Giftgng Your Life Insurance Policy

A life insurance policy that has fulfilled its original role can still make a powerful difference by becoming a lasting gift to a cause close to your heart, like OMEF.

Big Impact at a Modest Cost

Turn a modest investment into a significant future gift. With a paid-up or new life insurance policy, you can make a meaningful contribution without affecting your current financial situation.

Immediate Tax Advantages

When you name OMEF as the owner and beneficiary of a policy, you may qualify for an immediate income tax deduction—often equal to the policy's fair market value or the premiums you continue to pay.

Reduce Estate Taxes

A properly structured life insurance gift can reduce the size of your taxable estate, potentially lowering estate taxes and leaving more for your loved ones.
