Laundroworks System Product/SKU Table

READERS - FOR WASHER & DRYERS

(enter the full machine model numbers when placing the Order Request in the Dealer Portal)

READER KIT

Card reader kit for any laundry machine, brand, model, or application. Both card-only and coin+card (hybrid)

The reader kit includes the main reader, cable harness and all auxiliary components needed to mount the reader and interface to the machine including, where necessary, power supplies, relays and other components. There is no need to factor-in any other costs (except for coin-box block-out plates if you need them). Note that this is a change from prior years when reader kits were grouped into different pricing groups.

Desktop POS reader

READERS - other parts

Reader - board only

The electronic assembly inside the reader; good to keep as a spare. Contact us with the machine model number for the precise part number.

KIT-VENDRITE-01

Reader kit for VendRite vending machines, including Vision. Kit includes MDB reader, cable and an extra mounting plate for card-ready machines

KIT-MDBVENDIN G-01

Reader kit for MDB snack/soda vending machines. Not for VendRite (use KITVENDRITE-01 for Vendrite machines). Includes MDB reader, cable and an extra mounting plate.

KIT-POS-01

Point-of-sale (POS) reader kit. Includes a desktop reader and a 12V power supply adapter

KIT-DOORACCES S-02

Door access kit. Includes reader, 12Vdc/1A power supply, and cables. Door strike NOT included

Laundroworks System Product/SKU Table

Generic LaundroCard

Order from 200 to 800 card quantities

**Emergency Generic Cards (available in boxes of 200)*

Cards - Custom

Reorder cards via the Dealer Portal (DLP), selecting 'new/modified design' if applicable. Cards ship separately from Asia. Mitech covers shipping for up to 5,000 cards with new system orders; additional fees apply for reorders or quantities over 5,000. Check DLP for current shipping costs.

Service Fees from Laundroworks

Hosting Plan Service Package - Required Admin Portal

- Cloud-based management (LaundroPortal)
- Phone and Email Support
- Software Maintenance

Discount available for multi-store owners.

Cycle-done SMS Notification Add-on

- Store customers can register to receive SMS text alerts when their cycle is finished.

Mobile App Add-on - LaundryCat

- App-based payment at the machine using NFC (reader accepts laundry cards and Mobile)
- No service charges from Laundroworks at this time. A 1% fee may be introduced in the future (to offset lost revenue from laundry cards)

Mobile App Add-on - WashLynx

An NFC-based App for operators. It's meant for in-store use by managers, attendants, employees. It replaces the functionality of system cards (management/collection/activation/etc), adds a lot more functionality, and gives the operator a lot of control over what management/attendants/employees can do.
