

UNIFORM GUIDE

2023-2024 Edition

OVERVIEW

Trinity Classical Christian School is committed to the uniform clothing of its students. This policy has four fundamental benefits.

First, uniforms prevent the application of subjective standards of dress in the classroom. Parents, students, and teachers know that the uniform meets the school's standard of modesty. Other classical schools that operate without uniforms have commented on the amount of time their boards spend on issues of inappropriate attire. Uniforms allow our board and staff to focus on academic concerns.

Second, uniforms positively influence education in the classroom. Trinity values a disciplined learning environment. Uniforms remove the potential distraction of attending to what clothing other students are wearing. A child learns that when he is wearing the Trinity uniform, he will be engaging in studious activity. Teachers have noted the advantage of uniforms in the instructional setting. The environment makes it easier for Trinity to complete its primary task - the education of children.

Third, uniforms encourage a community spirit, where individuality becomes governed by the good of the group. Uniforms turn attention away from individuals, freeing individuals to focus on serving others. Focusing attention on the needs of others sets our group of students apart from other schools and encourages each student to operate as part of a body, much like an athletic or military group identifies by common dress.

Finally, uniforms usually decrease the cost of clothing. Parents typically purchase two or three sets of uniforms to last through the school year. Uniforms can often be handed down to other children in the family or school. If parents are interested in purchasing or selling used uniforms, Trinity has a uniform consignment store.

PURCHASING

You may purchase approved items through another vendor such as Children's Place, Target, or Walmart. If you are in need of special accommodations please contact the school.
