

# Time tracking for restaurants

## QuickBooks Time

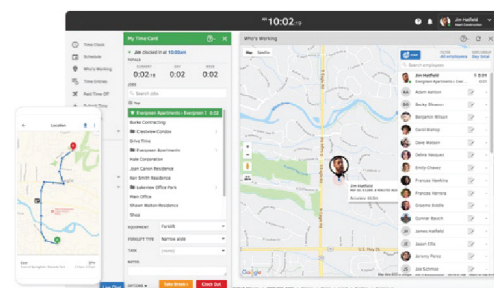

on the same page.

Combined with simple time tracking, online scheduling allows managers to create and publish employee schedules and instantly notify employees of important changes. Update schedules from anywhere, using the mobile app.

QuickBooks Time features overtime alerts, so managers and admins know who's about to run into it. QuickBooks Time also calculates overtime for multiple jobs and pay rates, ensuring employees are paid correctly and helping your business remain compliant with minimum wage and overtime laws.

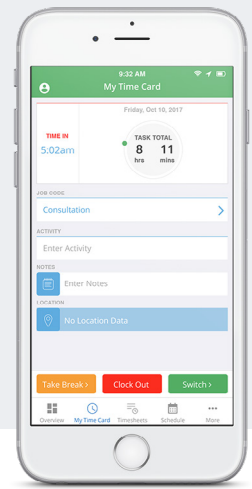

The QuickBooks Time's Who's Working window shows each employee's status in real time, giving managers greater visibility into who's on the clock and what they're working on. Employers can make corrections to the schedule accordingly, while employees enjoy greater accountability and efficiency.

# Easy, accurate schedules and timesheets

Reduce labor costs and save 4% on payroll<sup>1</sup>

Incorporate QuickBooks Time into your restaurant systems for simple, accurate scheduling and time tracking. QuickBooks Time even syncs with top-rated accounting systems, to streamline time tracking and payroll.

## Features for your restaurant

### Mobile Scheduling

Create or edit schedules from any device, and send notifications to your employees to keep them in the loop. Real-time alerts reduce missed shifts and miscommunications.

### Kiosk Time Clock

Employees can clock in and out from a single location with a tablet-optimized time clock. Photo capture curbs time theft and buddy punching.

### Who's Working window

See who's on the clock, how long they've been working, where they're working, and what they're working on.

### Overtime Management

Receive notifications when employees approach overtime hours.

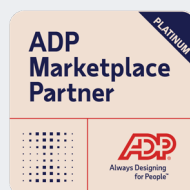

*"An amazing tool and very user-friendly. It is exactly what our company needs for a remote/mobile electronic time clock, job tracking, and on-the-fly scheduling reassignments. Thank you for developing such an efficient business asset!"*

- C. McCleese, QuickBooks Time customer
