Special Instructions

Manufactured Home Checklist:

General Information

Although Manufactured homes are exempt from **PA Act 45 (Uniform Construction Code)** the site must still be inspected to insure compliance with the act. This includes the site, plumbing or mechanical crossovers, basement and/or foundation as listed below.

Inspections required:

1. Plumbing (water/sewer hookup)
2. Electrical Service
3. Footer
4. Foundation/basement
5. Foundation anchor(s)
6. Energy/insulation (basement/crawlspace)
7. Mechanical (i.e. clothes dryer vent, central air compressor)
