## 7. Informational Reports

### 7.1 Executive Director Report – Lisa Ortiz.

Executive Director Lisa Ortiz reported that the Board recently completed its financial audit with Hinkle & Landers, which resulted in one finding. The audit report has been submitted to the

State Auditor's Office. The finding related to internal controls over the approval of disbursements. In response, responsible officials have provided their views and developed a corrective action plan. The Board acknowledged that documentation of approval for the listed amounts was inconsistent; however, all expenditures were legitimate and allowable Board expenses.

To address the finding, the Board has revised its approval documentation process to include a cover sheet listing all items approved for payment. This cover sheet will require the signature of the authorized employee approving the payment, along with the date of approval, to ensure consistency. All documents will include the required approval signatures and stamp before being submitted to the Fiscal Agent.

Executive Director Lisa Ortiz also reported that the Monitor Program and Fiscal Monitoring by DWS is scheduled for April 20, 2026, in Santa Fe. DWS has provided a list of documents that must be submitted by March 13. She further noted that she and the Fiscal Agent have been meeting regularly with the service provider to ensure spending remains on track. As the fiscal year draws to a close, they are working to ensure that all funds are fully expended before they expire.

#### 7.2 NM DWS Report – Veronica Alonzo.

Crystal Hollon from DWS informed the Board that Veronica Alonzo from DWS was unable to attend the meeting and had no updates or information to present at this time.

Board Member Dr. Rebecca Estrada asked Crystal Hollon whether she was permitted to share that the Governance Policy has been updated and will be presented at the next Workforce Board meeting. Crystal Hollon responded that she believed she could, since the item was included on the agenda.

Board Member Dr. Rebecca Estrada explained that the State Workforce Board has completed its policy review process through the Policy Committee, and as Crystal noted, the item is on the agenda for the upcoming State Workforce Board meeting. She added that once the policy is approved and updated at the state level, it will be rolled out to the local boards, which will then need to revise their policies to ensure alignment.

#### 7.3 Financial Report – Fiscal Agent Rick Sandoval.

Fiscal Agent Rick Sandoval presented the December financial report, noting that the largest amount under Current Assets—\$393,000—represents funds the Board has already expended and is awaiting reimbursement from DWS. Liabilities include accounts payable, or bills received but not yet paid. He clarified that the line-item bank overdraft does not indicate a negative bank balance; checks are prepared in advance and held until reimbursement funds are received and deposited.

He also reviewed the three components of Net Assets, explaining that unrestricted funds are available for Board discretion and come from non-WIOA sources such as donations and county contributions, which carry forward each year.

In response to Board Member Rudy Garcia’s question about Grants Receivable (\$393,856.67), Rick explained that this amount reflects reimbursement requests submitted to DWS that have not yet been deposited. Once received, the balance will be reduced or cleared.

Fiscal Agent Rick Sandoval then presented the Statement of Activities, organized by funding stream. The first page reflects activity for the month of December, detailing expenditures by line item, with provider and training costs representing the largest expenses.

Fiscal Agent Rick Sandoval also explained the activity through the end of December, totaling \$1.9 million in expenditures. Under the unrestricted column, the Kellogg Foundation funds—part of the second year of a two-year grant—were primarily used for training-related activities.

Fiscal Agent Rick Sandoval stated that the U.S. Department of Labor recommended to open an interest-bearing account, so the amount stated in the report (\$700) is what was earned in the last 6 months. Board Member Rudy Garcia asked whether opening the new bank account was a Board recommendation or one made by the financial team. Rick Sandoval explained that the recommendation was to open an interest-bearing account. The Board worked with its current bank to establish a money market account that earns interest on funds not needed for immediate expenses. At times, reimbursements from partners create cash balances exceeding \$100,000 before additional funds are requested, so the U.S. Department of Labor recommended placing those funds in an interest-bearing account.

Board Member Rudy Garcia asked whether the Board had shopped around for banking services. Rick responded that they reviewed options but remained with their current bank, which provides services such as ACH and wire transfers at no cost.

Lastly, he presented the Budget to Actual report for the Period July 1, 2025 – December 31, 2025. In reviewing expenditures and ensuring compliance with required spending percentages, one line item that often exceeds the target is the One-stop locations. This is because the Board pays the facility rent upfront and then seeks reimbursement from partners. Currently, partners are billed quarterly for these expenses, allowing the Board to ultimately recognize only the net cost.
