

THE YARRAMUNDI THERAPEUTIC PROGRAM (TLSW)

**CREATING THE SPACE FOR
ABORIGINAL AND TORRES
STRAIT ISLANDER YOUNG
PEOPLE'S VOICES**

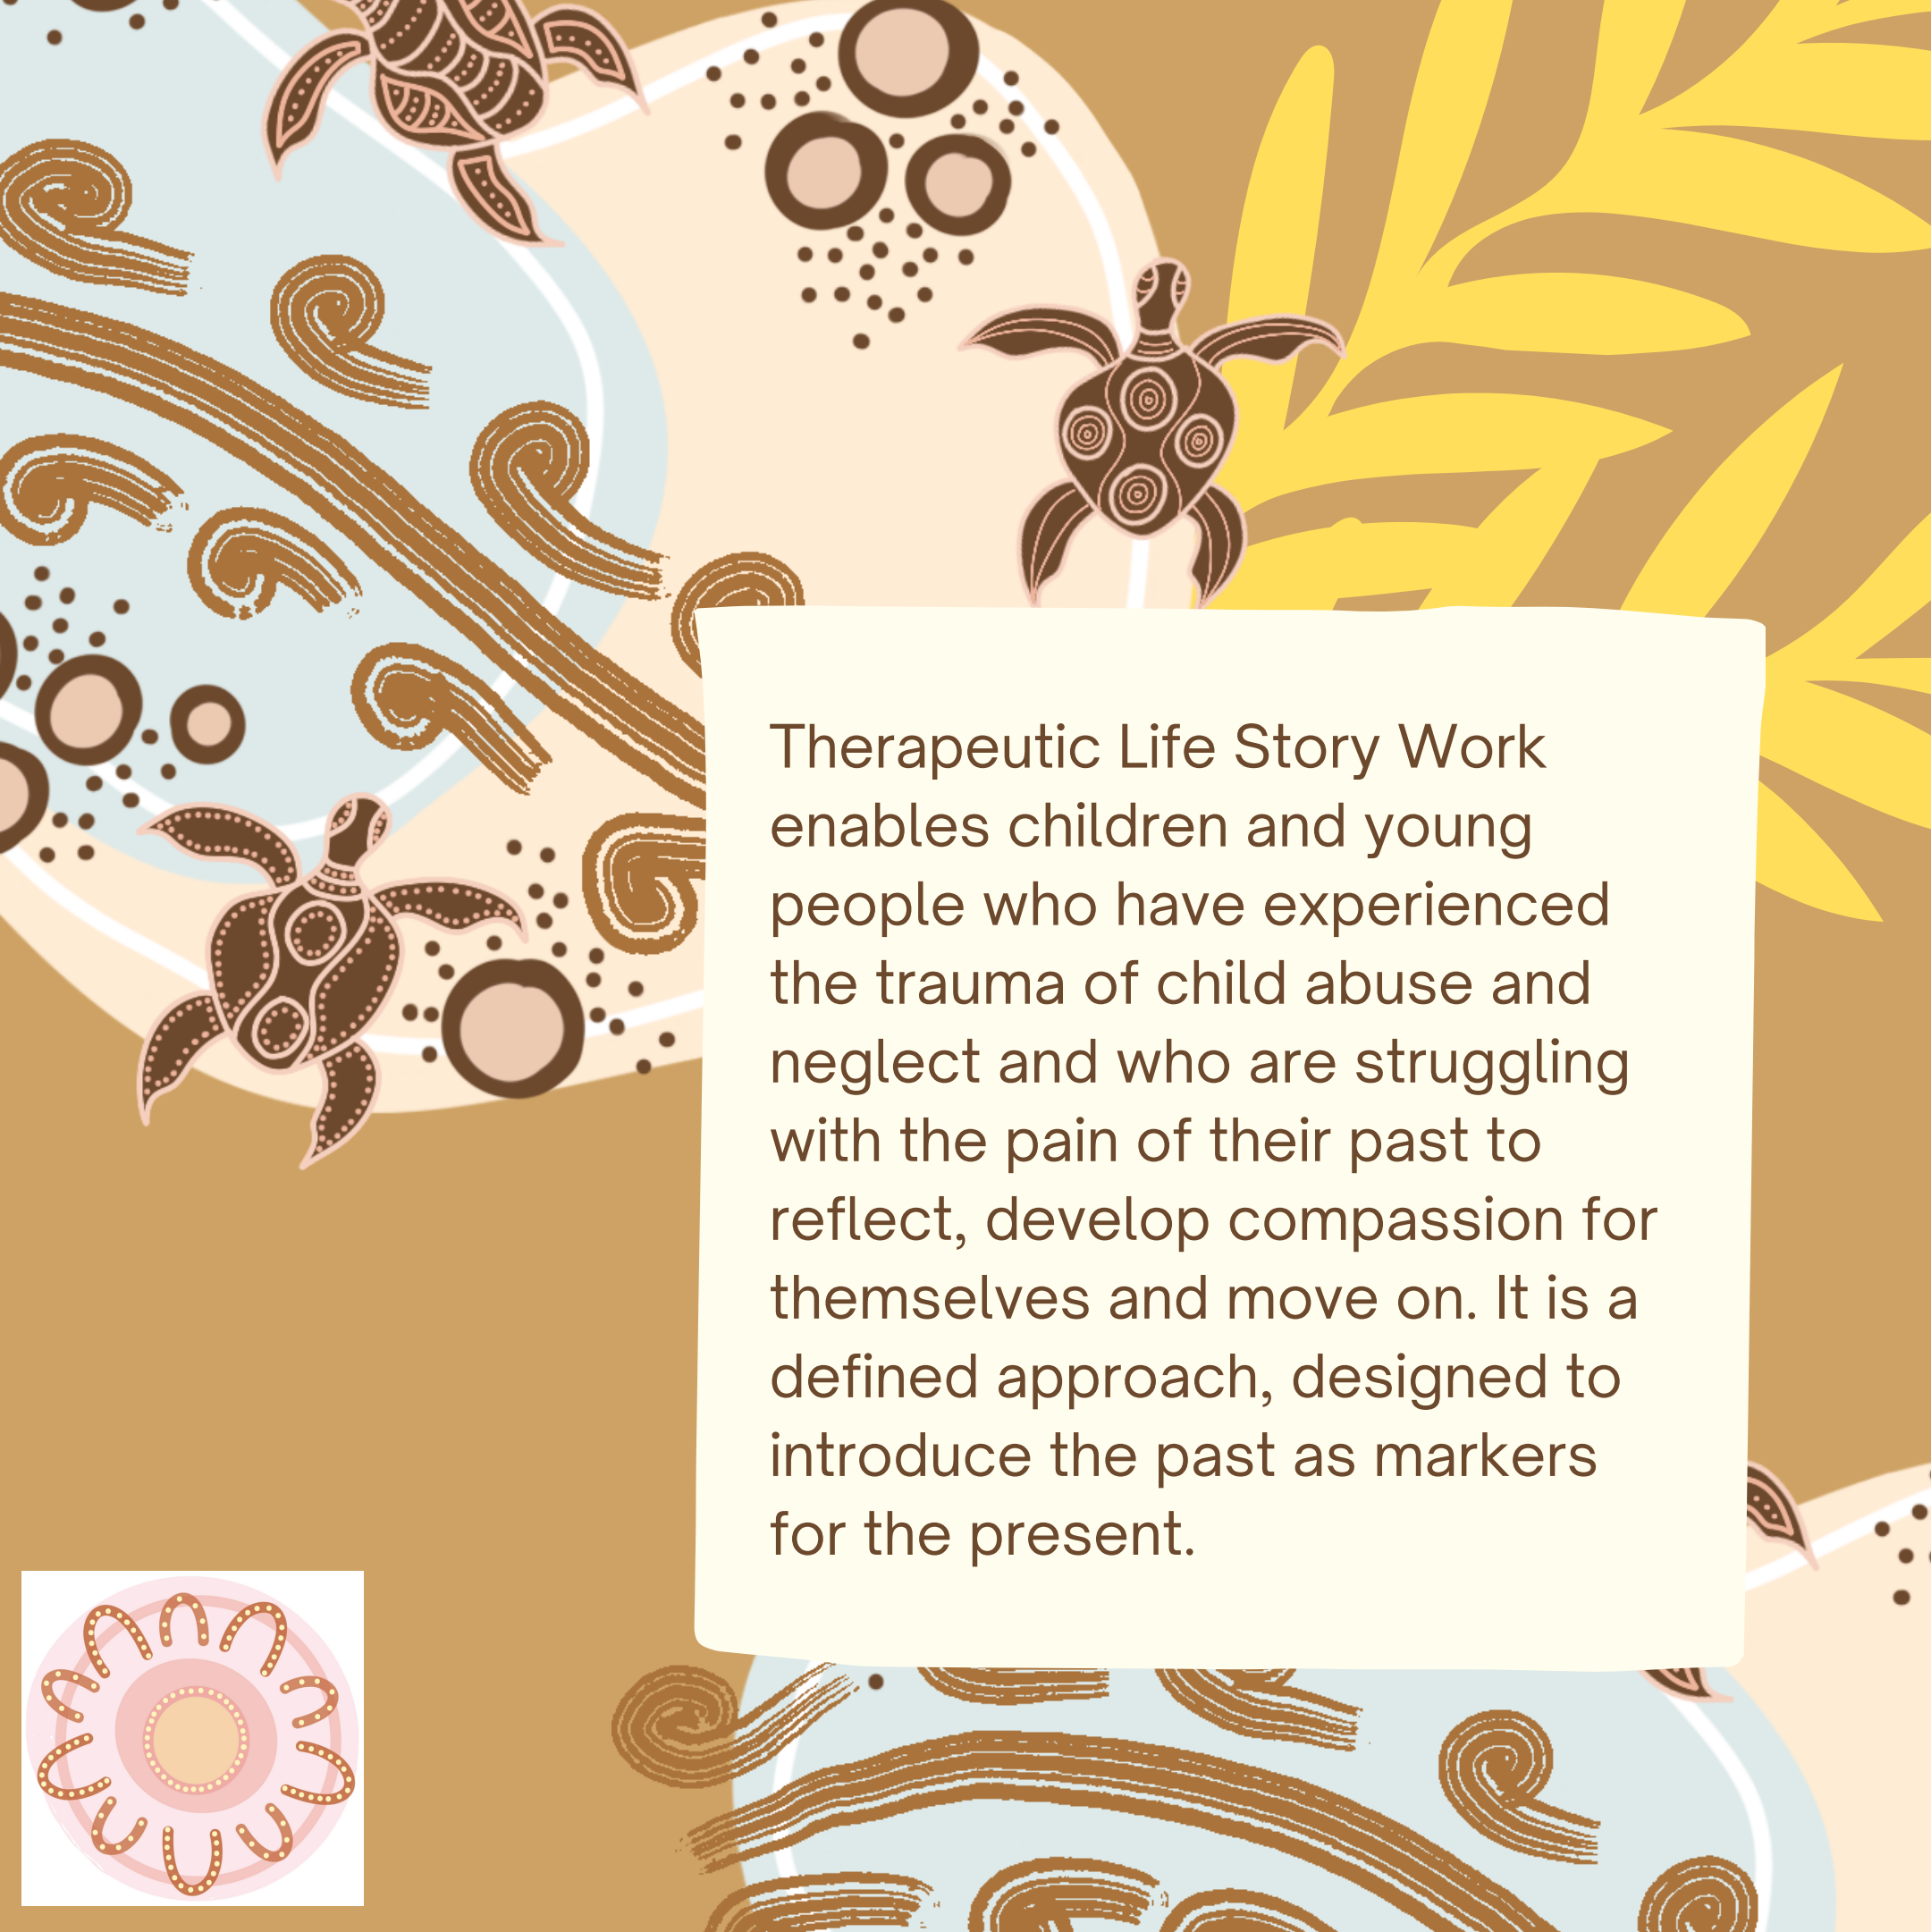

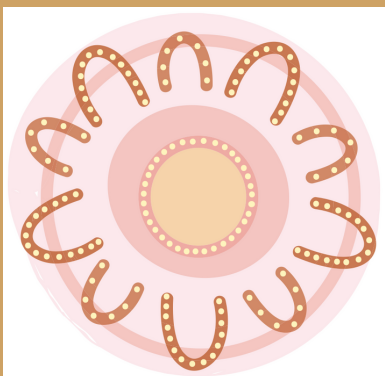

Each young person who participates in the Yarramundi Therapeutic Program is supported to reintegrate their history, resolve their sense of self; discover connection, and belonging; strengthen identity, and explore potential for their future. The child is the Yarramundi (meaning) story-teller and the work is concluded with their very own hard cover memoir.

Yarramundi was a great Booroberongal warrior and storyteller with great cultural and spiritual knowledge and skill. He welcomed Governor Phillip to Dharug Country on the banks of the Hawkesbury River, where he was caring for his son, even sleeping next to him to keep him protected at night. We believe every young person should experience connected nurture and our work sets out to remove the defensive walls children built to protect themselves against harm, so they accept and know safety, security, connection and belonging.

Therapeutic Life Story Work enables children and young people who have experienced the trauma of child abuse and neglect and who are struggling with the pain of their past to reflect, develop compassion for themselves and move on. It is a defined approach, designed to introduce the past as markers for the present.

A HOLISTIC APPROACH
