

GYM INT.

1

Sam walks by a gym goer working the chest press in the gym. He's suddenly transported to a beautiful grass hill, a picnic laid out with a man and woman enjoying each other's company, butterflies, beautiful perfect sunny day. The gym goer woman is there but now she looks like she is mimicking the chest press in mid air near the picnic.

Sam, confused, takes a step back and is back in the gym. The gym goer is doing the chest press.

Sam takes another step forward and as if it's a light switch, he's taken back to the picnic. Then in a step back, as if to test the line, he steps back and forth in curiosity.

SAM

Wow....

He looks over to the Gym Perfume Girl.

SAM

..you smell nice.

GYM PERFUME GIRL

Thanks, Gym Perfume. It takes you somewhere doesn't it? (Beat)

Sam takes a step forward to the picnic world. a close up of the couple show Sam enjoying time on the blanket with a loved one.

SAM

Yeah. It sure does.

The camera hears a grunt that causes Sam to look over. See's the woman awkwardly working on nothing completely out of place
