OFFICIAL ANNOUNCEMENT - PARTNERSHIP OPPORTUNITY

Date: March 20, 2023
From: The Office of the Director of Education
To: Local businesses and organizations
Subject: **MITT Long-Term Technology Training**

Cross Lake Education Authority and Manitoba Institute of Technology and Trades are in discussions to create and develop Long-Term Training Module to upgrade our respective staffs and maintain their level of education in the field of computer technology.

The program can be started rather quickly and will consist of the following courses, Computer, Cyber and Networking Essentials. This training is expected to gage the level of education the staff has and will transition in the long-term module.

The Training Module is expected to tailor to our needs and most importantly address the shortage of specialized technicians.

Therefore, we are inviting management of our local businesses and organizations to join and partner with us in creating and delivering short-term training and long-term education to our staffs.

Please reply to issetee@clea.mb.ca.

Thank you.

Yours respectfully,

CROSS LAKE EDUCATION AUTHORITY

Mr. Gregory Halcrow
Director of Education
