

OUR PLAN TO WIN

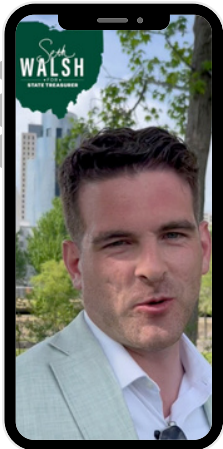

TREASURER OF OHIO CAMPAIGN PROSPECTUS
SPRING 2026

INNOVATIVE & DIGITAL FIRST

Our digital-first strategy is reaching targeted voters with messages that motivate them to vote for Seth and the Democratic ticket on November 3.

We're combining the best practices from start-ups, Fortune 50 corporations, and influencers to have **meaningful conversations** with voters.

Seth visited 25 counties in 90 days, where we're building a statewide team of **homegrown** political change-agents to organize communities across Ohio.

In the first 3 months of our campaign, we've reached **1.3 million views** and **584,000 individual Ohioans**.

If Seth Walsh for Ohio were a cable TV show, we'd have **more than a third of the number of views as Fox News** in Ohio. And we did for less than \$10,000.

Our campaign is proof that you can reach every corner of Ohio and earn real trust with unlikely and forgotten voters. **And the stakes are high.** We can't finish the campaign the way we've started without your support and your financial contribution.
