

# Three Rivers Equestrian Center, LLC Boarding Agreement, Exhibit B Coggins and Vaccinations

## COGGINS

NEGATIVE COGGINS TEST DATE: \_\_\_\_\_, attach copy.

## REQUIRED VACCINATIONS

1. 4 OR 5 WAY VACCINE - (Eastern/Western Encephalomyelitis, Tetanus & Influenza) 2 injection series followed by annual booster.
2. RHINOPNEUMONITIS - 2 injection series followed by annual booster.
3. WEST NILE- 2 injection series, followed by annual booster, may need every six months, depending on environment. While not directly transmitted horse to horse, would be required for overall barn health.

IF HORSE HAS NOT BEEN VACCINATED WITHIN THE LAST 12 MONTHS, ALL OF THE ABOVE ARE TO BE GIVEN AS SOON AS POSSIBLE AFTER ARRIVAL.

4. Influenza and RHINOPNEUMONITIS are to be given every 3 months when horse is in contact with any outside horses (horse shows, breeding farms, etc.).
5. POTOMAC FEVER - 2 injection series followed by one annual booster. Only required of horses in contact with horses outside Central Oregon (horse shows, breeding farms, etc.).
6. STRANGLES Optional vaccination; Mandatory if local outbreak. Intra nasal vaccine (2 series followed by one annual booster).
7. RABIES - Optional vaccination; Mandatory if local outbreak.

EACH HORSE'S HEALTH PROGRAM SHOULD BE INDIVIDUALIZED FOR THEIR PARTICULAR NEEDS. WE RECOMMEND ANNUAL DISCUSSIONSWITH YOUR VETERINARIAN AS TO ANY PERSONAL NEEDS.
