

Particulate Filter 2091 – 3M

Item No: **F0101**

Application

Construction, facility sanitation, food processing, general manufacturing, and heavy infrastructure.

Description

3M™ particulate filter-P100- for environments containing certain oil and non-oil-based particles. To be used with 3MTM half and full facepieces 6000 and 7000 series with bayonet filter holders.

Features

Exceptional 99.97% filter efficiency meets NIOSH P100-series test criteria. Advanced electret media (REM) provides lightweight, easy breathing comfort. Versatile protection against many oils and non-oil based particulate contaminants. Bayonet compatibility allows use with many 3M half & full facepiece designs. Wide range of applications reduces inventory needs & training requirements.

Certificates NIOSH – A120311
