## ABOUT IMUR'S ART VOYAGE

Our art voyage is a unique travel program focused on immersing participants in the local art scene, offering exceptional cultural experiences. It includes interactions with local artists, engaging workshops, and dedicated studio days for participants to work on their own creative projects. Our primary goal is to help artists expand their practices, find new inspiration, boost their creativity, and enrich their overall artistic experience. At the end of the voyage, we will host a group exhibition to showcase the artwork created by participants during their time in the host country.

- Each visiting artist must submit two paintings for the group exhibition.
- At the end of the exhibition, visiting artists will take their paintings home.
- It is the responsibility of the visiting artists to arrange and cover the cost of shipping their paintings back.
- Visiting artists have the option to sell their artwork during the exhibition; otherwise, the paintings will be displayed for exhibition purposes only
