# Job Costing Simplified

Dapt intelligently connects the three pillars of job costing -
Accounting, Time Tracking, and Payroll - to give you the
up-to-date insights you need to grow your business.

" *It works! It's just as beautiful as a work of art*

– Betsy, SROA

*Time Tracking · Accounting · Payroll*

dapt

*Invoicing is so much better - less than one hour rather than all day.* "

– Stephanie, AMS Temporaries

## Payroll Processing Simplified

- Complex overtime rules including CA Labor Laws
- Shift Differential
- Piece rate, Bonus, and Commission calculations
- FLSA (weighted) overtime handling
- Multi-jurisdictional taxation
- Prevailing wage
- Reimbursement handling
- Non-standard shifts (4/10, 3/12, Overnight)
- Planned/Projected Hours
- Hourly earnings for salaried employees

## Job Costing Connected

- Job/project names in plain English – No more cryptic, multipart job numbers
- Stay up-to-date with data from payroll as it runs

## Accounting

- Certified Payroll
- Government Contract Accounting
