustainably derived products.

Surface Sanitisers

Virucidal Cleaner EV12

A highly concentrated, disinfectant cleaner, for use on most non-porous hard surfaces.

Suitable for use in food preparation areas and for one-stage cleaning and disinfection routines.

Conforms to EN1276, EN1650 (yeast), EN13727, EN13624, EN16615, EN14476 (enveloped viruses) and EN16777 (enveloped viruses) with a contact time of 5 minutes when diluted to 4%.

Steritec Concentrated Virucidal Cleaner

A specially formulated disinfectant for most non-porous hard surfaces. What sets this product apart is its fragrance-free formula, making it perfect for use in food preparation areas where maintaining a neutral scent is essential.

Designed to efficiently eliminate 99.99% bacteria, viruses and yeasts on various hard surfaces in 60 seconds at 4% dilution.

Conforms to EN1276, EN13727, EN13624, EN1650 (yeast), EN16615, EN14476 (full virucidal) and EN16777 (limited virucidal).

2x5L	STE-VC-CON-2X5
6x750ml HDR	STE-VC-RF-6X750

Steritec Concentrated Perfumed Virucidal Cleaner

A specially formulated disinfectant with a fresh eucalyptus fragrance, perfect for creating a relaxing atmosphere in any non-food-related environment without compromising on hygiene efficacy.

Designed to efficiently eliminate 99.99% bacteria, viruses and yeasts on various hard surfaces in 60 seconds at 4% dilution.

Conforms to EN1276, EN13727, EN13624, EN1650 (yeast), EN16615, EN14476 (full virucidal) and EN16777 (limited virucidal).

2x5L	STE-PVC-CON-2X5
6x750ml	STE-PVC-RF-6X750

Antibacterial Multi-Surface Cleaner MX3

A food-safe concentrated cleaner and sanitiser. Contains no perfume.

Suitable for most hard surfaces. Excellent grease removal properties.

Complies with EN 1276 and EN 13697. Use disinfectants safely.

Always read the label and product information before use.

2x2L	MXX532
6x750ml	MXX532/F

Perfumed Antibacterial Multi-Surface Cleaner MX10

A 3-in-1 product designed to clean, disinfect and deodorise in one operation.

Contains a pleasant, floral perfume. Suitable for cleaning most hard surfaces, including floors, walls and desks.

May be applied using a cloth, mop or floor scrubber. Not suitable for use on food-contact surfaces.

Conforms to EN1276 when diluted to 3%. Use disinfectants safely.

2x2L	MXX576
6x750ml	MXX576/F

Lift Spray Cleaner with Bactericide

A ready-to-use liquid cleaner with a powerful bactericide. Capable of removing a wide variety of ingrained and greasy soiling.

Contains no perfumes so is non-tainting and therefore food safe, making it ideal for cleaning of food preparation areas. May be used to clean and disinfect all hard surfaces including refrigerators, freezers, cold displays, salad bars, microwaves, stainless steel surfaces, canopies and chopping boards.

Conforms to EN1276 killing 99.999% of bacteria in 30 seconds. Also conforms to EN13697, EN13727, EN16615, EN1650 (yeast) and EN13624 (yeast) with a 5 minute contact time.

Chlorinated Powder Sanitiser

A free-flowing blue powder for the cleaning, sanitising and deodorising of food preparation surfaces and internal components of vending machines.

Will remove stains from chopping boards and sinks.

Complies with EN 1276 at 1% dilution with a contact time of 30 seconds.

12.5kg	031166
---------------	---------------

Nova Multipurpose Sanitiser

An effective disinfectant, cleaner and deodoriser, all in a single operation. Based on quaternary ammonium compounds, powerful cleaning chemicals and deodorisers.

Designed for routine use in hospitals, nursing homes, clinics, surgeries, kitchens, canteens, hotels, schools and offices; for cleaning and disinfecting floors, walls, paintwork, equipment, sinks, drains, washrooms, lavatories, waste bins, etc.

Complies with EN1276 when diluted to 3% with a contact time of 5 minutes.

2x5L	BN1272
6x750ml HDR	BN127F

Clean, sanitise and disinfect, what's the difference?

While the terms may seem similar, there are big differences between cleaning, sanitising and disinfecting.

Cleaning

Removing unwanted contaminants, such as soil, dirt and grease, from a surface, material, or your hands, using soap and water or a proper surface cleaner.

Sanitising

Reducing (but not necessarily eliminating) the number of bacteria on the surface to levels considered safe as determined by public health codes or regulations.

Disinfecting

Irreversibly inactivating pathogens (microorganisms that may cause infections and disease) including bacteria, viruses and fungi.

Sanitising Tablets & Wipes

High-Power Sanitising Tablets

More convenient and safer to use than traditional liquid hypochlorite bleach.

Dissolves with an effervescent action to give a solution of ready-to-use bleach. The active constituent is trichloro sodium.

Each tablet yields 200 parts per million of available chlorine when placed in 5 litres of cold water.

DEFRA Approved - foot & mouth disease, swine vesicular disease, poultry diseases including avian influenza, influenza of avian origin in mammals, tuberculosis and General Orders.

6x200pcs	0625CHL/6
-----------------	------------------

Sanitising Tablets

Chlorine-based disinfectant tablets. More convenient and safer to use than traditional liquid hypochlorite bleach.

Dissolves to give a solution of ready-to-use sanitiser.

The active constituent is troclosene sodium.

Each tablet yields 320 parts per million of available chlorine when placed in 750ml of cold water.

6x180pcs	062534/6
-----------------	-----------------

Alcohol Wipes

A 200x200mm impregnated non-woven wet wipe for the sanitising of food probes and surfaces.

Alcohol-based for fast drying.

Broad spectrum of activity, effective against 99.99% of germs including bacteria and viruses within 5 minutes.

For sanitising food probes and work surfaces. Suitable for use in all areas where food is being prepared - food processing, restaurants, hospitals, residential homes, etc.

Complies with EN1276, EN13624, EN13727, EN14348 and EN14476 (SARS Cov-2).

Use biocides safely. Always read the label and product information before use.

Detergents & Washing Up Liquids

Premium Washing Up Liquid MX1

A double strength concentrate of MX4 Mixxit Washing Up Liquid.

Fragrance-free, for general cleaning and dishwashing in all kitchen situations.

A concentrate designed to be used through the bellows pump or swan neck dispenser pump. Economical in use.

2x5L **MXX479**

Concentrated Detergent

A high-quality unperfumed 20% active concentrated detergent for the general cleaning and dishwashing in all catering and kitchen environments.

For maximum economy, use through a 5 litre swan neck dispenser or a wall-mounted bellows pump.

Food safe.

2x5L **021432X5**

Concentrated Germicidal Detergent

A manual high active pot washing detergent containing an effective bactericide to kill micro-organisms and prevent cross infection.

The product has efficient degreasing properties and may be used for cleaning food storage areas and preparation surfaces.

Complies with BS EN 1276 when used neat with a 5 minute contact time.

2x5L **021722X5**

20L **021721/20**

Everyday Washing Up Liquid

An everyday detergent for general cleaning and dishwashing in all catering and kitchen environments.

2x5L **020862UN**

High Active Washing Up Liquid

A high-quality concentrated 30% active detergent to effectively break down food soils, leaving crockery and cutlery squeaky clean.

Suitable for general cleaning and dishwashing in all kitchen situations.

Food safe.

2x5L **021502X5**

Imperial Bactericidal Detergent

A low foaming blend of biodegradable detergents and approved bactericide for use in all catering establishments for the effective cleaning and sterilisation of utensils and work surfaces.

Complies with BSEN1276 when used at 1% in water at 40°C and a contact time of 3 minutes.

2x5L **FS2018/2**

Liquid Detergent

A pale green unperfumed detergent for the general cleaning and dishwashing in all catering and kitchen environments.

For maximum economy, use through a 5 litre swan neck dispenser or a wall-mounted bellows pump.

2x5L **020852X5**

Washing Up Liquid

A quality green 15% active detergent for general cleaning and dishwashing in all catering and kitchen environments.

2x5L **020822X5**

12x1L **02082X**

White Spot Concentrated Lemon Detergent

A high-quality, lemon fragranced, amber concentrated 20% active detergent for the hand dishwashing of cutlery and crockery.

Ideal for large sink areas in catering and kitchen locations where economy in use is required.

2x5L **021412X5**

Detergents & Washing Up Liquids

Washing Up Liquid MX4

A high active content, fragrance-free washing up liquid for general cleaning and dishwashing in all kitchen situations.

This concentrate is designed to be used through the bellows pump or swan neck dispenser pump.

Economical in use.

2x2L **MXX587**

Washing Up Liquid EV1

A highly concentrated 65% active detergent liquid for use in manual hand washing of crockery, utensils, cutlery, and in pot wash sink applications.

Up to 300 applications per pack (dosing 5ml per 5 litres of water).

2x1.5L **EV1**

Antibacterial Washing Up Liquid EV4

A super concentrated antibacterial washing up liquid for additional peace of mind, designed for manual washing of kitchen utensils and equipment where improved hygiene is required.

Conforms to BS EN 1276 when diluted to 0.1% under dirty conditions.

2x1.5L **EV4**

Descalers & Tarnish Removers

Combat Descaler PA

An acidic detergent based on phosphoric acid.

It has wide applications as a descaler in the brewing, dairy and food industries and is suitable for use in all hardnesses of water.

General descaler for tanks, pipes, heat exchanges, etc. is particularly useful for the removal of fish slime from fish boxes and dried blood from tiled surfaces in abattoirs.

It is also an excellent milkstone remover.

2x5L **CB269/5**

Descaler & Tarnish Remover

Enables rapid removal of scale deposits, metal tarnish and hard water scale from ferrous metals and brightens aluminium and chrome surfaces.

2x5L **010392X5**

Metal Cleaners

Stainless Steel Polish

Removes light soiling and stains.

Deposits a film of food-safe lubricant, leaving a soft glowing finish.

May also be used as a protective film to help prevent food and grease splatter from sticking to cooking ranges and surfaces.

Heavier soiling should be removed with a degreaser or oven cleaner.

6x750ml **053688**

Kettle Descaler

A powerful kettle descaler designed to remove the white deposits caused by limescale from all types of kettle leaving them sparkling bright and help restore efficiency.

6x1L **010321**

Poolside Cleaner & Descaler

A highly effective poolside cleaner and descaler, designed to remove water scale and body fats from poolside, wet areas, tiles, walls and poolside fixtures and fittings.

Ideal for use in health clubs, sports centres, leisure centres, changing rooms, shower areas and swimming pools.

2x5L **CLE-PCD-2X5**

Stainless Steel Polish & Cleaner

For use on all stainless steel surfaces, including fridges, hobs and sinks.

Easy to use, lifting away dirt and grease effortlessly, leaving an incredible shine.

12x400ml **052134**

Degreasers

Deep Fat Fryer Powder

A strong, caustic powder for cleaning deep fat fryers, as well as utensils, baking trays and machine components.

2.5kg **031162**

Heavy Duty Cleaner

A biodegradable heavy-duty cleaner specifically developed for the effective cleaning of floors, walls and catering equipment including deep fat fryers and canopy filters.

Can also be used on stainless steel fittings where congealed fat deposits are evident.

Its low foaming properties make it suitable for use in hand cleaning applications.

A highly effective cleaner for paintwork and plastics.

For best results, always use hot water for fast and effective emulsification.

2x5L **082HDC2X5**
6x750ml HDR **CLE-HDC-RF-6X750**

Heavy Duty Degreaser

Heavy-duty degreaser specially formulated to tackle high grease deposits within the kitchen environment.

Solvent-free and water-soluble.

Safe on stainless steel but will discolour or damage aluminium utensils and surfaces.

2x5L **CBBGS/5**
6x750ml HDR **CLE-HDD-RF-6X750**

Heavy Duty Powder Degreasant

A heavy-duty blend of phosphates and alkaline builders which provides excellent grease removal.

Suitable for use in food-processing areas.

Can be used to effectively degrease floors, walls, deep fat fryers and canopy filters, as well as general cleaning of hard surfaces.

10kg **031159**

Liquid Degrease

A multipurpose general degreaser ideal for the removal of oil and grease from concrete and tiled floors or from engine parts.

Do not use on aluminium and non ferrous metals as corrosion may occur.

2x5L **082782X5**

Orange Heavy Duty Cleaner

A highly effective biodegradable general purpose cleaner that cuts through grease.

Contains a pleasant fresh citrus perfume and is ideal for cleaning anywhere other than food preparation areas.

Can be safely used in floor cleaning equipment and low-pressure sprayers.

2x5L **082PHD5**

Spray On Degreaser

Removes caramelised grease deposits from walls, canopies, extractor fans, floors and external appliances of ovens, fat fryers and most catering equipment.

2x5L **010402X5**
6x750ml **010475**

Multi-Surface Cleaner & Degreaser MX2

A food safe alkaline detergent designed for the cleaning of hard surfaces in a wide variety of industrial environments. This includes the food processing industry, where its main use is the removal of fatty and protein deposits.

Can be used on most surfaces including vinyl, floors and walls.

2x2L **MXX521**
6x750ml **MXX521/F**

Combat Carb Plus

An efficient alkaline cleaner and degreaser designed for the food industry for the removal of fatty soils.

2x5L **CB921/5**

Window Cleaners

Ecolabel Window & Stainless Steel Cleaner

An efficient solvent-based cleaner that easily cuts through dirt and grime on glass windows and surfaces for a sparkling finish.

Suitable for use on stainless steel surfaces to clean and polish, where a streak-free finish is required.

Made using a phosphate-free formulation, that has been certified under the EU Ecolabel.

2x1.5L ECO-EV8-2X1.5

3x1L ECO-ED8-3X1

4x325ml ECO-EV8-X2

6x750ml ECO-EVED8-RF-6X750

Window & Stainless Steel Cleaner MX8

Formulated to give sparkling, streak-free results every time.

Removes a wide range of soilings including atmospheric grime, nicotine stains and finger marks.

2x2L MXX554

6x750ml HDR MXX554/F

Lift Window & Mirror Cleaner

Removes a wide range of soils including atmospheric grime, nicotine stains, fingermarks, dust and dead insects.

Produces a sparkling, streak-free finish on glass, ceramic tiles, highly polished stainless steel, chrome finishes, laminates and a variety of other hard surfaces.

The product contains no perfumes so is non-tainting, and can be used in food preparation areas.

2x5L 053262X5

6x750ml 057537

6x750ml HDR 056379/6

Furniture Polish

Lift Furniture Polish

Formulated to give furniture and fittings a deep lustrous finish.

Produced from the highest quality materials to give exceptional results every time.

Combines cleaning performance with high gloss and hard wearing finish.

Will remove a variety of soils including oil, grease, fingermarks and dust on wooden furniture.

2x5L 053292X5

6x750ml 057827

6x750ml HDR 056444/6

Lift Wax-Free Polish

A blend of high quality silicones, emulsifiers and perfumes designed to give an effective clean and polish in one operation.

Removes dust and fingermarks with ease. Use on paintwork, enamel, laminates, plastics and sealed wooden surfaces.

Not for use on waxed or lacquered furniture.

2x5L 053312X5

6x750ml 057555

6x750ml HDR 056553/6

Hi Shine Furniture Polish

For use on furniture, plastics, leather, chrome, stainless steel, brass and porcelain.

6X400ml 0521116

Furniture Polish

A silicone based spray polish suitable for use on most surfaces including furniture, tiles, marble, stainless steel, and most plastic and vinyl coated materials.

Effectively removes finger marks, surface dirt, smudges etc, leaves a glowing finish.

12X400ml 052156

Oven Cleaners

Heavy Duty Foam Oven Cleaner

A heavy-duty foaming oven cleaner created to remove baked on carbon deposits from the internal areas and tray racks of commercial ovens. Each bottle is fitted with its own foaming trigger spray which allows the product to be applied evenly across the areas to be cleaned.

6x750ml 083119

Warm Oven Spray Cleaner

A product that forms part of our successful Catering Hygiene Programme. Formulated to remove heavily encrusted carbon deposits from the internal areas of industrial and commercial ovens. Converts hardened deposits into a liquid that can be rinsed off easily.

2x5L 0831392X5

Regular oven cleaning is crucial for maintaining kitchen efficiency, food quality, and safety.

A clean oven heats up more quickly, uses less energy, and cooks food more evenly, which can save on utility bills and improve the taste and aroma of your meals.

Additionally, regular cleaning reduces the risk of kitchen fires by removing flammable grease and food particles.

It also prevents bacterial growth, ensuring a healthier cooking environment.

By keeping your oven clean, you can extend its lifespan, reduce the need for costly repairs, and maintain a safer, more hygienic kitchen.

Bar & Cellar

Purple Beer Line Cleaner

A very effective and safe cleanser which, when used as directed, maintains beer lines, pipes and valves in top condition.

Can be used to clean all types of liquid pump line systems in the food industry. In the presence of dirt and contaminants the purple liquid turns green.

Use only in special cleaning containers supplied by the brewery.

Use fresh solution every time.

2x5L 0209PP

Clear Beer Line Cleaner

A concentrated and highly effective cleaner for the maintenance of beer lines.

Not for use in brass beer engines.

Use only in diluted form according to instructions.

This product must only be used in cleaning containers supplied by the brewery.

2x5L 0209682X5

Cabinet Glasswash

For use in enclosed cabinet auto-glass washing machines. Suitable for medium to hard water areas.

Use in conjunction with Osmos Universal Glass & Dishwasher Rinse Aid to enhance the visual quality of the cleaned glasses.

Specially designed for use through automatic dosing systems.

Safe to use on all glasses. Contains no caustic, responsible for the etching of glassware.

Effectively removes soiling, including lipstick, without affecting beer head retention.

2x5L OSM-CG-2X5

Cabinet Glasswash Rinse Aid

For use in enclosed cabinet auto-glass washing machines.

Added to the final stage of the cycle, it ensures the rapid drying of glassware to a streak-free, sparkling finish and prevents spotting.

2x5L OSM-CGRA-2X5

Glass Renovator Liquid

A highly alkaline detergent specially formulated to renovate glassware, removing protein and fatty films which cause clouding.

Effective in both hard and soft water conditions, and at low temperatures.

Special ingredients prevent scaling of the dish washing machine even in hard water areas.

Highly concentrated formulation gives greater economy in use. This product is not suitable for use on Polycarbonate.

The product is designed for use only with the Cleenol Automatic Dosing System in glass washing machines.

2x5L OSM-GRL-2X5

Glass Renovator Powder

A powdered detergent formulated for the refurbishment of glassware.

Can also be used in the pre-treatment of new glassware to remove all traces of chemicals used in glass manufacture, especially mould-release agents.

The head retention and lacing characteristics of beers will be maximised.

May be used as an aid to the normal maintenance cleaning of cabinet and rotary brush type glass washing machines where the detergent action of the product will benefit the machine interior.

-------------	-----------------

Toilet Descaler

A toilet and urinal cleaner with powerful hard water scale-removing properties for effective eradication of scale deposits. Safe for use on stainless steel. Pleasantly fragranced to leave toilets with a refreshing residual odour.

2x5L	082952X5
12x750ml	082940

Enviological Citric Toilet Cleaner

A citric acid based toilet and urinal cleaner that removes soil, scale and freshens.

The product contains no phosphates and has minimal impact on the environment. Ideal for every day use.

2x5L	058178
12x750ml	058189

Blue Flush Cistern Blocks

Intense powerful blue blocks to keep your toilet clean and fresh with every flush.

Long lasting protection.

Helps prevent limescale.

Contains germicide.

Safe in septic tanks.

24pcs	082BLUE
--------------	----------------

PDCB-Free Yellow Deodorant Cubes

New improved formula in a larger pack size.

Water-soluble toilet blocks with pleasant lemon scent.

Free from paradichlorobenzene (PDCB) for reduced environmental impact.

Stable until activated by water. Will not evaporate.

Help break down fats, organic matter and waste, reducing blockages in pipework.

3kg	082902
------------	---------------

Bleach

Thick Bleach

A thickened bleach solution that gives greater clinging power.

Can be used for general cleaning and disinfection of hard surfaces, drains, gullies, toilets and sanitary ware.

Can also be diluted at a 2% dilution for the disinfection of cleaned surfaces.

2x5L **062392X5**
12x750ml **062400**

Power Bleach

A general purpose bleach solution for general cleaning of hard surfaces, drains, gullies, toilets and sanitary ware.

2x5L **062412X5**

Did you know?

Bleach is a powerful cleaner and disinfectant. It is highly effective in killing off infectious bacteria and viruses, but you need to use it properly:

Read and follow the instructions provided in the label, Safety Data Sheet and Product Use Guide.

Follow the recommended dosage
 Using too much bleach can damage the surface or fabric you are cleaning

Do not mix hypochlorite bleach with other cleaning products
 The reaction between products can release toxic fumes.

Disinfectants

Disinfectant Extra Cherry

A highly fragranced viscous disinfectant concentrate with a broad spectrum biocide. Complies with EN 1276 when diluted to 2% with a contact time of 5 minutes.

Scientifically formulated system that works to eliminate odours caused by organic decay, smoke, fires, sewage, chemicals, mould, mildew and animals. Suitable for odour control in outside drains.

2x5L **06226UN**

Green Pine Disinfectant

A fresh pine scented disinfectant which provides a wide spectrum bacterial kill.

A quaternary based disinfectant which complies with EN 1276 at a 4% dilution with a 5 minute contact time.

2x5L **062902X5**

Green Pine Plus Disinfectant

A pine scented disinfectant fluid which gives a good wide spectrum bacterial kill and will not cloud in water.

Green Pine Plus Disinfectant is a quaternary disinfectant, suitable for use in kitchens, toilet areas and for general purpose disinfecting.

Also complies with BSEN 1276 with a contact time of 5 minutes.

For professional use only.

2x5L **062121UN**

Lemon Disinfectant

A lemon fragranced disinfectant designed to leave a refreshing residual odour without being offensive in sensitive areas.

A quaternary based disinfectant which complies with BS6424:1984 grade QAP 30.

Do not use in food production environments.

2x5L **062302X5**

Air & Fabric Fresheners

Lift Peach Air Freshener

Leaves a refreshing peach fragrance after every use.

Designed for use in a trigger spray.

CLE-RUBC-6X800

12 Steps To Complete Hand Hygiene

In the course of the day, your hands come into contact with a wide variety of surfaces and objects.

Although keeping them germ-free is impossible, you can avoid spreading infections to others by washing them regularly.

A range of illnesses, from the common cold to severe infections like meningitis, the flu, hepatitis A, and different types of diarrhoea can be prevented by proper and regular hand washing.

Wet hands with water.

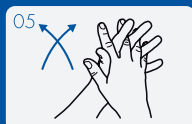

Apply a sufficient amount of soap to cover the hands.

Rub hands palm to palm.

Right palm over the back of left hand with interlaced fingers and vice versa.

Palm to palm with fingers interlaced.

Backs of fingers to opposing palms with fingers interlocked.

Rotational rubbing of left thumb clasped in right palm and vice versa.

Rotational rubbing, backwards and forwards with clasped fingers.

Rub each wrist with the opposite hand.

Rinse hands with water.

Dry hands thoroughly with a paper towel or use a modern hand dryer.

Your hands are now dry, clean and safe.

AST & GREAVES

20
12

For when you want to impress your customers with a high-class hand care solution, Ast & Greaves represents the top end of hand care.

In its classically shaped bottle with a fresh bold design, Ast & Greaves provides that touch of class to your washrooms.

Free standing or available with a high-quality mount for ease and security, the range completes Cleenol's hand care solution to cover every need in every situation.

Jasmine & Apple Blossom Luxury Hand Wash

Combining the warm, heavy, opulent floral with fruity and animalic facets of jasmine with the fresh, invigorating scent of apple blossom, Ast & Greaves Jasmine and Apple Blossom hand soap leaves your hands feeling clean.

Formulated with high-quality perfumes, mild surfactants and moisturising agents.

2x5L AG-JAB-2X5
6x500ml AG-JAB-6X500

Black Pepper & Ginseng Luxury Hand Wash

An iconic combination, particularly suited to men's washrooms, the spicy and stimulating combination of these two fragrances provides an energising fragrance.

The hot, fresh, almost tingly top note of black pepper adds instant brightness combined with the invigorating notes from ginseng, rolled into a mild, luxurious hand soap that leaves skin clean.

Formulated with high-quality perfumes, mild surfactants and moisturising agents.

2x5L AG-BPG-2X5
6x500ml AG-BPG-6X500

Fig and Vanilla Hair & Body Wash

Transport yourself to a fragrant oasis with every use of our Fig and Vanilla Hair & Body Wash. The enchanting fusion of ripe figs and warm, comforting vanilla creates a scent that's both alluring and comforting. Indulge yourself in the soothing aroma to relax and recharge, leaving you feeling renewed and ready to conquer the day.

2x5L AG-FAV-2X5

Ast & Greaves Stainless Steel Bottle Holder

This custom-made bottle holder is designed to compliment the Ast & Greaves range. Produced from fine grade stainless steel. The high-quality brushed finish brings style to any washroom and allows for the bottle to be secured in place to prevent tampering.

x1 AGWALL

Ast & Greaves Bracket Key

This replacement key has been designed to work with the Ast & Greaves Stainless Steel Bottle Holder to allow the user to quickly replace and secure 500ml Ast & Greaves hand washes into the holder.

x1 AGKEY

Automotive

Autoclean Screenwash - Concentrated

An effective concentrated vehicle screen wash additive, designed for use through the vehicle washer bottle.

The concentrated formulation can be diluted to different strengths depending on temperature conditions to prevent freezing.

Designed for rapid removal of atmospheric grime.

Leaves windscreens clear and streak free.

2x5L 082532X5

Autoclean Screenwash - Ready To Use

An effective ready-to-use vehicle screen wash, designed for use through the vehicle washer bottle.

Perfect for the rapid removal of atmospheric grime.

Leaves windscreens clear and streak-free.

Works to temperatures down to -5°C. Performs well in both winter and summer.

2x5L 0825RTU/2X5

Autoclean Car Shampoo with Wax

A high-quality neutral car wax shampoo with an exceptionally high degree of cleaning power.

The built-in wax offers added protection to vehicle paintwork and leaves a deep, lustrous finish.

Removes light to medium soilings.

2x5L 21022X5

Autoclean Forecourt Cleaner & Premium TFR

An effective multipurpose cleaner/degreaser that can be diluted to clean a multitude of equipment and surfaces, including diesel islands, pumps, forecourt signage, pole signs, fencing, forecourt bins and forecourt stanchions.

A safe alternative to many highly classified products designed for similar tasks. It is also safe to use on all vehicles as a premium grade traffic film remover.

If contains no sodium hydroxide or potassium hydroxide, the alkalis responsible for the dulling of painted surfaces.

2x5L 216332X5

Autoclean Regular Traffic Film Remover

For the removal of light/medium traffic films, atmospheric grease and grime.

Safe for use on all vehicles. It contains no sodium hydroxide or potassium hydroxide, these alkalis are responsible for the dulling of painted surfaces.

For use through pressure cleaners and hot water/steam cleaners.

20L TCFR20

Autoclean De-Icer

A high performance windscreen and window de-icer which instantly dissolves ice from glass surfaces.

Leaves a streak-free finish when cleaned with windscreen wipers or rubber squeegee blade.

Works at temperatures down to -10°C.

6x750ml 057748

De-Ionised Water

A quality de-ionised water for use in trucks, vans, motorcycles and floor machine batteries.

2x5L 083212X5

Maximum Visibility

Regular use of screenwash ensures your windshield stays clear, providing you with maximum visibility in all conditions.

Whether it's rain, dust, or grime, a clean windshield helps you see the road ahead more clearly, reducing the risk of accidents.

Vehicle Protection

Cleaning your car also protects its longevity. Dirt, salt, and other contaminants can accumulate on your vehicle's body, leading to rust and corrosion over time.

By regularly washing and detailing your vehicle, you're preserving its paintwork and structural integrity, keeping your vehicle looking smart and running smoothly for years to come.

Novacare Buffable Floor Maintainer

A premium-quality floor maintainer containing a complex range of waxes to clean, protect and polish in one operation.

Leaves a long-lasting antistatic finish which dissipates static charge. For use as a mopping fluid on vinyl, vinyl asbestos, linoleum, thermoplastic, wood, sealed wood, sealed cork, terrazzo and marble floors, etc. Also for use for spray-cleaning. Leaves a protective residue after use. Even the least skilled operator can restore the floor's appearance without leaving streak marks.

Dries to a pleasing finish without machine buffing. However, if burnished, the flexible residue will respond to give good recovery and a superb gloss. Dries quickly and imparts antistatic properties.

Nova Bactericidal Floor Cleaner

A powerful degreaser/cleaner containing an effective bactericide for sanitising purposes.

The product is safe to use on most floor surfaces with the exception of wood and cork.

2x5L 020952X5

Nova Liquid 99

A super-concentrated biodegradable neutral pH liquid cleanser for use on floors, walls and other hard surfaces.

Will not harm floors, walls, painted furniture, glass, metal, plastic, stone, etc.

It penetrates and emulsifies dirt and grease, releasing it from the surface. Not for use on polished furniture.

2x5L BN1073

Nova Cross - Citrus

A citrus-fragranced multipurpose disinfectant cleanser and deodoriser. It is based on quaternary ammonium compounds, cleaning chemicals and reodorisers.

Designed for routine use in hospitals, nursing homes, clinics, surgeries, kitchens, canteens, hotels, schools and offices; for cleaning and disinfecting floors, walls, paintwork, equipment, sinks, drains, washrooms, lavatories, waste bins, etc.

Complies with EN1276 when diluted to 3% with a contact time of 5 minutes.

2x5L BN1172

Nova Perfumed Floor Cleaner

A highly effective hard floor cleaner for use in reception areas, corridors, bathrooms, etc.

Contains a floral perfume to neutralise odours, leaving floors clean and fresh.

Ideal for use on marble and stone floors with polished or natural finishes.

2x5L 041669

Nova Safety Floor Cleaner

Ensures swift soil removal and can be used for deep cleaning as well as routine maintenance of any safety floor. Its added bactericidal compounds make it an extremely effective disinfectant ideal for use in hospitals, nursing homes, schools, canteens and other areas where a clean, safe floor is essential.

Complies with the European Suspension Test BS EN 1276 and is effective against *Pseudomonas aeruginosa*, *Escherichia coli*, *Staphylococcus aureus* and *Enterococcus hirae* with a contact time of 5 minutes. This formulation is suited for use on safety floors manufactured by the following companies: Armstrong Flooring, Jaymart, Polyflor, Tarkett / Marley.

2x5L BN6921

Nova Pine Floor Gel

A detergent gel which assists rapid cleaning, maintains vinyl, leather and linoleum in a supple condition, eradicates stale odours leaving a pine fresh smell. It is safe, economical and does not damage polished floors or paintwork.

A mild cleaner that will remove most greasy soils and scuff marks. Regular use of Cleenol Pine Gel will prevent drying out and cracking of wooden, leather and vinyl surfaces.

Cleaned surfaces may be buffed to an attractive sheen without the need for rinsing prior to buffing. It is safe to use on virtually all hard surfaces and can be used either via damp mopping, spray cleaning or machine scrubbing.

2x5L 041882X5

Nova Lemon Floor Gel

A detergent gel which assists rapid cleaning, maintains vinyl, leather and linoleum in a supple condition, and eradicates stale odours leaving a lemon fresh smell. It is safe, economical and does not damage polished floors or paintwork.

The product is a mild cleaner, and will remove most greasy soils and scuff marks, and cleaned surfaces may be buffed to an attractive sheen without the need for rinsing prior to buffing. The product's lemon fresh smell makes it an ideal cleaner for washroom floors and shower areas. It is safe to use on virtually all hard surfaces and can be used either via damp mopping, spray cleaning or machine scrubbing.

2x5L 041812X5

Floor Maintainers

Crystal Grip

A specialist product which cleans polished floors and leaves a slip-resistant polymer finish.

The low molecular weight polymer helps make floors safer to walk on.

Does not damage polish films so can be used on all non-porous polished and unpolished floors.

2x5L **041872UN**

Perfumed 2-in-1 Floor Maintainer MX5

A two-in-one cleaner and maintainer.

A powerful blend of detergents works to remove ingrained soiling, while a wax additive helps repair and protect sealed floors. Suitable for use as a mopping fluid on vinyl, linoleum, thermoplastic, wood, sealed wood, sealed cork, terrazzo and marble floors, etc.

It can also be used for spray-cleaning.

Dries to a pleasing finish without buffing. This can be further enhanced through burnishing.

2x2L **MXX565**

6x750ml **MXX565/F**

Floor Strippers

Nova Starbrite

An effective fragranced emulsion polish stripper without ammonia.

Will not affect linoleum pigments.

Highly efficient and is pleasant to use.

For use on vinyl, asbestos, thermoplastic, asphalt, sealed wood, sealed cork etc. and most types of linoleum and rubber.

2x5L **BN1040**

Floor Polishes

Nova Long-Life Gloss

Our flagship solids-rich metallised emulsion dressing. Can be easily maintained with or without a machine.

An ideal base for spray buffing and mop and buff. A skillful formulation backed by many decades of experience has combined top quality ingredients for toughness and maximum durability.

The high shine remains clearer and brighter - even in heavy traffic areas, wet or dry. Combines base/primer coat and top dressing in one product. Just two coats are adequate for most floors.

Dirt and heel-marks can be removed merely by wiping away. For use on rubber, linoleum, vinyl, vinyl asbestos, thermoplastic, asphalt, sealed wood and sealed cork floors, etc.

2x5L **BN0010**

Carpet & Upholstery

Novalite Water Extraction Carpet Shampoo

A neutral low foam carpet shampoo for use in hot water extraction machines.

With the use of a water extraction carpet machine a high pressurized stream of solution is sprayed onto the carpet.

Almost instantaneously, the excess moisture and dirt are removed by suction.

Novalite is a concentrated, low-foaming additive which improves the searching power of the extraction carpet machine equipment.

Easily diluted and very economical, it cleans well, even softening many water-soluble and oil-soluble stains.

2x5L **BN2047**

Nova Long-Life Satin

A satin finish, solids-rich, metallised emulsion dressing. Can be easily maintained with or without a machine.

An ideal base for spray buffing and mop and buff. Skillful formulation backed by many decades of experience has combined top-quality ingredients for toughness and maximum durability.

The smooth satin finish remains clearer and brighter - even in heavy traffic areas, wet or dry. Combines base/primer coat and top dressing in one product. Just two coats are adequate for most floors.

Dirt and heel-marks can be removed merely by wiping away. For use on rubber, linoleum, vinyl, vinyl asbestos, thermoplastic, asphalt, sealed wood and sealed cork floors, etc.

2x5L **BN0010/SATIN**

Novaspotta Oxy

Novaspotta Oxy Carpet Cleaner and Stain Remover starts to work in 30 seconds producing amazing stain removal results.

It can completely remove even the toughest stains from your carpet or upholstery.

Novaspotta Oxy relies on oxy power - as soon as stains are encountered oxygen is released. This safely removes the stain, leaving the carpet clean and fresh.

Works on oils and fats, wine and juice stains, vegetable stains, blood and other bodily fluids.
