

Dear Friend of Pasdari,

Something is beginning. You helped start it.

In June of 2025, we held a program titled “Azadari Main Riwayat Ki Pasdari — Urdu Zabaan kay Hawalay say” — an evening that brought our community together around the language at the heart of our tradition.

If you missed it, you can watch the full program here:

Following the program, we sent a survey in the fall of 2025 to gauge our community's relationship with — and interest in — the Urdu language. You were among those who responded.

We heard you. And we have been building.

In the weeks ahead, we will be sharing what is taking shape — a series of conversations, resources, and initiatives rooted in the belief that a language is not merely a tool of communication, but the living vessel of a civilization.
