

Press Release — Better Bee Services

FOR IMMEDIATE RELEASE

Tina Crocetti of Better Bee Services Recognized for Growth, Community Impact, and Award-Winning Service

Salisbury, MD — Tina Crocetti, owner of Better Bee Services, is helping local businesses across Wicomico County and the surrounding areas maintain cleaner, healthier, and more welcoming work environments through dependable, detail-oriented commercial cleaning.

Originally serving both residential and commercial clients, Better Bee Services intentionally shifted its focus in 2025 to primarily commercial cleaning. Today, the company services offices, medical facilities, banks, salons, municipal buildings, post-construction sites, condominiums, and several local Airbnb properties. Residential services are now limited to donation cleanings, real estate property clean-outs, and post-construction cleanings.

In 2025, Better Bee Services was honored with Coastal Style Magazine's "**Best of 2025 – Best Cleaning Company in Wicomico County**," a distinction voted on by the local community.

Crocetti, a breast cancer survivor turned entrepreneur, has built community impact into the mission of her company. Better Bee Services partners with **Unstoppable Joy** and **Cleaning for a Reason** to provide donation-based home cleanings for cancer patients and survivors during treatment and recovery.

Beyond her work with clients, Crocetti actively participates in local events, supports fellow small businesses, and looks for opportunities to give back to the community that supports her business.

"Clean spaces create peace of mind," said Crocetti. "Our goal is to give business owners one less thing to worry about each day."
