

Go4 Made In America Sponsorship Listings for 2019

Mobile Marketing via our "Go4 USA" Mobile App

Thank you for your interest in joining our Coalition as a "Go4 Sponsor". You will find details of our sponsorship package tiers in the next several pages, each are for a 1-year period paid annually.

Our Company's focus is promoting "Made in the USA" Products, the Manufacturers who make them and the Retailers that sell them. We put the "Made in America" movement literally into the hands of Consumers. Using our "Go4 USA" mobile app, users can search our online database from their home, office, favorite coffee shop, a mall, or anywhere while *on-the-go*.

Consumers can search for American-made Products, learn who makes them, and most importantly find out WHERE they are available for sale...all in the *palm-of-their-hand*. Products they are interested in at a local or online Retailer can be placed into a shopping list for easy retrieval for a later purchase. Information about Products, Manufacturers and Retailers they like can be shared with their Family & Friends via social media (or text or email), with just a few "taps" on their mobile device!

"Consumers are not in the 'Made in America' Movement, they ARE the Movement!"

Directory Listings

Our Company Directories have no annual fee. Each listing includes an icon (logo if available), company name, address, phone number, and website. But if you take advantage of one of our Sponsorship packages, your listing stands out from your peers and can be displayed in more than a single Directory category.

All sponsorship tiers add...

- Sponsorship *medallion* (**BRONZE, SILVER** or **GOLD**) in our mobile app directory listings
 - ⇒ for Manufacturers, all Product listings also include their sponsorship *medallion*
- Company logo (must be provided to us), and listing in "Sponsors" scope of our mobile app directories
- Display in "Sponsors" section of our "Coalition" page on www.Go4MadeInAmerica.com (includes company name, logo linked to your website, and biography)

About Us

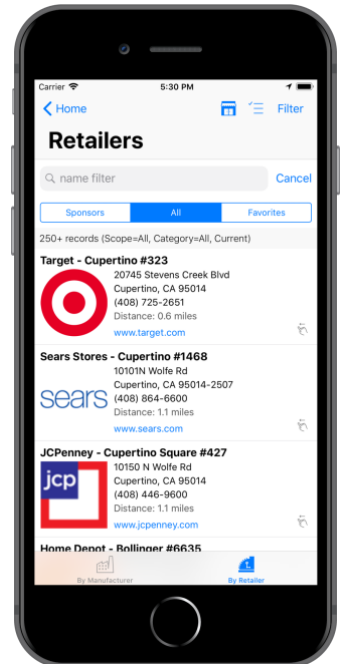

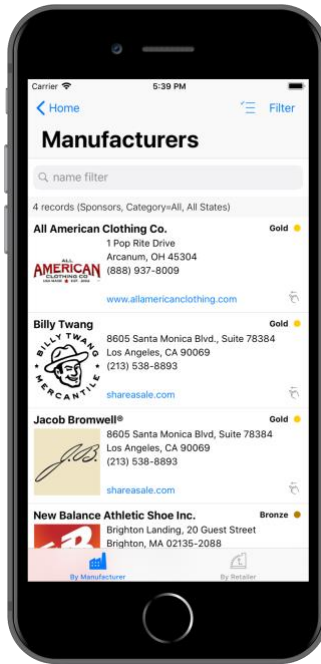

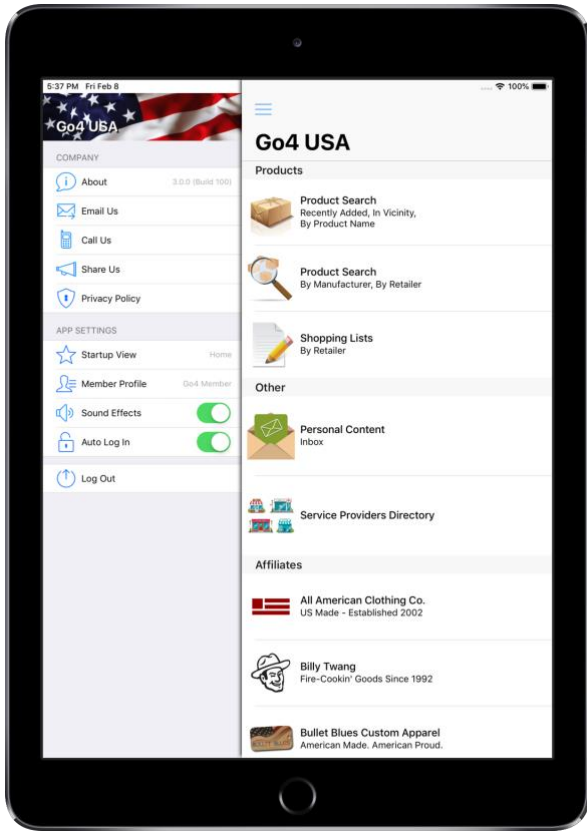

Our mission started in late 2011, but our motivation to get involved in the "Made in America" Community was stirred years earlier with our own shopping frustrations finding American-made products at our local retailers. Because of our passion for technology, we wanted to create a mobile solution to help Consumers find - and help others find - products proudly bearing the "Made in USA" label. We invested in the tools and technologies necessary to develop solutions for mobile devices, and that effort resulted in the creation of our first "Go4 USA" mobile app, released December 11, 2012. Our current v3.0.0 update released in February 2019.
