50%

SELL MORE! EARN MORE! Choosing to "Allow Discount"

The final day of the sale is a very high volume day with lots of returning customers! Give your items one last chance to sell on the discount day. Consignors that plan to donate leftover items to the MeFine Foundation should "allow discount" on the last day.

When pricing an item, always ask yourself-"What would I be willing to pay?"

Is your item new? Does it still have tags? It's okay to go higher!

Large toys? Hot selling item? Like brand new? It's okay to go higher!

The prices listed are suggested prices only. Consignors have full pricing discretion.
