

Quantum® Touch Hardmount Washer-Extractors

SCT020 20 lb (9 kg)	SCT030 30 lb (13.6 kg)	SCT040 40 lb (18 kg)	SCT060 60 lb (27 kg)	SCT080 80 lb (36 kg)	SCT100 100 lb (45 kg)
------------------------	---------------------------	-------------------------	-------------------------	-------------------------	--------------------------

A heavy-duty design meets superior machine mechanics to form the industry's most trusted hardmount washer-extractor.

- Strong frame lasts longer, balances loads more efficiently, and is designed to reduce sound and vibration levels
- Advanced inverter drive system provides smooth, reliable performance
- Higher extraction speeds mean shorter dry times and lower energy bills
- Sump system design maximizes cleaning power while using 7% less water
- Leak detection with our patented Water Guardian, saves water by detecting slow or leaking fill-valves and drains
- Easily serviceable with front panel access

Quantum® Touch Control

Reimagine your laundry experience with the Speed Queen Quantum Touch display. Clear, easy to use, easy to understand directions with profitable cycle modifiers enhance your customers' experience and increase return on investment.

- User-friendly screen with operating instructions built in as part of the control
- 3 basic cycles, 1 custom cycle, 3 basic temperature options
- Easy-to-understand cycle modifier prompts will encourage your customers to customize their wash
- Flexible pricing & additional revenue opportunities with customizable cycle modifiers, time-of-day pricing and lucky cycle options
- 30+ languages available
- On-screen timer so your customers know exactly how much time their cycle will take
- Speed Cycle option for those who want to get in and out quickly

Stacked Tumble Dryers

STT30

2×30 lb (14 kg)

STT45

2×45 lb (20 kg)

STT55

2×55 lb (24 kg)

Our tumble dryers are built with a single purpose: performance. They are specifically designed with fewer moving parts, so you'll face fewer maintenance issues over their lifespan.

- Axial Airflow provides the most concentrated and efficient drying possible to make dry times even faster, while saving you money
- Patented oval cylinder perforations prevent small metal objects from passing through and damaging the dryer's sweep sheets
- Extra-large doors and heavy-duty hinges stand up to the repeated use of high-traffic vended laundries
- Inverter-driven motors

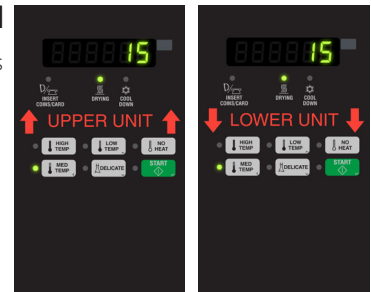

Quantum® Touch Control

Reimagine your laundry experience with the Speed Queen Quantum Touch display. Clear, easy to use, easy to understand directions with profitable cycle modifiers enhance your customers' experience and increase return on investment.

Quantum® Gold Control

Offers five basic cycles and benefits such as PC programming and machine audit capabilities, as well as time-of-day pricing, and a lucky cycle for loyal customers. As gas prices continue to rise, Quantum Gold enables owners to set dry cycle times right down to the second for maximum profitability.

ProCapture™ by Speed Queen®

Through an industry-first patented process, ProCapture by Speed Queen captures up to 98% of tumble dryer lint. This breakthrough technology produces a number of benefits including real dollars in savings.

Commercial Single Washers and Dryers

SFN	SWN	SD(G/E)
21.5 lb (9.5 kg)	16 lb (7.3 kg)	18 lb (8.2 kg)

Front Load Washers

- Revolutionary balancing technology redistributes even the most unbalanced loads for consistent cycle times, minimized vibration and reduced noise
- Increase spin speed extracts 440 G-Force to maximize moisture removal, helping to minimize dry times
- 20% increase in capacity with improved water usage for superior washability, increased resident satisfaction and lower utility bills
- Heavy-duty design features like a rugged suspension system and stainless steel washtub and outer drain tub to deliver long-lasting performance
- Four times more flushing and siphoning delivers superior cleaning of the 4-compartment soap dispenser
- Front control option is ADA compliant without base

Top Load Washers

- Durable stainless steel tub becomes smoother with each use, so it won't pill, snag or fray clothes
- 150 G-Force final spin speed extracts more water from loads reducing the energy costs associated with long drying times
- Advanced suspension system decreases the possibility of an unbalanced load issue
- Secure high-capacity coin vaults feature a double-wrapped steel front and are secured to the washer top with heavy duty bolts
- No lid lock

Single Dryers

- Extra-large capacity with industry-leading large door opening for easy loading and unloading
- Durable galvanized steel cylinder
- Upfront lint filter for easy cleaning
- Front control option is ADA compliant without base

Commercial Stacked Washers and Dryers

ST(G/E)

W: 21.5 lb (9.5 kg)
D: 18 lb (8.2 kg)

SS(G/E)

2 × 18 lb (8.2 kg)

Stacked Washer-Dryers

- A front load washer and dryer in the floor space of one unit
- Revolutionary balancing technology redistributes even the most unbalanced loads for consistent cycle times, minimized vibration and reduced noise
- Increase spin speed extracts 440 G-Force to maximize moisture removal, helping to minimize dry times
- 20% increase in capacity with improved water usage for superior washability, increased resident satisfaction and lower utility bills
- Heavy-duty design features like a rugged suspension system and stainless steel washtub and outer drain tub to deliver long-lasting performance
- Four times more flushing and siphoning delivers superior cleaning of the 4-compartment soap dispenser
- Extra-large capacity with industry-leading large door openings for easy loading and unloading
- Durable galvanized steel cylinders
- Upfront lint filters for easy cleaning
- Bottom unit is ADA compliant

Stacked Dryers

- Two dryers in the floor space of one
- Extra-large capacity with industry-leading large door openings for easy loading and unloading
- Durable galvanized steel cylinders
- Upfront lint filters for easy cleaning
- Bottom unit is ADA compliant
