V.A. Youth RFP
Board Member Rock Ulibarri stressed major concerns with the transition dates in the RFP's. There is currently only 1 month for a transition period and Mr. Ulibarri felt that is not enough time for a smooth transition and suggested at least 3-4 months for this period. He also suggested the contract begin in July 2021, not 2020.

Margarito Aragon of DWS explained that this was a decision made early in oversight. It was agreed that the Board needed to do this and was made as item 3 on the oversight list. The Board is running out of time, which is why the timeline is so aggressive. If dates are changed, the requirement for oversight will not be met.

Executive Director, Dr. LeAnne Salazar-Montoya suggested that the dates be adjusted as long as it will be rewarded by 3/1/2020. This RFP needs to be issued.

Board Member Jolene Nelson suggested to provide strong language regarding transition once a reward is issued and thinks the RFP is ok the way it is.

Mr. Zane Fischer asked if we have latitude to contract with a new contractor and extend with SER simultaneously for 2 months? Margarito Aragon advised that you can do that because SER has one more extension renewal left. Mr. Aragon reminded the Board that the deadline is the end of the month to approve and issue the RFP's. These have to be approved and out by 1/31/2020 or the state may be triggered to strengthen oversight or possibly decertify the Board.
