as we support

OPERATION SHOWER™

Operation Shower™ is a 501(c)(3) non-profit organization

Operation Shower's mission is to ease the stress of deployment by hosting joyful baby showers for military families across the country. The baby showers provide expectant military families with items for their babies while recognizing all that they do for our country. They reach these families in two ways: group baby showers or the "BIBB" program. Group baby showers give military moms and moms-to-be a chance to celebrate together. They show these amazing women love and appreciation. The BIBB program was created to help reach as many military moms as possible. Through this program, they work to honor the military moms they cannot reach with a group baby shower by send a very special box filled with lots of love.

American Legion Auxiliary Unit 1038, in Valhalla, NY, will once again support Operation Shower™ by knitting, purchasing and collecting new baby items.
