

CAN YOU IMAGINE A HOSPITAL THAT PROVIDES A SAFE HAVEN FOR YOUR PATIENTS?

A hospital room that can be disinfected by a patient at the push of a button.

UV ASEPT.3X
Patient Activated
Room Disinfector

A patient bathroom that disinfects itself.

UV ASEPT.1X
Automatic Bathroom / Utility Room
/ Equipment Room Disinfector

A sink without biofilm or risk of CPE outbreaks.

O3 SmartFLO_{cu}
Ozonated
Water Hand
Hygiene Sink

A toilet seat that reduces bacteria almost on contact.

Cu BioFree
Copper-coated
Toilet Seat

A mobile disinfection system that provides Log 6 reduction in just 5 minutes.

UV ASEPT.2X Mobile Room Disinfection

Dr William Rutala:

“Prevent all infectious transmission associated with the environment in 5 years via research/technology/automation/competency.”
