Background Information
In July 2014, the Workforce Innovation and Opportunity Act (WIOA) was signed into law. WIOA is designed to help job seekers access employment, education, training, and support services to succeed in the labor market and to match employers with the skilled workers they need to compete in the global economy. Congress passed the Act by a wide bipartisan majority; it is the first legislative reform in 15 years of the public workforce system. WIOA supersedes the Workforce Investment Act of 1998 and amends the Youth Education and Family Literacy Act, the Wagner-Peyser Act, and the Rehabilitation Act of 1973.

One of Ten Local Workforce Development Areas in the state of New Mexico, Northern Area Local Workforce Development Board covers 10 counties in the Northern part of New Mexico. Those counties are: Cibola, Colfax, Los Alamos, McKinley, Mora, San Juan, Rio Arriba, San Miguel, Santa Fe, Taos. The Board of Commissioners from each of those counties has appointed one of their own to set on the Chief Elected Officials (CEO). The CEO has appointed the Northern Area Local Workforce Development Board (NALWDB) as the Local Workforce Development Board (WDB) for the area. The CEO has selected the Northern Area Local Workforce Development Board (NALWDB) to act as their fiscal agent. NALWDB provides board staffing, fiscal agent functions, and does the contracting of WIOA service provision. Operation of the One-Stop Centers, Youth Services has been currently contracted through ResCare Workforce Services.

The purpose of the WIOA Programs is to provide allowable workforce development activities to eligible clients that will increase employment retention and earnings of participants and increase occupational skill level attainment by participants. As a result, successful application of these activities will improve the quality of New Mexico workforce, reduce welfare dependency, and enhance the productivity and competitiveness of the State and Nation. The WIOA places an emphasis on serving youth within a comprehensive youth development approach that focuses on long-term services that provide the education, skills, work experience, and support that youth need to successfully transition to careers and productive adulthood. The WIOA youth funds are targeted at young people who are both in and out-of-school, to assist them in their career and educational development. However, bidders should acknowledge that in order to meet youth expenditure levels established in WIOA, 50 percent of all youth funds must be spent on out-of-school youth. Bidders are encouraged to read the Act to understand the scope of authorized activities. In general, these activities are:

a) to establish a one-stop delivery system described in section 121(e);
b) to provide youth workforce investment activities as described in Section 129

c) to establish and develop relationships and networks with large and small employers and their intermediaries; and
d) to develop, convene, or implement industry or sector partnerships.”
Youth Activities include:

1. Provide an objective assessment of the academic levels, skill levels, and service needs of each participant.
2. Provide individual service strategies for each participant.
3. Provide activities leading to the attainment of a secondary school diploma or its recognized equivalent, or a recognized post-secondary credential.
4. Provide preparation for post-secondary educational and training opportunities.
5. Provide strong linkages between academic instruction and occupational education that lead to the attainment of recognized post-secondary credentials.
6. Provide preparation for unsubsidized employment opportunities, in appropriate cases.
7. Provide effective connections to employers in in-demand industry sectors and occupations of the regional labor market.

NALWDB, in coordination with the CEO, is seeking to establish and build a partnership with an organization which can demonstrate that it can provide a positive and measurable impact on youth while building a network of employment and training service providers in the Northern Area Local Workforce Development that will assist eligible youth in securing in-demand occupations (high-demand, high-wage and high-skill occupations as defined per the NALWDB Program Policy No. 14, In-Demand Occupations.

Purpose of Proposal
The purpose of this RFP is to solicit proposals from qualified entities to provide the WIOA Youth Workforce Investment Services for the Northern Area Local Workforce Development Board. The proposal which, in the opinion of the awarding body, best provides for establishing a workforce system of services in the Northern Area Local Workforce Development Board will be invited to enter into contract negotiations. Resulting contracts will be negotiated with respect to cost, scope, and content in a manner that achieves the establishment of this System in the best interest of the Local Area. The successful bidder’s program will be required to provide services to youth. The period of performance will be July 1, 2020 through June 30, 2021. Any contracts entered into as a result of this RFP may be extended for two (2) additional one-year periods, if agreeable to both parties.
Youth Outreach

1. The provider is expected to initiate an organized outreach approach which will reach out to and provide services to the youth via online social media and other outlets which are innovative and targeted at recruiting youth in our area.
2. NALWDB expects the provider to have an outreach plan outlining idea for the Youth initiatives; ideas and inspiration to attract youth for the programs that are provided.
3. Outreach in the schools located in the 10-county region designated, these networks may lead to the identification of targeted youth no longer attending school but living in in the area.
4. Provider shall participate in community service projects advertising our youth programs and identifying potential new venues for participants.
5. Inviting the youth to participate in trainings in the Northern county

General Proposal Information

This proposal may make references to the WIOA Grant Recipient and/or WIOA Fiscal Agent. For this RFP, those references are for the same entity. The WIOA Fiscal Agent is the entity designated by the Chief Elected Officials Consortium and in this workforce development area it is the Northern Area Local Workforce Development Board (NALWDB).

This proposal also makes references to the Workforce Development Board (NALWDB). For this workforce development area this is the Northern Area Local Workforce Development Board. The proposer should note that the roles of various parties in the WIOA system are flexible and may vary from one workforce investment area to another. Even within one workforce development area the roles of the NALWDB, WIOA Fiscal Agent, Youth Committee, and other entities may vary from time to time depending upon changes in the roles as determined by the appropriate governing entities. These changes should not affect the sub-recipient(s) in carrying out the tasks required in the contract(s).

The Workforce Development Board (NALWDB) authorized this Request for Proposal (RFP) to procure services and/or products as described in this package. All individuals, companies, agencies or other entities submitting proposals must be aware of the limitations stated in this section.

The NALWDB, in receiving proposals, reserves the right to withdraw this proposal at any time prior to the signing of a contract(s). The NALWDB reserves the right to cancel or reissue this RFP in part or in its entirety.

Proposals selected for review will be evaluated and may be negotiated. The NALWDB reserves the right to fund all, some, or none of the proposals received. The actual amount of any contract(s) that is written is subject to negotiation prior to the finalization of the contract(s). Selected Sub-recipient(s) will be required to manage the youth direct client cost. The proposals that are most advantageous to the NALWDB in terms of both quality and cost will be recommended for contract(s) negotiations.

Proposers may be asked for clarifying statements or other data prior to or during the review and negotiation process. These statements or data will be requested only to clarify items already included in the proposal that was submitted. The statements or data provided by the proposer will be considered to be a part of the proposal.

Proposals selected for review will be evaluated according to criteria set forth in this proposal package. Some evaluation criteria will have minimum acceptable scores that must be met. Failure to meet the minimum scores will eliminate the proposal from further evaluation and consideration. Proposals will be evaluated by a team of evaluators. This team may consist of members of the NALWDB, Youth Committee, Local Elected Officials, or others to whom this task has been assigned. The evaluation committee will make a recommendation to the NALWDB, the Chief Elected Officials (CEO) or other entity to which this responsibility has been assigned. That entity will then make the final decision on the organization(s) to which a contract(s) will be awarded.
The evaluation team will only review proposals for programs that include the services requested in this proposal package. Proposers may include additional services as a part of the proposal, but the proposal must, at a minimum, contain the training and/or services that are specifically shown.

The proposals that are received will be made available, upon request, to the public. However, the proposals will be made available only after the NALWDB has made the award to a proposer and the protest period has begun.

The NALWDB has established a procedure to resolve any protests, disputes, claims, or grievances that may arise from this procurement process. A copy of this procedure will be made available to any proposer upon request. This procedure gives a proposer an opportunity to protest the award and provides for a review of the process and a determination to be issued by the individuals conducting the review. The notice of award and notice of the protest process will be provided at the time proposers are notified of the outcome of their proposal. This notice will be provided to each proposer within 5 days of the date of award of a contract(s) and may be provided via e-mail, fax, direct contact by telephone, or by regular mail. The protest process will provide for a minimum of 5 days for a proposer to submit a protest. The notice of the protest process will provide information on the name and contact information of the individual to whom the protest must be submitted.

Proposers shall not offer or provide any gratuities, favors, or anything of monetary value to any officer, member, employee, or agent of the NALWDB, Chief Elected Officials, Fiscal Agent, Youth Committee, or other organization for the purpose of having an influencing effect toward their own proposal or any other proposal submitted hereunder.

Modifications to proposals that have been submitted will be accepted only under these guidelines. (1) The original proposal that was submitted must be withdrawn. The proposer must provide a written request to withdraw the original proposal; and (2) a complete new proposal must then be submitted. No changes may be made to the proposal subsequent to the deadline March 16, 2020.

Pre contract(s) costs and the costs of preparing this proposal are not allowable costs and cannot be included in the proposal budget nor in any resulting contract(s) budget.

Proposers should be aware that funding for WIOA programs is always subject to availability and other conditions. Funding for future periods may be changed significantly if appropriations for WIOA programs change or if demographics change within the State or local workforce development area.

No employee, officer, or agent of the NALWDB, Chief Elected Officials, Youth Committee, or other organization shall participate in the selection, award, or administration of a contract(s) supported by WIOA funds if a conflict of interest, or potential conflict, would be involved.

Proposers shall not engage in any activity that will restrict or eliminate competition. Violation of this provision may cause a proposer's bid to be rejected.
The NALWDB reserves the right to contact any individual, agency, employer, or grantees listed in a proposal, to contact others who may have experience and/or knowledge of the bidder’s relevant performance and/or qualifications, and to request additional information from any and all proposers. The NALWDB also reserves the right to conduct a review of records, systems and procedures, including credit and criminal background checks, of any entity selected for funding. This may occur either before or after the award of a contract(s) or agreement. Misrepresentation of the proposer’s ability to perform as stated in the proposal may result in cancellation of any contract(s) or agreement awarded.

The sub-recipient(s) will be monitored by the WIOA Fiscal Agent and/or NALWDB monitors and must have an annual audit included in the contract(s). Other monitors, auditors or reviewers from State and/or Federal agencies may also monitor or audit the sub-recipient(s) and must be provided access to all records and documents associated with the performance of this contract(s).

The sub-recipient(s) that is selected through this RFP is expected to be familiar or become familiar with the WIOA Act and Regulations and applying them in developing the response to the RFP. The NALWDB and/or WIOA Fiscal Agent will, after the contract(s) has been awarded, provide technical assistance to the sub-recipient(s).

The Contract(s) That May Result from This RFP

Winning bidders must be willing to ensure services are available to be delivered in all 10 counties without regard to whether there is a permanent presence in any one county.

Interaction with the business community in the entire area is a necessity. This means any sub-recipient(s) must have staff that can assist the business community member as well as eligible participants; this may be done by making direct contact or relying on a partner member to initiate contact with businesses. The resulting contacts often mean that staff must be ready to provide quality referrals to employment to aid companies actively recruiting new employees. This process requires that staff in work in unison with not only the Board, but also partners. The primary objective of the Board is to place its business customers in a more competitive position than prior to receiving our services. This can mean ensuring the appropriate jobseekers are referred to fill open positions, clients are afforded the opportunity of increasing their job skills in order to make them more competitive and both our jobseekers and businesses become more profitable as a result of being engaged with the workforce system in Northern New Mexico.

not limited to: a post-secondary educational institution, a community based

provide effective services to youth that reside in Northern New Mexico Workforce
Area. In addition, the provider of WIOA Youth Programs is a mandated partner in the
One-Stop System, the successful bidder will deliver the respective WIOA program
services through sites as identified in the workforce development area. Current sites
are in San Juan, McKinley, Cibola, Santa Fe, Rio Arriba, Los Alamos, Taos, Colfax,
Mora, San Miguel. It is also incumbent on the winning sub-recipient(s) that services
be available to be delivered in all 10 counties.

Any proposer with whom the Local Workforce Development Board (LWDB)
executes a contract for the provision of the services described in this Request for

Availability of Funds

Funding for each program year is determined by the US Department of Labor based on an established formula for WIOA State Formula Funds awarded to States by no later than July of each year. For planning purposes, the respondent to this RFP should understand that level funding for each program year is approximately $925,000 in Youth Funds. PY2019 amounts are subject to change, based upon the actual amount allocated to the region and available carry-over funds, if any, allocated by the WDB. PY 2019 funds are to provide for the entire cost of operations including but not limited to; Board staff and support, fiscal agent, One-Stop Operator, service provision staff and supplies as well as money for all direct client cost payments. NALWDB as the fiscal agent is responsible for providing system support.

It is understood that funds will fluctuate from year-to-year. The contract agreement shall be modified to increase or decrease funding as needed to reflect actual federal funds received during the contract period. The successful sub-recipient will be
awarded a cost-reimbursement contract with the possibility of a negotiated profit margin for those eligible entities. The Board may expand the scope of the contract to include other workforce programs, funding or requirements that the Board deems necessary and appropriate.

All agreements are subject to the availability of funds to the Northern New Mexico Workforce Area.

Incorporation of RFP into Contract
All conditions contained in this Request for Proposals and completed Forms and any statements contained in the Request for Proposals will be incorporated into any contract regarding this matter. Failure of the contracting organization to accept these obligations may result in the cancellation of the selection. The sub-recipient shall assume responsibility for all services offered in their bid proposal whether or not they were produced. The sub-recipient will be responsible for all material errors and omissions in the performance of the contract.

Payment Process
The Board will use a cost-reimbursement contract which may or may not include a pay for performance piece as well as potential profit for eligible entities. The selected sub-recipient will be reimbursed for allowable actual service delivery costs on a monthly basis after submittal and approval of payment vouchers as instructed in the contract.

In addition to the provisions of this Request for Proposals and the awarded proposal, which shall be incorporated by reference in the contract, any additional clauses or provisions required by the terms and conditions will be included as an amendment to the contract.

The Board values high performance, continuous improvement and responsiveness to Board and system customer needs. The Board understands that a for-profit entity may be selected through this process. If so negotiations for arriving at a methodology for rewarding exceptional performance in the form of profit will be finished before the start date of the contract.

The successful bidder may only serve eligible individuals using WIOA funds as defined by the WIOA and is responsible for all WIOA participant enrollments in the Northern New Mexico Workforce Area. The successful bidder shall create, collect, and maintain all records relating to One-Stop operations and WIOA service provision activities that are required to be made by applicable federal or state laws or regulations, made relevant by guidance from the U.S. Department of Labor, and/or which are necessary for determining the Northern New Mexico Workforce Area’s attainment of the local levels of performance negotiated with the Governor and the chief elected official of the Northern New Mexico Workforce Area. Reimbursement for
program costs will be made on a monthly basis providing that these performance standards are being met. Performance Standards will be reviewed on a monthly basis.

For examples of past and current Performance Standards see also Section III.B.3 Program Outcomes and Deliverables of this RFP.

Any revenues above costs generated by any not-for-profit organization through use of these funds, including interest income or other program generated income, must be reported and then returned to the WDB. Any return of revenues to the provider for use to extend the contract or provide additional services will be at the sole and absolute discretion of NALWDB.

Proposers may not charge individuals eligible for workforce programs a fee for any service; however, if the proposal intends to charge fees for non-eligible individuals and/or businesses, the service and fee structure must be fully described in the narrative. The Board reserves the right to retain a portion of the income generated from such activities. The sub-recipient will be responsible for all benefits (vacation, health insurance, etc.) and withholdings as any staff of the sub-recipient will remain staff of the sub-recipient and will not become employees of NALWDB. The contract will be solely for personnel, professional development, and training and supportive service funds for eligible clients. NALWDB will only reimburse personnel costs for time actually worked, and reasonable vacation, sick leave, and holidays as provided for in the bidder’s personnel policies and earned during the contract term. No other paid leaves of absence will be reimbursed by NALWDB nor should they be part of the negotiated sub-recipient price.

Subcontracting
The WDB acknowledges the need to form viable partnerships that will help to enhance the delivery of Youth workforce development activities identified in the State Plan throughout the Northern New Mexico local workforce area. Proposals utilizing specialized services to deliver such activities may include sub-recipients and/or vendors. Any subcontracting must be clearly identified in the proposal narrative and the Board prior to contract execution must provide approval. If the proposer currently subcontracts certain functions or activities and intends to do so as part of this proposal, the sub-recipient/vendor must be identified, and a certification included from the sub-recipient/vendor attesting to their agreement to the terms of the proposal and any resulting contract.

Interview Rights to Jobs Created
The successful proposer for WIOA Youth services must agree to interview all incumbent program operations staff who applies for employment with the new provider. Incumbent staff will be granted consideration for experience in lieu of education requirements for any position for which they are otherwise qualified. In
the event of a transition and a reduction of staff, the Board shall carefully oversee the process to ensure that there is no loss of service or reduction of quality.

Contract Provisions
The contract(s) will have provisions regarding the provision of services being delivered in a functional delivery system. This may require the sub-recipient(s) to provide some services that are traditionally delivered by other entities that are none-the-less allowable services. In functional delivery system, other entities may also be required to deliver some of the services that are included in the statement of work of this contract(s).

The contract(s) may also have provisions which are not described in this RFP. Those provisions may be necessary due to changes in applicable laws or regulations, provisions added or changed to reflect negotiations made subsequent to the issuance of this RFP, requirements not known at the time of the issuance of this RFP, or other reasons.

Contract(s) Based Costs
All costs that are approved in a contract(s) must be reasonable and necessary to carry out the planned functions. The costs must be allowable and allocable to the proper grants and cost categories. If the sub-recipient(s) is a public entity or non-profit entity, the contract(s) will not include a provision for profit. Profit margins with for-profit organizations may be negotiated. Profit margins must be reasonable and cannot be based on a percentage of actual costs. Profit margins will be based upon meeting and/or exceeding standards. It is anticipated that a higher profit margin may be negotiated for exceeding negotiated performance goals. Profit will be paid on a quarterly basis depending on meeting negotiated standards.

The sub-recipient will be reimbursed for actual travel expenses required for travel within the region as well as for meetings and conferences provided by NALWDB, as applicable to WIOA. Other out of area travel must be approved in advance by the Board’s Executive Director and the sub-recipient must have the funds in their budget to support the requested travel.

Proposers should note that they are not required to provide rent, utilities, telephone service and telephones, internet service, janitorial services, lawn and grounds maintenance, equipment purchases, equipment maintenance, equipment software, and assessment supplies for One Stop Center and Satellite offices. All of these items will be provided by the WIOA Fiscal Agent for the workforce area. The selected sub-recipient(s) will be responsible for all youth direct client cost, such as training, work experience, supportive services, etc.

Criminal History Reports
The contract(s) that results from this RFP may contain a requirement that the contract(s) provide a current (within the past 12 months) and satisfactory criminal history report on all individuals working in any manner for the sub-recipient(s) if the individual will be providing services to workforce Clients. The criminal history report shall be deemed to be satisfactory if it contains no history of criminal offences which would be considered crimes which present a danger to Clients. These reports, if
required, must be submitted to the WIOA Fiscal Agent not less than 10 days prior to the scheduled beginning date of performance under the contract(s). If the reports are not submitted by that deadline, the contract(s) will be declared to be void and no payments will be made to the sub-recipient(s). The cost of the criminal history reports will be paid by the sub-recipient(s) and cannot be included in the contract(s) costs.

Program and Performance Measures

The use of population, employment opportunities, etc. should be used in justifying their proposal for staffing patterns.

The Board is not required to contract with the entity receiving the highest score as a result of the proposal review process. Proposals that do not meet minimum standards will be considered nonresponsive. Proposers that meet the minimum standards may be asked to make an oral presentation and answer questions about their proposal.

Minimum standards

Upon conclusion of the review process, the Proposal Evaluation Committee will authorize staff and the fiscal agent to enter negotiations. The Board has empowered the RFP/Evaluation Committee to make such a decision.

Evaluation

Proposals received subsequent to the deadline will not be reviewed and considered for funding. The signature page must be complete, signed, and notarized or the proposal will not be considered.

A proposal must receive at least 150 points to be considered for a contract. This does not mean that a proposal receiving a score of 150 points or higher will automatically receive a contract. A proposal receiving less than 150 points will be considered to be unacceptable. The total maximum points that can be awarded are 200. The following criteria will be used to evaluate all proposals.
