FOOTNOTES

- All shroud panels included with choice of colour
- Varies with user weight, terrain type, battery amp-hour (AH), battery charge, battery condition and tire condition. This specification can be subject to a variance of (+ or -) 10%.
- Battery weight not included.
- Due to manufacturing tolerances and continual product improvement, this specification can be subject to variance of + or - 3%.
- 12 AH battery pack weighs 18 lbs.
- Durable solid plastic.
- Light package.
- 18 AH battery pack weighs 28 lbs.
- Tested in accordance with ANSI/RESNA, WC Vol 2, Section 4 and ISO 7176-4 standards.
- Results derived from theoretical calculations based on battery specifications and drive system performance. Test conducted at maximum weight capacity.
- Includes pathway illumination light.
- Battery weight may vary based on manufacturer.
- Width of base (not including seat).
- Does not account for anti-tip clearance.
- Includes standard seat weight.
- Option available through most providers. Not available through Pride Mobility®.
- Optional.

The information contained herein is correct at the time of publication; we reserve the right to alter specifications without prior notice. Speed & range vary with user weight, terrain type, battery charge, battery condition and tire pressure. Due to manufacturing tolerances and continual product improvement, length, width, turning radius and ground clearance can be subject to variance of + or - 3%.
