## Loyalty order: Lemon essential oil, 15 ml

Who needs synthetic air fresheners and cleaning sprays when you have Lemon? Simply add a few drops of Lemon to a spray bottle with witch hazel and water to freshen the air and uplift your space, naturally. You can even use it to tackle sticky messes, like stubborn labels and leftover adhesive.

## Peppermint essential oil, 15 ml

Cool, crisp, and always in your top drawer—Peppermint is so much more than a minty scent. Its sharp aroma can promote an environment of focus, and its natural menthol delivers an instant cooling sensation. Rub it on post-workout or diffuse it when you need a blast of fresh, feel-good energy—especially on hot summer days.

## Super Magnesium™ supplement

Ditch short-term sleep aids and basic magnesium supplements. These nature-powered capsules combine bioavailable magnesium—which supports your body's natural melatonin production—with melon juice concentrate to increase magnesium efficiency in the body. Take daily to support restful sleep, healthy energy levels, a calm nervous system, and over 300 essential functions.\*
