

THE KEYSTROKE KILLER

Dr. Melissa Caudle

Dr. Melissa Caudle debuted her novel *Never Stop Running: A Novel on Reincarnation* as the #1 New Release on Amazon. She is best known for her book *The Keystroke Killer Transcendence*, a psychological thriller which took her to death row to interview serial killers. Her books have received starred reviews in Publishers Weekly, Booklist, Goodreads and on Amazon. She also writes non-fiction for screenwriters, novelists or film producers and has a series of adult coloring books called *Abstract Faces*. She does her best writing at her beach condo, on cruise ships, or in her sunny-patio-home office overlooking the paradise pool backyard. When she is not writing, she composes music, draws, paints, reads or edits other author's books. Her goal is to continue to live a full and rich life and write every day.

WHAT OTHERS SAY

"Full of shocking twists, turns and flips that will blow your mind, and have you turning the page begging for more." Jeffrey Jordan, SAG Actor

"An electrifying debut with unexpected turns and twists." Robby Cook Stroud, Literary Agent

"Truly wicked and powerful. A page turner." Rockin Dopsie Jr., Grammy Nominated Zydeco Musician

"*Makes Fifty Shades of Grey and Silence of the Lambs look PG.*" Kelly Cheatem, Realtor

"A saga like no other. A must read." Erin Cadiere, CEO – No Regrets Apparel

New Orleans - 2058 - MATTHEW RAYMOND, a private detective, locked into a maze of deceit and deception uncovers the truth of Project Transcendence. A gripping page-turning thriller serial killer novel in the tradition of "The Silence of the Lambs," "Darkly Dreaming Dexter," and "Misery" that demands to be read. One part suspenseful thriller of 'who done it,' one part science fiction and one part sizzling erotica that makes "Fifty Shades of Grey" look PG, "The Keystroke Killer: Transcendence" is an impressive debut for Caudle as she weaves her characters into a dark and twisted journey to uncover a deranged and utterly immoral serial killer who controls a weapon of mass destruction. Set in the backdrops of political corruption and scandal in 2053 New Orleans, the novel follows Matthew a tortured private investigator as he tracks down a violent and dangerous serial killer who is destined to become one of the most genuinely chilling serial killers in fiction. "The Keystroke Killer" is unforgettable and grisly disturbing you will not likely forget. This novel is not for the faint of heart, but is a must read that will keep you turning the pages as you hold your breath.
