Lalla Cherif Mariama

Respondent's Name

**PETITION FOR PROTECTION/PEACE ORDER  
CONTINUATION SHEET****Main Statement of Concern**

This is a request for a Peace Order against Lalla Cherif Mariama for refusing to cease contact with Stephen Widener. On October 26th, 2023, Stephen Widener instructed the respondent to cease contact. The request was sent in a text message on October 11th, 2023. (See appendices.) However, the respondent refused the request and contacted Stephen Widener on October 31st, 2023 and again on November 24th, 2023.

Regardless of Stephen Widener's repeated attempts to cease contact with the respondent to avoid adversity, the respondent is continuing to pursue contact and try to gain access to Stephen Widener's vehicle, after damaging it.

Although Stephen Widener is not certain, one underlying issue seems to be the respondent's interest in sponsorship in the United States. The respondent has brought up this issue several times during conversations; others at Stephen Widener's work place have also brought up the issue. As an American citizen, Stephen Widener was not aware of the fact that sponsorship was occurring at his workplace, and that gaining it was tied to job performance. In order to perform, it helps to have a car to drive to the different work locations. The respondent's car had gotten impound, which kicked off this entire series of events.

Stephen Widener did not think about the ramifications of U.S. Citizenship when he started working at this workplace; he is already a U.S. Citizen. But apparently this is a valuable commodity at the workplace. As someone who has had an American business and has an American business Tax ID number, it has become more apparent to Mr. Widener that the work dynamic at his workplace between him and his coworkers is different than it was amongst others.

The respondent used Stephen Widener's car under contract conditions, and was instructed that she could use it to go to the impound to retrieve her vehicle. The respondent was supposed to return the 2007 Nissan Sentra on September 6th, 2023, but failed to do so. **Furthermore, she intentionally held the fact that her driver's license was expired from Mr. Widener at the time of rental. Stephen Widener does not rent cars to people with expired driver's licenses.** She came up with one excuse after another when he asked her for her license, all while trying to rush the contract process. Then, after she had the vehicle, and Mr. Widener kept pressing her, she finally sent a text message with a picture of her expired driver's license.

**When the respondent did return the vehicle, it was damaged.** The signed rental contract clearly states that criminal charges can be filed if the contract is breached in such a manner as to create a crime. The respondent has repeatedly refused to give Stephen Widener the names and addresses of other people who the respondent claims were in an accident with her while in Stephen Widener's car. The respondent also claimed that other people took his name and address and were going to contact his insurance company; however, Stephen Widener's insurance company has not contacted him about an accident.

Furthermore, the respondent got various moving violations while illegally refusing to return the vehicle, and those violations are under Stephen Widener's name. (See appendices for details and dates).

Furthermore, the respondent has repeatedly tried to coerce Stephen Widener into bringing the car to her mechanic as opposed to having it repaired at the Nissan Dealership. She has also demanded to

be present for its repairs, and threatened violence and lawsuits if Mr. Widener doesn't comply, even though Mr. Widener does not want to be in her presence. (See appendices for details and dates.)

The respondent has responded to Stephen Widener's various attempts to resolve the matter and get his car repaired by harassing him and sending threatening text messages. (See appendices for details and dates.).

The respondent also assaulted Mr. Widener while at the iRock Karaoke Lounge in Gaithersburg, MD, when Mr. Widener was talking to the owner. The respondent has also sexually harassed Mr. Widener, asking him to come to her house and "comfort her" the day after she returned the car, but he refused.

For these reasons, Stephen Widener is seeking this Peace Order to get the courts assistance in the no-contact request and assistance with recovering damages in order to repair the car. Stephen Widener is requesting:

1. All contact cease with the respondent; and
2. Respondent provide the court with the contact info of the others in the accident; and
3. Respondent pay the balance of renting car bill; and
4. Respondent pays the cost of repairing the car at a repair designated by Mr. Widener; and
5. Respondent pay a reasonable financial penalty for pain and suffering and lost income.

### Electronic Toll Violation Notice

This vehicle has been recorded on a video monitoring system while traveling through a Maryland toll collection facility without payment of the toll, resulting in a video toll transaction and you have failed to pay the Notice of Toll Due (NOTD) before the civil penalty was assessed.

**WARNING:** PAYMENT OF THE AMOUNT DUE FOR THE TOLL VIOLATION WILL NOT RESULT IN POINTS AND CANNOT BE USED TO INCREASE YOUR INSURANCE RATES. FAILURE TO PAY THE VIDEO TOLL AND CIVIL PENALTY, CONTEST LIABILITY AS DESCRIBED ON THE REVERSE SIDE OF THIS NOTICE, OR TO APPEAR AT A REQUESTED HEARING, IS AN ADMISSION OF LIABILITY AND A WAIVER OF AVAILABLE DEFENSES AND MAY RESULT IN THE REFUSAL OR SUSPENSION OF YOUR MOTOR VEHICLE REGISTRATION AND REFERRAL FOR COLLECTION OF THE CITATION AMOUNT AND ASSOCIATED CIVIL PENALTIES.

The following are the statutory defenses described under Transportation Article § 21-141.4 of the Annotated Code of Maryland:

1. If at the time of the video toll transaction, a vehicle is operated by a person other than the registered owner without the express or implied consent of the registered owner, and if the registered owner by the date stated on the Notice of Toll Due provides the MDTA or its duly authorized agent with a notarized admission by the person accepting the liability which shall include that person's name, address, and the driver's license identification number, then the person accepting liability shall be liable and shall be sent a Notice of Toll Due.
2. If the registered owner is a lessor of motor vehicles, and at the time of the video toll transaction the motor vehicle involved was in the possession of a lessee, and the lessor by the date stated on the Notice of Toll Due provides the MDTA or its duly authorized agent with a copy of the lease agreement or other documentation acceptable to the MDTA identifying the lessee, including the person's name, address, and driver's license identification number or federal employer identification number, then the lessee shall be liable and shall be sent a Notice of Toll Due.
3. If the motor vehicle involved in a video toll transaction is operated using a dealer or transporter registration plate, and at the time of the video toll transaction the motor vehicle was under the custody and control of a person other than the owner of the dealer or transporter registration plate, and if the owner of the dealer or transporter registration plate by the date stated on the Notice of Toll Due provides to the MDTA or its duly authorized agent a copy of the contractual agreement or other documentation acceptable to the MDTA identifying the person, including the person's name, address, and driver's license identification number, who had custody and control over the motor vehicle at the time of the video toll transaction, then that person and not the owner of the dealer or the transporter registration plate shall be liable and shall be sent a Notice of Toll Due.
4. If a motor vehicle or registration plate number is reported to a law enforcement agency as stolen at the time of the video toll transaction, and the registered owner by the date stated on the Notice of Toll Due provides to the MDTA or its duly authorized agent a copy of the police report substantiating that the motor vehicle was stolen at the time of the video toll transaction, then the registered owner of the motor vehicle is not liable.

### NOTICE OF TOLL DUE (NOTD)

Failure to pay the Video Toll, request a transfer of liability in the manner and time prescribed, or the late payment of the Video Toll, will result in a:

- Citation and a Civil Penalty, in the amount of \$25.00, on each unpaid toll transaction;
- Continued failure to pay may lead to refusal or suspension of your motor vehicle registration; and
- Referral to the Maryland Central Collection Unit (CCU).

**Note:** Payment of the video toll, whether timely or late, is an admission of liability of the Video Toll transaction.

### Request for Transfer of Liability Information

If you believe you have received this NOTD in error or somebody else may be responsible, legal defenses are available to you under Transportation Article, § 21-141.4, Annotated Code of Maryland; additional documentation must be provided to the Maryland Transportation Authority (MDTA) at this time if you believe one of these defenses applies. To request a Transfer of Liability, you must select the defense(s) on the remittance coupon and provide the supporting documentation as outlined.

- Driver is Not Owner** - If, at any time of the Video Toll transaction, the vehicle is operated by a person other than the registered owner without the express or implied consent of the registered owner, and if the registered owner by the NOTD Payment Due Date provides the MDTA or its duly authorized agent with a notarized admission by the person accepting liability which shall include that person's name, address and the driver's license identification number or Federal employer identification number, then the person accepting liability shall be liable and shall be sent an NOTD.
  - You must include a notarized admission by the person accepting liability, including the person's name, address and driver's license identification number or Federal employer identification number.
- Leased Vehicle** - If the registered owner is a lessor of vehicles and at the time of the Video Toll transaction the vehicle involved was in the possession of a lessee, and the lessor by the NOTD Payment Due Date provides the MDTA or its duly authorized agent with a copy of the lease agreement or other documentation acceptable to the MDTA identifying the lessee, including the person's name, address and driver's license identification number or Federal employer identification number, then the lessee shall be liable under this section and shall be sent an NOTD.
  - You must include the signed rental/lease agreement for the vehicle or other documentation acceptable to the MDTA.
- Dealer/Transporter Plate** - If the vehicle involved in a Video Toll transaction is operated using a dealer or transporter registration plate, and at the time of the video Toll Transaction the vehicle was under the custody and control of a person other than the owner of the dealer or transporter registration plate, and if the owner of the dealer or transporter registration plate by the NOTD Payment Due Date provides to the MDTA or its duly authorized agent a copy of the contractual agreement or other documentation acceptable to the MDTA identifying the person, including that person's name, address and driver's license identification number, who had custody and control over the vehicle at the time of the video Toll Transaction, then that person and not the owner of the dealer or transporter registration plate shall be liable under this section and shall be sent an NOTD.
  - You must include a copy of the contractual agreement or other documentation acceptable to MDTA identifying the person's name, address, and driver's license identification number or Federal employer identification number, who had custody and control over the vehicle at the time of the Video Toll transaction.
- Stolen** - If a vehicle or registration plate number is reported to a law enforcement agency as stolen at the time of the Video Toll transaction, and the registered owner by the NOTD Payment Due Date provides to the MDTA or its duly authorized agent a copy of the police report substantiating that the vehicle was stolen at the time of the toll transaction, then the registered owner of the vehicle is not liable under this section.
  - You must include a police report for the stolen vehicle.

**MDTA must receive your request to transfer liability by the Payment Due Date on this NOTD. If your Request for Transfer of Liability is denied and the MDTA sends the denial notification after the Payment Due Date, you will have 10 days from the mailing date on the denial notification to pay the Video Toll. If MDTA issues a Citation, you will have the opportunity to pay the Video Toll and Civil Penalty or contest the Citation at a trial you request in the Maryland District Court.**

To request a Transfer of Liability, you must select the defense(s) on the remittance coupon and provide the supporting documentation as outlined.

1. **Driver is Not Owner** - If, at any time of the Video Toll transaction, the vehicle is operated by a person other than the registered owner without the express or implied consent of the registered owner, and if the registered owner by the NOTD Payment Due Date provides the MDTA or its duly authorized agent with a notarized admission by the person accepting liability which shall include that person's name, address and the driver's license identification number or Federal employer identification number, then the person accepting liability shall be liable and shall be sent an NOTD.

- You must include a notarized admission by the person accepting liability, including the person's name, address and driver's license identification number or Federal employer identification number.

2. **Leased Vehicle** - If the registered owner is a lessor of vehicles and at the time of the Video Toll transaction the vehicle involved was in the possession of a lessee, and the lessor by the NOTD Payment Due Date provides the MDTA or its duly authorized agent with a copy of the lease agreement or other documentation acceptable to the MDTA identifying the lessee, including the person's name, address and driver's license identification number or Federal employer identification number, then the lessee shall be liable under this section and shall be sent an NOTD.

3. **Dealer/Transporter Plate** - If the vehicle involved in a Video Toll transaction is operated using a dealer or transporter registration plate, and at the time of the video Toll Transaction the vehicle was under the custody and control of a person other than the owner of the dealer or transporter registration plate, and if the owner of the dealer or transporter registration plate by the NOTD Payment Due Date provides to the MDTA or its duly authorized agent a copy of the contractual agreement or other documentation acceptable to the MDTA identifying the person, including that person's name, address and driver's license identification number, who had custody and control over the vehicle at the time of the video Toll Transaction, then that person and not the owner of the dealer or transporter registration plate shall be liable under this section and shall be sent an NOTD.

- You must include a copy of the contractual agreement or other documentation acceptable to MDTA identifying the person's name, address, and driver's license identification number or Federal employer identification number, who had custody and control over the vehicle at the time of the Video Toll transaction.

4. **Stolen** - If a vehicle or registration plate number is reported to a law enforcement agency as stolen at the time of the Video Toll transaction, and the registered owner by the NOTD Payment Due Date provides to the MDTA or its duly authorized agent a copy of the police report substantiating that the vehicle was stolen at the time of the toll transaction, then the registered owner of the vehicle is not liable under this section.

Dear Stephen Widener:

The Maryland Transportation Authority (MDTA) records indicate that you have not paid an outstanding final Toll Violation(s), which includes the video toll(s) and civil penalty(s). The final Toll Violation(s) was assessed to you for the Maryland vehicle registration listed above. If you have more than one vehicle that has incurred an unpaid final Toll Violation(s), you may receive additional Past Due Toll Violation Notices indicating possible referral of the vehicle registration for refusal or suspension for each registration. This final Toll Violation(s) is past due and the total amount due must be paid immediately. Please submit total payment for all of the final Toll Violation(s) by the payment due date in accordance with the instructions on the remittance coupon.

As the registered owner of the violating vehicle, you are responsible for paying the entire outstanding amount due. Failure to take action by the payment due date will result in referral of the above referenced vehicle to the Maryland Motor Vehicle Administration (MVA) for refusal of the vehicle registration for renewal or transfer in accordance with Transportation Article, § 27-110, Annotated Code of Maryland and COMAR 11.07.07.08A. In order to avoid referral to MVA for refusal of the vehicle registration for renewal or transfer, payment must be made in full for any outstanding unpaid final Toll Violation(s) including those that may have occurred after issuance of this notice. The MVA charges an administrative fee of \$30.00 per registration that is separate and apart from the video toll(s) and civil penalty(s) owed to the MDTA.

Continued failure to pay all of your outstanding final Toll Violation(s) will result in your debt being referred to the Maryland Central Collection Unit (CCU). Please note that CCU applies an additional 17% collection fee to the amount owed. In addition, a vehicle incurring at least \$1,000.00 in unpaid final Toll Violations, whether amounts due are referred to CCU for collections or remaining with the MDTA, will result in a Past Due Toll Violation Notice for suspension of the vehicle registration.

Please detach and return the remittance coupon to avoid this referral and any additional fees. To see all transactions online, please visit [www.DriveEzMD.com](http://www.DriveEzMD.com) and use the associated zip codes listed below with your transaction number.

DEPARTMENT OF TRANSPORTATION**

Dear Valued Customer:

Thank you for using Delaware Department of Transportation's new **U.S. Route 301** All Electronic Tolling (AET) System.

To decrease congestion and improve safety, DelDOT designed U.S. Route 301 for "cashless" tolling. There are two methods for paying your tolls on this roadway: using an E-ZPass transponder or receiving a TOLL BY PLATE invoice based on license plate identification.

Our records indicate that you recently traveled on U.S. Route 301, as detailed on the enclosed invoice, and were not using a valid E-ZPass transponder. An account has been established for you by matching your license plate information to your vehicle registration. As a TOLL BY PLATE customer, you will be invoiced monthly based on continued travel on U.S. Route 301. You can review your account at [www.tollbyplate.ezpassde.com](http://www.tollbyplate.ezpassde.com).

U.S. Route 301 is currently the ONLY toll road in the DelDOT tolling system where all electronic tolling (AET) is available. At other tolling points in the DelDOT tolling system, I-95 and State Route 1, you will need to be prepared to pay cash or have a valid E-ZPass transponder to avoid toll evasion violations.

We encourage you to open an E-ZPass account. You can enroll online, by phone, or at one of our conveniently located walk-in customer service centers. E-ZPass customers save money on U. S. Route 301 over TOLL BY PLATE customers.

If you have a Delaware E-ZPass account, or have any other questions, please call us toll free at (888) 397-2773, Monday through Friday from 7:00 AM to 7:00 PM and on Saturday 8:00 AM to 2:00 PM. You can access additional information regarding U.S. Route 301 and view your E-ZPass account at [www.ezpassde.com](http://www.ezpassde.com).

Thank you for traveling on U.S. Route 301.
