

INT. HOUSE MORNING

A muscular man is putting his shirt on in the bathroom in front of the mirror. He pulls out a new box of "Courage" Gym Perfume, and puts on a spritz. His wife comes in to grab something.

WIFE

You nervous?

MAX

Nah.

WIFE

Your first class.

MAX

Yep.

Max looks at his watch, turns to leave, and accidentally snags a towel hanging from the sink, causing everything to fly off the table all over the floor.

WIFE

It's okay, I got it, go.

MAX

Thanks Sweetie.

WIFE

You'll be great. Just be yourself!  
(under her breath):but less accident  
prone (beat) And you smell really  
good!

From off camera

MAX

Thanks!

Door slams.

INT. GYM

Max is walking into the gym, stops to take a courageous breath, then continues on in. Crossfit training is set up around the room with student awaiting his entrance.

MAX

Hey everybody, my name is Max and I'm  
your new Crossfit trainer today! Are

you guys-

The door he'd been holding slams him in the face when he let's go to emphasizes what he's saying.

MAX

-Ow! Oh! man! Ow... (beat)

Max looks into the silence while all the students' eyes are on him.

MAX

Are you all ready?!?

The room erupts with excitement.

EXT. GYM

A montage is scene of Max clumsily running a Crossfit class:

-He lifts as dumbbell and the weights slip off one end.

-He jumps up to instruct the class in a routine pull-up set and misses the bar.

-He lifts a huge tire for the class and rolls in inadvertently into a nearby desk knocking over the computer and everything on it.

Until the class is over. Two women are walking out of class.

WOMAN 1

That class was... amazing!

WOMAN 2

I know! Our new instructor smells so good!

INT. HOSPITAL

Max is in a bed with a huge cast on one of his arms. He has the phone to his hand.

MAX

It was just a freak accident...yeah babe, I'm fine...hold on, the doctor's here.

DOCTOR

Well, your humerus, radius, and Ulna are all unfortunately fractured in

multiple places.(beat) But, wow, you  
smell *really* good.

WIFE (VO)  
It's true honey, you do smell really  
good.

MAX  
That's great news! My Courage Gym  
Perfume saved the day, huh?

WIFE (VO)  
yep.

DOCTOR  
definitely.
