

# IBC TOTE LINER

IBC Tote Liners manufactured by MBZ Industries. Specifically designed for bulk liquids shipping. The liners have a capacity of 2000 to 2500 pounds and are constructed of polyethylene (LLDPE), specially formulated for durability and resistance to corrosion. We also offer 2000 Lb. cardboard totes.

These liners are ideal for a wide range of industries, including chemical, agricultural, food and beverage, and more.
