

# Restoring Hope

...And they said, "Let us rise up and build." So they strengthened their hands for the good work.

Nehemiah 2:18

We will raise \$200,000 for the Restoring Hope initiative. As we rally around this vision, we will easily achieve this objective **over the course of three years.**

Example: If 40 families committed to giving \$5,000 over the course of three years we would achieve our goal. \$5000 over the course of three years translates to a commitment of \$1,667 per year or \$139 per month.

We have over 80 families in our church and we realize that every family's financial situation is unique so we're asking that you prayerfully consider what you can give above and beyond your current giving. When you have, please fill out the commitment form below.
