

About Us

Our Mission

To create meaningful experiences through events and engagements that connect cultures and celebrate community.

Culture Connect Group

Based in Pickerington, Ohio, Culture Connect Group was established in 2023 with a mission to create meaningful experiences through events and community engagement. Though the organization is young, our team brings deep roots and a strong track record—including ***Jazz In The Creek***, a signature event now in its 7th year, that showcases music, culture, and unity.

We are passionate about supporting community development by fostering spaces that celebrate diversity, inspire connection, and uplift local voices. Through creative programming and intentional partnerships, we aim to build bridges between cultures and strengthen the communities we serve.
