

Striping USA

Creative Striping Technician

Pavement Maintenance

Location: Dallas, Texas, United States

Job Summary:

As a creative Striping Technician with Striping USA, you will be responsible for performing a variety of manual tasks to support construction, maintenance, and other labor-intensive activities. This role involves physical work, including lifting, carrying, and moving materials, as well as assisting skilled workers in various trades. The Striping Technician may be working odd hours. A week of training will be provided; no experience is needed. Great starting pay! Looking for a teachable, disciplined, self-starter who pays close attention to detail. No CDL is required.

Key Responsibilities:

1. Material Handling:
 - a. Load and unload materials and equipment.
 - b. Move materials to and from work areas as directed.
 - c. Ensure that materials are stored properly to prevent damage.
2. Site Preparation:
 - a. Assist in preparing work sites by clearing debris and setting up necessary tools and equipment.
 - b. Help with the assembly and disassembly of scaffolding and other temporary structures.
3. Support Duties:
 - a. Assist skilled tradespeople such as carpenters, electricians, and plumbers by providing tools and materials.
 - b. Follow instructions from supervisors and skilled workers to complete tasks efficiently.
4. Equipment Operation:
 - a. Operate basic tools and machinery, such as hand tools, power tools, and small equipment, as needed.
 - b. Perform routine maintenance on equipment to ensure safe and efficient operation.
5. Safety Compliance:
 - a. Adhere to safety protocols and use personal protective equipment (PPE) as required.
 - b. Report any safety hazards or incidents to supervisors immediately.
6. Site Clean-Up:
 - a. Maintain cleanliness and organization of the work site.

- b. Dispose of waste materials and debris in accordance with company policies.
7. General Assistance:
 - a. Perform various other tasks as required by the project or supervisor, including digging, mixing materials, and assisting with installations.

Working Conditions:

- The role involves working in outdoor environments, which may include exposure to various weather conditions.
- The job may require standing for long periods, heavy lifting, and manual labor.
- Hours may vary depending on project requirements, with potential for overtime.

Qualifications:

- Education: High school diploma or equivalent preferred.
- Experience: Previous experience in a labor-intensive role is advantageous but not required.
- Skills: Ability to follow instructions, operate basic tools, and work effectively in a team environment.
- Physical Stamina: Must be able to lift and carry heavy objects, work in various weather conditions, and perform physically demanding tasks.
- Safety Awareness: Knowledge of basic safety procedures and willingness to adhere to safety guidelines.

Benefits:

- Compensation - Great starting pay!
- Benefits packages may include health insurance, retirement plans, and paid time off, depending on the employer.
