

Oct 2019

2019 In Review

Let's call it a wrap!

Thank you for supporting your Committee this year. We have appreciated the quiet moments with you and the messages and comments encouraging us along through the year – they make the difference and make us feel we are part of something special here at Ormond.

We have emphasised our club values at every turn and have done our best to live them along-side you all. We have focussed our efforts on developing all our players and coaches and providing them with support along the way and a clear pathway to follow. Knowing your kids are happy, improving themselves and feel they belong and want to come back means the world to us.

The Annual Report of the 2019 Committee can be found here [2019 OJFC Annual Report \(PDF\)](#). Below are some of the things we are pretty chuffed about – they wouldn't happen without your support – Thank You!

- five finals teams and our first girls flag
- ran league renowned development and mentor programs
- implemented a new coach development program
- developed a closer cultural and operational relationship with the Seniors
- established a healthy food pilot and revamped our canteen
- established honour boards and a digital heritage section on our web
- secured a number of substantial grants for new works and FairGo
- secured whole of club-friendly change room facilities for 2020
- established perpetual shields promoting leadership and values
- revamped our social media and digital presence and marketing
- delivered a substantial surplus to fund new merchandise and other initiatives for 2020

We also know there are some things we can work on.

The club has vitality. It's in a strong financial position, our competitiveness has substantially improved, we are respected and underpinned by lived values, and we are seen as and WE ARE a Community.

I'm humbled to be elected your President again - I'll introduce you to our 2020 Committee and some of our new key initiatives shortly.

We'll be inviting applications for 2020 Coaching positions next week. Stay tuned.

Go Monders!

Gavan Dwyer  
President Ormond JFC
