SKIDAWAY AUDUBON

COME • SUPPORT • ENJOY!

SKIDAWAY AUDUBON

March 15, 2021

Dear Neighbors, Friends and Supporters:

Please join us for a fun filled day at the **Skidaway Audubon FUNdraiser Golf Tournament** to support the Skidaway Island Monarch Butterfly Trail.

The Monarch population in North America has declined 90% over the last two decades due in large part to loss of habitat. Working in conjunction with The Landings Club and The Association, our objective is to plant native pollinator gardens in out-of-play areas on the courses, and in common areas of the community. Island residents will be encouraged to plant gardens creating an island-wide “trail” of butterfly-friendly habitat to benefit the Monarchs as well as a multitude of other creatures.

SO...how can you help?

Sign up today for our “FUN” tournament! The format this year is a scramble with some interesting challenges. Test your skills during the Floating Green Contests or the Beat the Kids Challenge.

Entry fee of \$150

- Raffle tickets for the “Pick-a-Prize” raffle of over 20 different prizes.
- Tee off from the Monarchs - on all par 5's
- Happy Hour, Reception, Slide Presentation, Raffle Prize drawings and Division Winners

Unable to join us? Become a hole sponsor or donate!

Sponsor name or message will be displayed on a course hole sponsor sign, at the event presentation, in the tournament Program and on **skidawayaudubon.org**. With your help, we can create Skidaway Island's Monarch Butterfly Trail as well as continue funding the many Audubon environmental projects throughout the community.

We sincerely appreciate your support!
