Background and experience

Please briefly present the partner organisation.

Inspired by name from history of the Kütahya city , Synaos Think Tank Association (Synaos Fikir Kulübü SFK) was founded in March 2006 in the Kütahya. Purpose of the establishment of our Think Tank Association (SFK)As, ensure to people that has intellectual knowledge living in our city bring their knowledge and experience in their field for urban and intellectual development together and attempt to keep our friends into a constructive endeavor. At the outset, our club was being established in order to efficient use of time and exchanging ideas but with increasing the number of members of club and especially new comings from the university students and academics was sat on a more effective and dynamic framework. Debates that in order to transform intellectual production to practice; to express their opinion on the decisions taken for the city, taking a side , develops at the point of offering solutions, for this purpose entered into constructive relationships with other civil society organizations in the city and with local governments and consensus was reached on a being active in terms of urban transformation projects produced.

We participated with 3 of our group members and were actively involved in all stages of the action that is name "What can We do with one Euro" Action1.1 youth exchange project was organized in 2007 in our province.

In order to implement projects that an seeing as an important part of urban and intellectual development and decided to prepare with the common wisdom ,firstly ability to communicate with institutions and people that writing and implementing projects and to request an information and opinion on the writing and implementation of the projects themselves was our first effort in this regard. To do this we have established a communication team in our club and we collect all the data in one centre. To find a partner for projects thanks to created membership in the group page on the internet , we have acquired the ability to communicate with both domestic and from abroad many groups.

All in this context in year 2008, we have implemented action 3.1. which is name "Peace is white" that was reference number TR-31-91-2008-R3

Participating in a 4.3 project held in Italy Palermo between 20-28 July 2009 with two friends of us was for the first time taking an active part in a project , as well as, observing implementing project in the place and resolving the lack of information and hardware as well as increasing constructive relationships developed there up to the point of doing joint project was an important milestone for us.

Synaos Think Tank Association(Synaos Fikir Kulübü) is accredited by MFA-NA in July 2010, and in this way in order to taking an more active roles in global projects by youth of our district, for our province a further important step was taken by our association.

What are the activities and experience of the organisation in the areas relevant for this

application?

Members of SFK have participated in many youth exchanges, seminars and training courses during the Youth in Action programme and Erasmus+ about how to be active citizens in the society in general and in their local community in particular. A few of our members are also artists: actors, dancers, singers, photographers, designers.

We keep good collaboration with our international partners and we are open for new contacts. We pay special attention involving youngsters with less opportunities and newcomers into international projects.

Some of our Youth in Action and Erasmus+ Project we have participated in are:

Aiming to raise awareness on the refugee crisis through a reflection of stories and conditions and to focus on the crucial role that civil society has/ can have for a full and encompassing integration of refugees in our communities;

Eastern Project Lab.- Training Course through which, participants will not only improve their knowledge on the topic of European values, but also develop their own tools for working with young people;

- **What can we do with one euro- Youth exchange** having as main goal the mutual acquaintance with the history, culture, customs and customs of the Balkans, the restoration of forgotten folklore values, the preservation and popularization of folk songs and dances, the improvement of inter-ethnic and intercultural dialogue, the formation of skills to work on certain issues in a multiethnic team

- **Peace is white- Strategic partnership** having as main objective to develop among young participants some basic peacebuilding and non-violent conflict resolution skills in order to make them active citizens interested in public affairs and major socio-economic changes in society aiming to exchange practices between a diverse range of youth and community based organisations in both Lithuania and Romania which deal with young people in the area of youth work, disability, challenging stereotypes and influencing policy;

- **Youth action ways to prevent immigration** - Youth exchange focused on migration that are now valuable on the human migration- first of all team work and problem solving;

- **More than tennis** - **Training course** aiming to enable youth leaders and organizations to engage in a more active, professional and consequential youth action practice;

- **Imagine your dance-** **Youth exchange** focused on the development of personal and social skills of recognized professional use among young people in the European Union, actively investigating collaborative creative processes as encouragement of empathy, listening, leadership, critical thinking and empowerment;

- **Up to you** - **Training course** for youth workers, youth leaders, EVS mentors on how to use the coaching methodology, tools, techniques and best practices to develop competences and qualities of people to realize their full potential and personal values and to find their personal motivation to set and achieve their goals;

What are the skills and expertise of key staff/persons involved in this application? Please describe background of minimally 2 persons (their youth work experiences, trainer experiences)
