

## HOUSE RULES

1. Please inform us if there is anything that needs our attention, inside or outside of the house (i.e. lawn service, fallen tree branch, any damage outside, or inside, of house).
2. Always treat neighbors with kindness and respect. If they need help with anything, or you need something from them, please refer them to your host.
3. Always keep noise to a minimum when outside of the house.
4. Please observe the trash days, and do not forget to put the trash out at the curb by 7am on those days. All trash must be **BAGGED**, and not loose in the bin.
5. Only park in designated areas as pre-determined by your host and/or city ordinance.
6. **Only guests listed on the reservation may be on the property at any time, regardless of length of time, unless approved by the host.**
7. The best way to keep bugs, such as roaches, ants, & moths, out of the house is to keep the house clean at all times. Please keep floors clean and counters wiped down.

### **Pet Rules:**

1. Use provided pooper-scooper to pick up waste outside.
2. Indoor pet accidents must be cleaned up immediately to prevent staining and lingering odors.

- 
- 
3. No dogs allowed in the pool, or spa, unless with a doggy swim pass purchased from your host.
