### Hybrid Sensor

The OAM-DUAL series provide safety around the door and through the threshold at the same time.

The microwave detection area guarantees comfortable opening at all times.

## BLUE ZONE Technology™

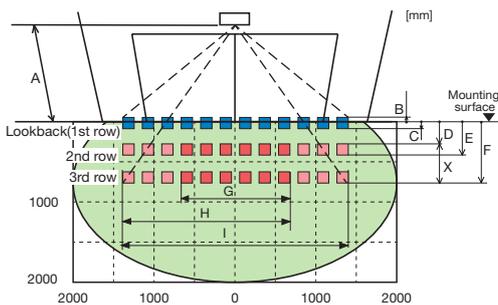

The "BLUE ZONE" is unique and is setting the trend for automatic door threshold safety. The "BLUE ZONE" provides the ultimate threshold coverage that adds value to the end user. Optex is focused on being better and presenting the "BLUE ZONE" technology matches our commitment to leading the industry with providing safety in the threshold.

\*This feature is intended to improve the safety, it does not guarantee the prevention of accidents.
