quintessential italian design

RCR Cristalleria Italiana was founded in 1967 in the heart of Tuscany, thanks to a group of craftsmen who, with passion and talent, brought the millenary tradition of glassmaking to a higher level.

All products are made of Eco-Crystal, a material of the highest quality and made with total respect for the environment. The factory has no need for a smokestack because the production is emission-free and uses renewable energy to create 100% recyclable products.

Today, RCR Cristalleria Italiana stands out in the market of tableware, wine-tasting and mixology, combining tradition with fervent innovation, design and research, aiming to satisfy those who use our products for all occasions.

made in italy

Choosing RCR Cristalleria Italiana and Eco-Crystal means counting on Made-in-Italy quality, knowing that you have done the right thing for your business and for the environment.

ENVIRONMENT

0% atmospheric discharge

- RCR employs only electric furnaces.
- The process of melting and fining is completely electric and without smoke emissions.

100% recyclable

- The absolute pure raw materials used, allow the LUXION® ULTRACLEAR ECO-CRYSTAL GLASS to be 100% recycled.
- 99.9% Percent internal cullet recovery.
- No polluting bleaching agents are used in the process.

only renewable energy

- Photovoltaic panels: 23,000m²
- Biomass plant
- Geothermal Energy

ENVIRONMENT

ECO-CRYSTAL

The whole production process is completely electric while keeping an eye on consumption reduction.

energy saving

In the last 10 years, RCR has:

Reduced its electric consumption by 45%,

which is equivalent to the average consumption of a village of 5,845 people, while also

Reducing gas consumption by 28%,

the equivalent of 2,586 residential heating. RCR were able to do that without losing production efficiency.

energy recovery

RCR does not waste energy as it is constantly recycled. The energy released by machines is recovered and reused while heating is conveyed in order to fuel the heating system.

water recycling

RCR recycle 40% of water employed in the production process while the part that cannot be recycled is decanted and treated to make it extremely pure.

ethical approach in managing raw materials

RCR has decided not to use raw materials that release nitrogen oxides, the main gas responsible for acid rain. Products are made without using rare raw materials that are useful for medical purposes. For instance, Gadolinium isn't used because it is rare and essential for CT scan procedures.

PERFORMANCE

ULTRACLEAR
The most TRANSPARENT
crystal glass.

LIGHTNESS
A unique LIGHTNESS from
using pure raw materials.

RESISTANT
Extraordinarily RESISTANT
to breakage.

DISHWASHER SAFE
Tested for over 4,000
professional dishwasher uses.

PERFECT ACOUSTICS
Clear and pure SOUNDS, like
the best lead crystal.

ECO-FRIENDLY
100% RECYCLABLE.
Produced with respect of the
environment.

PERFORMANCE

3 different technologies

RCR is one of the most innovative and flexible factories in the world, using all the possible production technologies to combine tradition with the cutting edge ITALIAN DESIGN.

The success of the Alkemist range lies in combining the complexity of design with the typical lightness of a tasting glass, an alchemy that makes this line unique and inimitable. The growing demand and suggestions from some of the leading hotels and restaurants in the world led us to develop the water glass and the gin glass. The composition of the line, including goblets and glasses, is suitable for both professional and home use.

Designed for the finest table settings, Aria is the top range for RCR collections. These thin glasses are very shock resistant thanks to the high-density of eco-crystal. The design of the glass angles in from its widest point, indicating the right level of wine to be poured, while the wide cone-shaped bowl of the glass allows you to appreciate the gradations of colour at its very best.

This line has been conceived to meet all the demands of wine lovers. Goblets, glasses and decanters feature a classic design, which is both elegant and international.

Designed for modern and minimalist table décor, the flat bowl holds the wine in a trapezoid shape, typical of modern table settings. The refined design expresses this in the slight reopening of the rim which, in addition to enhancing the release of aromas, facilitates the sliding of the liquid during tasting and gives the glass a soft, elegant silhouette.

An eternal, comforting and versatile line. Melodia is the favourite glassware of millions of customers and is a major player in the world of Mixology where has established itself as an icon.

The Etna collection is inspired by the power of the eruption of the Sicilian volcano. The perfect imperfection of nature is engraved on the glasses and goblets: light is reflected on the carvings and is multiplied on different levels enhancing the exceptional transparency of the Eco-Crystal.

Elegance, unlike fashion, is eternal and gets noticed! Timeless, is a modern collection with unmistakable style, chosen by the biggest alcohol producers for use in their advertising, you will also find it on the set of many major motion pictures and especially in restaurants all over the world.

The Universum universal goblet is suitable for any type of red, white or sparkling wine. It is ideal for those looking for a multi-functional and accessible table setting, its carefully crafted designed makes it especially strong and sturdy for frequent use. The goblet's curvature indicates the ideal amount to pour for tasting and thanks to its versatility, it is also often used to serve aperitifs.

These new RCR Tiki glasses are the first in the world to be inspired by Italian culture. 100% Made in Italy and designed together with industry experts, the capacity is ideal for Tiki cocktails and more. Luxion® guarantees unrivaled transparency and resistance, while the deep decorations and the stackability of the glasses allow for a scenographic service

Half of the glass is decorated, while the other half is smooth, a feature that makes these glasses pleasant to touch and easy to grip. The design combined with the transparency of Eco-Crystal enhances their contents, making them even more beautiful. Particularly sturdy and resistant, they are perfect for everyday use.

leading the way with state of the art glassware

Bormioli Rocco's first glassware factory dates back to 1825, but historians say the origins of Bormioli Rocco glass can be traced to the Middle Ages. With stemware, tumblers, beer glasses and iconic food storage jars gracing tables around the world, quality is the cornerstone of the foundation supporting the Bormioli Rocco brand. The manufacturing facilities utilise state of the art technology and economically source only the best raw materials. From the finest sand imported from Germany to organic glazes used to colour glass, all are brought together in products influenced by exhaustive design research. Thanks to continuing investment in technology, research and design, Bormioli Rocco has become one of the leading glass manufacturers in the world.

create a custom experience

Engrave your company's logo on your glassware for brand recognition while indicating the desired pour line for your staff's reference. Steelite International's 'laser-true' technology gives you the opportunity to create a unique addition to your tabletop and a cost-saving solution for your business.

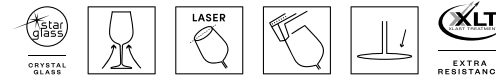

BORMIOLI ROCCO
made in Italy since 1825

the elegance you want, the durability you need

"In alto i calici" is the traditional Italian phrase meaning to "Raise your glasses" before a toast. The inAlto collection is Bormioli Rocco's toast to fine Italian design and was created with the restaurateur in mind; providing the elegance you want, and the durability you need. The distinctive angles and tall, thin stem beautifully enhance a table setting. The brilliancy of Star Glass provides the guest with an exceptional wine tasting experience, while the durability of the XLT strengthened stem maximizes operator value. InAlto exemplifies the passion of Italian design, grace and quality.

For over 60 years, Minners has been meeting the needs of the finest foodservice establishments, specialising in custom glassware, cutlery and dinnerware, made to exact requirements with expert craftsmanship.

The Minners Classic Cocktail range of glassware has been recreated using the original glass moulds that manufactured the glasses used in the 1930's Manhattan cocktail scene and made famous in venues such as the Rainbow Room. These classic shapes have stood the test of time and have regained a relevance to today's growing mixology scene. Steelite International have obtained exclusive global distribution rights to this exciting range and are pleased to bring a unique opportunity in fine lead-free crystal glasses.

Featuring classic shapes with a panelled bowl, these lead-free crystal glasses add charm and sophistication to any environment.

Steelite International recaptures classic cocktail service from a bygone era with the Minners Classic Cocktail Collection. Featuring popular shapes including the saucer champagne, Minners Classic Cocktails offers the ultimate in vintage charm and design. What's old is new once again.

STRAHL

INCREDIBLE STRENGTH

The elegance and feel of glass, but virtually unbreakable. The beverage ware of choice for some of the world's most prestigious hotels and resorts.

beautifully elegant

All Strahl products are made of a high quality polycarbonate, a remarkable material that creates the clarity and elegance of glass. What's more, every product is hand finished to remove manufacturing join lines. The result? Beverage ware that's beautiful to look at, and equally beautiful to drink from.

exquisitely versatile

With Strahl, it's possible to entertain in style, anywhere. Our exquisite products are designed to be chilled in either the refrigerator or freezer, while superior insulation properties keep beverages at optimal drinking temperature for longer.

incredibly strong

Unlike glass, Strahl beverage ware doesn't shatter so it's an extremely safe and long-lasting alternative. Not only is it stronger, no Strahl product is complete until it has undergone a unique finishing process to extend its lifespan and durability.

stacking tumblers

Serving delightful cocktails from indoors to outdoors is easy with CapellaStack from Strahl. These virtually unbreakable tumblers are made of high quality polycarbonate and are conveniently designed for stacking. From storage to clean up, beverage service is more practical and cost efficient for operators with the ability to stack and the reduced risk of scratching & breakage.

lightweight & durable design

Introducing Vivaldi, an incredibly strong line of beverageware made of the highest quality polycarbonate. Its unbelievably clear design and unique sham makes the tumblers perfect for any beverage including water, teas, soft drinks & cocktails. Not only will your servers appreciate the lightweight & durable design, but your bottom line will reflect a cost savings from less replacement.

entertain in style

Don't compromise presentation with outdoor beverage service, instead entertain in style with Design + Contemporary, a collection of shatterproof drinkware from Strahl. This selection of wine & champagne beverageware can now be served with ease on rooftop bars and poolside. Paired with the Design ice bucket, you can create an elegant & memorable experience for your guests.

Care Guidelines for Glassware

- Clean glasses in a glasswasher not a dishwasher
- Use properly sized compartment glass racks
- After washing remove basket and leave to cool down and dry
- Never carry glasses in bouquets
- Never use glass in place of ice scoop
- Never use glass to carry or store cutlery
- Never let the beer tap come into contact with the glass
- Do not handle stemware when hot
- Use white cotton gloves or 2 cloths for polishing
- Do not hold the glass by the stem or the base when polishing
- Polish the bowl first followed by the stem and then the base
- Hold glasses by the stem to avoid fingerprints on the bowl

Features & Benefits

rcr cristalleria

Ultraclear
The most transparent crystal glass.

Lightness
A unique lightness from using pure raw materials.

Resistant
Extraordinarily resistant to breakage.

Dishwasher Safe
Tested for over 4,000 professional dishwasher uses.

Perfect Acoustics
Clear and pure SOUNDS, like the best lead crystal.

Eco-Friendly 100% Recyclable.
Produced with respect of the environment.

bormioli rocco

Lead Free Crystal Glass
Characterised by the purity of raw materials, clarity and brightness.

XLT Treatment
Protecting stems from abrasion and maintaining sturdiness over time.

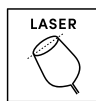

Tempered Glass
Intended for intensive use, resistant to mechanical and thermal shock.

Pulled Stem
The hot pulling process of the stem, results in elegant and refined shapes.

Reduced Thickness
Products with fine finishes characterised by thin rims.

Laser Cut
This method achieves a uniform and linear rim.

Flat Foot
This guarantees maximum stability on the table and perfect drying.

Stackability
Designed and manufactured for the best vertical stackability without getting stuck.

Infinity Colour
Colour will remain unchanged throughout the lifespan of the glass. Dishwasher safe and recyclable.

Features & Benefits

aspen everclear drinkware

- Dishwasher & freezer safe
- Items must be carefully placed in the dishwasher while avoiding direct contact with other dishes and drinkware
- Do not wash with harsh abrasives such as brushes or scrubber pads as this may cause scratches; harsh chemicals including strong acid or alkali cleaning agents should also be avoided
- Use warm, soapy water or a neutral dishwashing liquid for cleaning
- Dry naturally or with a soft cloth after hand washing; we recommended using a microfibre cloth which will preserve product clarity
- Product can be used normally between temperatures of -30°C and 110°C (-22°F and 230°F)
- Avoid prolonged exposure to UV light, sunscreen or chlorine
- Not recommended for use in microwaves or high temperature sterilisers

strahl

Care guidelines

- Strahl beverageware is made from an incredibly strong product called polycarbonate. Follow these simple rules to ensure your beverageware remains crystal clear.
- Avoid stacking (unless you are using the CapellaStack range, which is designed for stacking) whilst carrying or storing it. Polycarbonate products are incredibly tough so will scratch other polycarbonate products if allowed to rub together.
 - Wash in the dishwasher or by hand with warm soapy water to remove residues from juice, milk, stout, etc. Washing in a steriliser may result in a build up of residue.
 - Polycarbonate may be scratched if cleaned with abrasive brushes. Buffing with a microfibre glass polishing cloth will minimise any light scratches or abrasions.
 - The Da Vinci range has a threaded joint that should not be unscrewed.

Dishwasher safe

Strahl is completely dishwasher safe in both standard and commercial dishwasher systems. Strahl products have been tested in a STARLINE GM High performance glass washer for 2000 wash cycles.

Test details:

- Klenzmatic KM1 Glasswasher detergent
- Wash temperature 65 °celsius (149 °fahrenheit)
- Rinse temperature 80 °celsius (176 °fahrenheit)
- Wash cycle time 45 seconds
- Rinse cycle time 15 seconds

Results:

After 2000 wash cycles, Strahl beverageware products showed minimal micro scratches, not visible under normal usage conditions.

What can I serve in my Strahl beverageware?

The following aniseed based drinks cannot be used with any kind of polycarbonate beverageware as they will cause permanent damage: Pernod, Anis, Ricard, Raki, Ouzo. Milky drinks may leave a residue if not washed with warm soapy water.

Fridge and freezer safe

All Strahl beverageware products can be chilled in the fridge or freezer, with superior insulation properties keeping beverages at optimal drinking temperature for longer. Perfect for desserts and frozen drinks.
